## POMP AND DIGNITY MARK WEDDING OF PRINCESS MARY

Ceremony at Westminster One of Impressive Grandeur

## OVATION BY BIG CROWDS

Many Americans Crossed Atlantic for Glimpse of Great State Function

London, Feb. 28 (By the Associated Press)—Princess Mary, only daughter of King George and Queen Mary, was married today to Viscount Lascelles with a pomp and dignity befitting a royal wedding.

The ceremony began at Westminster Abbey at 11.30 o'clock this forenoon and soon thereafter the couple were pronounced man and wife while the chimes in Westminster rang out the happy message and the vast crowds gave tumultuous greetings.

The scene of the ceremony within the historic walls of the abbey was one of impressive grandeur with the king and queen and the entire royal household participating, and with all ranks represented in the brilliant assemblage, while outside the abbey enthusiastic popular homage was accorded the royal pair.

The long waited day found London crowded with excursionists from all parts of the British Isles and from the continent. Americans were in evidence by hundreds, having made the voyage across the Atlantic to obtain a glimpse of the great state function. Hours before the 2500 guests began to assemble in the abbey there was an overflow of humanity in every street transverse the route.

## FIFTEEN CUSTOMERS WATCH GROCERY HOLDUP

Women Screamed but Were Informed that They Were Not to Be Molested.

New York, Feb. 28.—Three bandits with the traditional physical dimensions—two short ones and a tall one—entered the grocery store of H. C. Bohack & Co. in 3005 Fulton street, Brooklyn, last night at 8:30 o'clock and furnished revolvers at the fifteen women customers, two men customers and managers and clerks.

The tall bandit was the polite one of the three, and when some of the women began to scream he reassured them.

"Don't holler, Madams," he said. "We will not bother you."

He then took up his post in the doorway, while the short bandits, who wore caps and light overcoats, advanced further into the store. They pointed pistols at the two managers, William Neiwober, 440 Evergreen avenue, and Henry Hen of 1827 Catapa avenue, both of Brooklyn, and ordered them to stand against the wall with their hands in the air. This they did, as did the two men customers and three clerks.

Then the bandits opened the cash register and stuffed into their pockets all the bills and coins it contained, an amount estimated by Neiwober as being \$300 and \$500. No effort was made to rob customers or managers of their personal belongings. After robbing the register the bandits backed out, bowing, and escaped in an automobile which they had left at the corner of Linwood street.

## FROM GIRLHOOD TO WOMANHOOD

Woman Relied Upon Lydia E. Pinkham's Vegetable Compound

Emporia, Kansas.—"I began using Lydia E. Pinkham's medicines years ago when I was a girl. For several years I had severe pains at menstrual periods, making me very weak and interfering with my regular duties. I tried several remedies without obtaining relief. I was induced to try Lydia E. Pinkham's Vegetable Compound by friends and it restored me to normal health. I often have occasion to recommend your Vegetable Compound to my friends who have troubles similar to my own. You may use these facts as a testimonial."

There are many women who first used our Vegetable Compound during their girlhood days. They found it a valuable help during trying periods. In later years they use it whenever they feel those annoying symptoms which women often have.

Lydia E. Pinkham's Vegetable Compound is a woman's medicine. It is prepared carefully from the best quality of medicinal plants, whose properties are especially adapted to correct the troubles women have.

## MORSE, THREE SONS AND EIGHT OTHERS INDICTED

Accused of Conspiracy to Defraud Fleet Corporation

## \$10,000 BAIL IS REQUIRED

Shipbuilder Blames Daughtery and Declares Action Is "Terribly Unjust"

Washington, Feb. 27.—Charles W. Morse, New York shipbuilder, his three sons, Edwin, Benjamin and Harry Morse, and eight others alleged to have been associated with him in connection with war time shipping contracts, were yesterday indicted by the Federal grand jury on charges of "conspiracy to defraud" the United States and the Emergency Fleet Corporation.

Those indicted in addition to Morse and his sons were:

Colin H. Livingstone, former president of the Virginia Shipbuilding Corporation, and President of the Boy Scouts of America.

George M. Hurditt, attorney for the Morse interests, especially the United States Transportation Company, Inc.

Nehemiah H. Campbell, of New York, assistant treasurer of the United States Transportation Company, Inc.

Rupert M. Much, Augusta, Maine, assistant treasurer Virginia Shipbuilding Corporation.

W. W. Scott, Washington, D. C., attorney for Virginia Shipbuilding Corporation.

Philip Remhardt, auditor for United States Fleet Corporation at Alexandria, Va.

Leonard D. Christie, treasurer Virginia Shipbuilding Corporation.

Robert D. White, assistant treasurer, Gordon Iron Works, and president of the United States Transportation Company, Inc.

Two individuals were returned both covering identical transactions and accused of the same persons. One charged a conspiracy to defraud the United States, and the other a conspiracy to commit an offense against the United States by defrauding the United States Shipping Board.

United States attorney Peyton Gordon, it was stated, will require the defendants to appear in the District of Columbia court for arraignment when they can be released under \$10,000 bond in each case.

In a statement issued after the indictments were returned Mr. Morse charged that the indictment, which is terribly unjust, as will be proven later, I believe was secured because of personal feeling against me on the part of Attorney General Daughtery and certain present officials of the United States Shipping Board.

Mr. Morse's attorney, Wilton J. Lambert, said that indictments against Mr. Morse and his associates "would never have been returned had they been permitted to appear before the grand jury," and that the defendants all will be promptly acquitted as soon as the "real and actual evidence" is presented.

## JACKSON RAPS MOODY FOR ANTI-BONUS SPEECH

Former Head of American Legion Charges College President with Evasive Statements.

Burlington, Feb. 28.—Major N. Nelson Jackson, former head of the American Legion, a veteran of the World War and an ardent advocate of adjusted compensation for world-war veterans, has addressed the following open letter to President Paul Dwight Moody of Middlebury college, taking strong exception to a recent address in which Dr. Moody said to have opposed the plans of the Legion for a bonus plan.

In the Burlington Free Press of Thursday morning, February 11th, I was indeed surprised to note under glaring headlines, "President Moody as a Legionaire is against Bonus."

Mr. President of Middlebury college why didn't you as a legionaire call it by its true name, "Adjusted Compensation?"

Have you studied the history of the adjusted compensation legislation? I think not, or you would have been frank and given your audience the true nature of the bill.

May I for your benefit and your misguided friends quote the provision of the bill as it passed the House of Representatives, as briefly as follows:

"Sec. 3. Each veteran shall have the right to avail himself of any one, but only one, of the following plans:

1. Adjusted pay, at the rate of \$1 a day for home service and \$1.25 for foreign service. Maximum of \$500 for man without overseas service; \$625 for man with overseas service.

2. Adjusted service certificate (insurance) as per Law of 20-year endowment policy. The face value of this policy will be 3 1/2 times the amount that would be received in cash. The face value of this policy would be payable to the veteran at the end of 20 years, or if he dies before the expiration of 20 years the face value would be paid to the beneficiary of the policy. Loan values also are provided for.

3. Vocational training aid of \$125 a day while taking a course in vocational training. The amount thus paid in no case would exceed 140 per cent of what would have been paid in cash.

4. Farm or home aid 140 per cent of what would be paid under option number 1 if the money is used to purchase, improve, or make payments on approved farm or city or suburban home.

5. Land settlement.

(a) Provides for the establishment of reclamation projects for the development and improvement of vacant and arid. This may be government land or may be land purchased by the government. If possible projects will be located in each state, the state paying part of the purchase price of private lands bought for this purpose. Ex-service men to be employed on the project as far as possible.

(b) Provides for the sale of farm units on these projects when they are ready for settlement. Sale price to include purchase price of land plus cost of improvements.

(c) Veterans may have their adjusted service pay applied at first payment of land.

This is not a cash bonus measure and you know it. Why didn't you say so?

You do know, and if you do not, you ought to. That a substantial majority of the Congress had expressed themselves as favoring the immediate passage of the measure, and due to the skillful machinations of certain arth war profiteers and subversive politicians led by Andrew Mellon, secretary of the treasury, the temporary defeat of the American Legion plans has been accomplished.

You know that this case furnished an excellent example of where a small group of financial interests have defeated the will of the majority of the people. You know that wherever a popular vote has been taken on the matter of adjusted compensation, it has always been endorsed by large majorities. Have you seen a tabular statement of the huge war contracts awarded two concerns dominated by Secretary Mellon?

Billions for defense, but not one red cent for the men who fought and won the war while the stay-at-homes were making huge profits and drawing fat wage envelopes.

This summarizes the attitude of opponents of the adjusted-compensation measure. They are all classified under the head of the United States Chamber of Commerce, National Manufacturers' association, and other allies of Secretary Mellon, of the treasury department, to whom reason and justice makes no appeal.

Despite the fact that the allied

## TEXTILE STRIKE ATTAINS CLIMAX THIS AFTERNOON

Mill Owners and Operatives Must Answer Board Appeal

## UNION HEADS STAND PAT

Will Attend Meeting Insisting That Original Demands Be Granted

Providence, R. I., Feb. 28.—A climax to the textile strike which has closed many cotton mill in Rhode Island for five weeks it was expected would be reached this afternoon when strikers and mill owners alike must reply to the final appeal of the state board of mediation and conciliation.

The board's appeal called for an immediate resumption of work on the part of the strikers and the acceptance of Judge J. Jerome Hahn as sole arbiter of the wage dispute.

Beginning with a flurry of snow, which kept many strikers indoors yesterday was quiet in both the Pawtucket and Blackstone valleys. Rumors that the mills in the Pawtucket valley would be reopened yesterday morning to those employees who were willing to return to their jobs on the basis of a 20 per cent reduction in pay called forth pickets to all mill approaches. Lines were formed during the early hours of the night but dwindled away in the morning as the strikers saw no smoke in the big mill chimneys.

Pawtucket valley strike leaders met with the executive committee of the Amalgamated Textile Workers yesterday to frame the union's answer to the state board. At the close of the meeting William D. Herriek, national organizer for the Amalgamated, said the union would not make public its attitude on the arbitration question until it was announced to the board at the state house today. He said that the union was "standing pat on its original demands" and added "we will attend the meeting in the same spirit of conciliation that we have shown thus far, notwithstanding that the board has appointed without any consultation being held with representatives of the Pawtucket valley strikers."

A secret meeting of the executive board of the United Textile Workers was held in Pawtucket but no public announcement of its decision was made.

## CLEMENCY FOR AGED WOMAN MOONSHINER

Mrs. Smolensky, 72, Believed to Have Reached Record Age among Female Illicit Distillers.

Springfield, Mass., Feb. 28.—Mrs. Rebecca Smolensky, aged 72, of 8 Hebron street, believed to be the oldest woman moonshiner in the United States, was brought before United States Commissioner J. L. Rice yesterday on a charge of illegal manufacture of intoxicating liquor. A disposition that amounted to probation was made in the case, the commissioner accepting a plea of not guilty and confining the case for two months.

Mrs. Smolensky was deserted by her husband over two months ago. She kept boarders for a while and then they left her. She had seen other people making a living from manufacturing moonshine and hit upon this scheme of supporting herself. She is a recent immigrant, speaks no English, and it was agreed to be quite possible that she did not understand how serious an offense she was committing in a country where intoxicants are taboo.

In disposing of the case the commissioner made it clear that the woman must discontinue her activities as a violator of the Volstead act. If it appears two months hence that she has profited by the warning the case will be again continued.

## N. E. MILK PRODUCERS CALL OFF BIG STRIKE

Agreement Has Been Reached with D. Whiting & Sons, Boston Distributors.

Boston, Feb. 28.—The New England Milk Producers' association last night called off its "strike" against one of the large Boston distributing companies (D. Whiting and Sons) to which its members have refused to ship milk since January 21. The company agreed to pay the producers the butter fat value of surplus milk, the point over which the dispute arose, for the 20 days of January in which the producers shipped to it and for March and April. Shipments will be resumed on March 1.

It was agreed that a commission of 13 should be established to consider the whole question of milk distribution in New England. Its findings are to be made public by May 1, but are not to be binding on either side. The commission is to consist of the commissioners of agriculture of Maine, New Hampshire, Vermont, Massachusetts, three men to be appointed by the dealers, three by the producers and one each by the governor of Massachusetts, the mayor of Boston and the mayor of Cambridge.

New York, Feb. 28.—A row and fist fight developed yesterday at the investigation into school history books which is being conducted by Commissioner of Accounts Hirschfeld.

Thomas P. Trott, secretary of the Star Spangled Banner Association and a Civil war veteran, accused Francis Koppicutt, lawyer, of being a British propagandist, whereupon the lawyer retorted that the veteran was a Sinn Feiner; and so were a lot of others at the hearing. Bang! Went the veteran's fist against the lawyer's mouth. Whizz! Came the lawyer's sturdy right Mr. Trott ducked it. Spectators then separated them.

## YMCA OPERATING FUND CAMPAIGN WELL ON ITS WAY

Opened Last Evening at Auxiliary Supper

## JOHN F. MOORE SPEAKER

Generals, Captains and Workers Appointed for \$6500 Drive

The campaign for \$6500 recently heralded by the Y. M. C. A. was successfully launched at the building last night by a social event in the form of a supper given by the Ladies' Auxiliary to more than one hundred invited guests, John F. Moore of New York city being the guest of honor.

A splendid organization has been perfected and with a determined effort and the generous spirit for which Bennington is noted, the goal should be reached within the prescribed time, which is Friday, March 3.

Mr. Moore spoke of the origin of the association and of the qualities that have characterized it through the years; he emphasized its fundamental Christian purpose and the practical nature of its four-fold program. In referring to the youth of the organization Mr. Moore spoke of having personally met within the past few years one of the founders of the first Young Men's Christian association established in London, England. This veteran was a monogamian but as keenly interested in the Young Men's Christian Association as he was when with George Williams and a few others he shared in the birth of this great modern movement.

Illustrating the practical service rendered, the speaker related several instances drawn from his secretarial experiences and stressed the need and value of Association work for boys told of a recent meeting in New York city attended by head masters of leading preparatory schools. In the course of discussion at this meeting one noted head master made the observation that in his forty years of experience with boys in a great school he had been depressed by noting among his pupils a lessening reverence for home, church and womanhood. Mr. Moore submitted striking statistics illustrating the marvelous growth of the Young Men's Christian Association during recent years and prophesied an even greater growth for the movement within the next decade or two.

Luncheon will be served in the gymnasium by the Ladies' Auxiliary each day at 12:15, and promptly on time. The captains and their workers received their instructions in detail last night. The organization is as follows:

Examinations by the school nurse and the Red Cross nurses have revealed a shocking situation among the children of Bennington as regards teeth, a situation which, if not corrected, can result in nothing less than impaired efficiency and ill health for the little folks soon to take up the burdens of men and women.
