The Fresh Air Children will all return to New York, Wednesday afternoon, August 17, at 3:25. People who are entertaining the children are asked to provide them with lunches, as they will not reach New York until 3:35. The children should all be at the station at 3:19. In order that the committee may have no difficulty in starting them off. There will be 24 children to take the train here and 13 more at North Bennington.

The flower show is to be held Saturday of this week, August 20, in the Y. M. C. A. gymnasium. It will be open from 2 until 10 p. m. Every one making entries is asked to send their flowers some time during the forenoon. Each exhibitor should send a card with their name plainly written and enclosed in an envelope to be placed with each entry which they make. People employed in the stores should plan to stop at the Y for a few minutes going to or from their work.

DON'T BLAME THE CHILD
Don't scold your children for lack of control over the kidney secretions. It is not always the children's fault—in many cases it means weak kidneys and can be readily righted. Read this Bennington mother's advice.

Mrs. James McGurn, 506 Gage St., says: "I am a strong believer in Doan's Kidney Pills and can't recommend them too highly. Several months ago my small son nearly four years old was having a lot of trouble with his kidneys. The child did little or no control over the action of his kidneys at night. During the day he suffered from this weakness and caused me a lot of extra work. I was advised to give the youngster Doan's kidney Pills and am glad that I took the advice. A few of Doan's relieved him and one box completely cured him of all symptoms of the trouble."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McGurn had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Vermont will not get a hospital for the care and treatment of disabled service men of the World war, the choice of a New England location having fallen upon Rutland, Mass. Property owned by the late Joseph Batell in Middlebury had been offered for the purpose, and a delegation of Vermont people went to Washington some months ago to press Vermont's claim.

Walter Granger of Rutland, paleontologist accompanying the American Museum of National History expedition to central Asia, writes home that he attended a Chinese feast of 17 courses in Shanghai but he hopes to get a cook who understands white man's food. According to Mr. Granger there is too much grease in native food, besides shark's fins, pig skins and chicken's feet. He thinks he can get along very well without those ingredients.

At least six houses in Rutland were broken into Thursday morning, in nearly every instance screens being moved or cut. Mrs. Lester Pier, in one of the houses, was awakened by a touch on her chest and her awakening caused the intruder to flee. In most cases the loot was small. Police suspect two negroes who had been seen about town recently and who claim to have been connected recently with a tent amusement company that has been showing in northern Vermont.

ENJOY YOUR MEALS AND EAT WHAT YOU LIKE
How often you meet people who are continually worrying about what they can eat, and what they cannot eat. Thousands suffer so much from stomach troubles that they have to abstain from eating almost everything they like. To all who are thus afflicted, we would urgently recommend them to try nature's remedy, SEVEN BARKS. It will promptly set the stomach to rights, promote healthy action of the organs of digestion, and enable you to eat your favorite dish without unpleasant after effects.

Indigestion, trouble with the kidneys or liver, makes you very dependent and feel that life is not worth living, and you often feel that you would be willing to go without riches if you could only be well again. The small sum of 60 cents invested in a bottle of SEVEN BARKS and take from 10 to 20 drops in a little water after meals, should put you on the road to recovery and good health.

SEVEN BARKS is not a cure-all, but it has been a very reliable stomach, liver and kidney remedy for nearly fifty years; it is made from the extracts of different kinds of roots and herbs, scientifically blended.

Leading druggists sell SEVEN BARKS, don't fail to give it a trial.
