Practically all of the Bennington attorneys are in Manchester today for the opening of the June term of county court. It is probable that the session today will be consumed with the calling of the docket and the setting of the cases for trial. It is understood that the state cases will be called before the civil matters and that the first to be heard will be that of state vs. Carpenter, an alleged statutory offence.

There is only one thing that beats a good wife, and that is a bad husband.

It's a certain sign of convalescence when a patient begins to make love to his nurse.

To be reverential to a woman who is in love with you is to provoke anger and tears.

If you are always putting by for a rainy day you'll have no time to enjoy the sunny ones.

If one could peel off the angelic expression of the most saintly woman one might be astonished to discover how simple, direct and like the most primitive woman she is.—Chicago American.

**STARS AND STRIPES**

Flattery is a fault that is easily cured by marriage.

With women kisses are always more effectual than arguments.

If a woman smells a rat she sets a trap for her husband.

Love makes the world go round, and that is what makes us all giddy.

Dead widows tell no tales. Their bosom friends do it for them.

Men wear clothes as a defense—women for the purpose of attack.

Flattery is the best cure for a stiff neck. It will turn almost any head.

**MUSINGS**

Half the things people say are regretted later.

Many a man butts into society and gets butted out.

The woman who drives a man to drink has no need of a whip.

Every knock one man gives another is intended for a boost for himself.

Happy marriages usually result when love is mixed with a little common sense.

When a man is weighed by others he is usually found wanting to dispute the figures.

**Bismarck's Unique Park.**

Bismarck, the capital of North Dakota, is to be congratulated upon its plans for the construction of a historical park, adjacent to the state-house. It is proposed to employ 15 acres, a feature being a replica of a Mandan Indian village of pioneer days, with other appropriate historical elements. This is an exceedingly commendable idea and its originator is to be felicitated upon it. In various museums Indian relics are preserved, but nothing is recalled which is comparable to the village symposium carried out as proposed.—St. Paul Pioneer Press.

**INGROWN TOE NAIL TURNS OUT ITSELF**

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrown nail reduces inflammation and pain and softens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost overnight.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing direc-

**"Gone to the Dogs."**

The ancient Romans called the ace in dice "caus," the Latin word for dog. To them three aces was to lose the pot in their gaming, whence came the saying "gone to the dogs" as a synonym for ruin or bad luck. The expression "dirty dog" means one morally filthy; one defiled with mere skin dirt is called a "dirty pig." Our literature is sprinkled with reference to the dog, many of them highly complimentary.
