

# Be Proud of Your Kitchen Make your kitchen bright and beautiful with the shining cleanliness of "Wear-Ever" Aluminum Utensils

"Wear-Ever" Aluminum utensils are made from thick hard sheet aluminum which has been pressed under enormous rolling mills and pounded by huge stamping machines. Only the strongest, best metal can stand such tremendous pressure—and that is the kind you get in "Wear-Ever" Utensils. They are made without joints or seams or places for food to lodge—no coating to chip off or pure and safe. Their wonderful durability saves the expense and annoyance of continually buying new cooking utensils.

## KENTUCKY GIRL WRITES LETTER

### How She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Sunnyside, Ky.—"I suffered for more than two years with my back and nervousness, and was not able to help my mother do the housework. I took treatment from two doctors and they did not do me any good. Mother saw Lydia E. Pinkham's Vegetable Compound advertised in the paper and I took about ten bottles. It has done me a great deal of good. I weigh 138 pounds and am in good health. I will gladly recommend Vegetable Compound to anyone who suffers with the troubles which I had, and you are welcome to publish my testimonial."—VELMER HENDRICK, Route 1, Sunnyside, Ky.

To many American girls life is often a heavy drag in consequence of illness, and every mother should heed the first manifestations, such as cramps, backaches, headaches and nervousness as Mrs. Hendrick did for her daughter, and give Lydia E. Pinkham's Vegetable Compound a fair trial. For over forty years this old-fashioned root and herb medicine has been relieving women of just such troubles.

Write Lydia E. Pinkham Medicine Co., Lynn, Mass., about your health.

An Appreciated Auditor,  
"Your small boy asks you a great many puzzling questions."  
"He does," rejoined Senator Sorghum. "But it's a relief to go home and listen to him. He always believes I am giving him the correct answers, which is more than I can say for my constituents."

## DENONCES DRY ACT

Medical Association Head Says Prohibition Makes Drunkards

Atlantic City, N. J., June 23.—An urgent appeal that the medical profession unite in an effort to repeal the Volstead act was made by Dr. Wallace Fritz, of Philadelphia, president of the Allied Medical Association of America, in an address at the annual convention of the organization.

He declared the prohibition law was a curse and made more drunkards than the old laws did. He continued: "The precedent established by the Volstead act restricts medical practice. The medical profession should not permit itself to be placed in a position before the world as a liquor salesman for drug stores and saloons."

What benefit has the public derived from the enactment of the prohibition law? From general observation it has been a curse to the manhood of our country. It has taken away pure liquor and beer and has substituted poison and deleterious liquor and beer. It is teaching the public to see redly drink behind closed doors and get drunk. It is causing gambling and immorality in the homes. It is causing death after death of the innocent people. It is causing blindness by the scores.

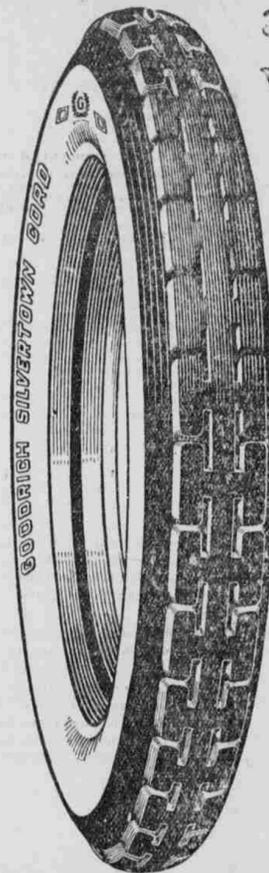

Are we physicians going to make a stand for the good of the public health and our country, or are we going to sit quietly and suck our thumbs? We must decide which is the greater evil from a medical standpoint, prohibition or home brew, or the free use of light wines and beer properly distilled and brewed under government standard?

"Motor Tours in Vermont," a new

booklet issued by the State Publicity Bureau, of which Secretary of State Henry A. Black of Montpelier and Walter H. Crockett of Burlington are in charge is just from the Capital City Press, Montpelier, and will be circulated at once. The booklet is one of the most attractive ever issued by the publicity department. It contains 63 pages and a comprehensive supplement of road maps, covering practically every section of the state. In the book are 33 of the finest illustrations of Vermont scenery which has been put out in a long time, many of them full page pictures.

The farm building and outbuildings on the farm of Jay Lewis in Jericho Center were destroyed by fire recently, the blaze starting in an over heated stove. The property loss is about \$4,000, the fire being so hot and spreading so rapidly that it was possible to get out very little furniture and no clothing. The corn barn also burned. The building left standing was the cattle barn.

## DON'T WASTE TIME

It's a waste of time to experiment with liniments and plasters when you have a dull, throbbing backache or sharp, stabbing twinges. Get after the cause! Help the kidneys with Doan's Kidney Pills. Read this.

Fred Bevis, S. Branch St., Extension, Bennington, says: "Three years ago I became ill with my kidneys. I had sharp pains in my back which pained so bad that after working a short while I would have to go to bed. When I stooped over it made me shiver with the pain. Two or three times at night I would have to get up to pass the kidney secretions which burned and were painful in passage. I also suffered with severe headaches and nervousness. Very often little specks appeared before my eyes. I tried a couple of other remedies but they didn't help me so I decided to use Doan's Kidney Pills. After taking three boxes I found my trouble had about left me and at the end of the fourth box I was entirely cured. I highly recommend Doan's Kidney Pills."

Huck Finn was considered 'harmful.' It is interesting to remember when one sees "Adventures of Huckleberry Finn" listed as one of the 30 books necessary for all-around culture by the New York public library, that when the book was new, some 25 years ago, the Boston public library and others about the country refused to place the book in the circulating departments. The reason, as published, was that the book would be harmful to the youthful mind.—Milwaukee Journal.

According to Conspicuousness. Jud Tankins says that if conspicuousness were a sign of merit the man who plays the bass viol would invariably be the best musician in the orchestra.

## GROWING DEAF WITH HEAD NOISES? TRY THIS

If you are growing hard of hearing and fear Catarrhal Deafness or if you have roaring, rumbling, hissing noises in your ears go to your druggist and get 1 ounce of Perminol (double strength) and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrhal Deafness or who has had noises should give this prescription a trial.
