

HOME JOURNAL.

Next week we will give the official vote of the State by counties.

J. H. Taylor was elected Magistrate in the 2d district, at the late election.

W. M. Harlow and W. H. Rose were recently elected Magistrates for the 18th district.

Dr. Ragland's Lightning Relief is a sure cure for Rheumatism and Neuralgia. For sale by G. G. Phillips.

At the election, last week, ex-Sheriff R. F. Oakley was elected Constable for this, the 1st, district.

Our mechanics in Winchester appear—all of them—to have plenty of work to do. This is a good sign.

J. C. McQuiddy, of the Christian Church, will preach at the Courthouse next Sunday night.

Dr. Ragland's celebrated Lightning Relief is the greatest discovery of the age for the relief of pain. For sale by G. G. Phillips.

This is the month when those troubled with a cough should go for a twenty-five cent bottle of Dr. Bull's Cough Syrup and be cured at once.

What is it that never fails to cure Sick and Nervous Headache? Dr. Ragland's Lightning Relief. For sale by G. G. Phillips.

Nearly every horse you meet now is coughing from the effect of epizooty. But the disease is in a milder form than usual.

Prof. Vennor, the Canadian weather-prophet, predicts that we will have some unusual warm weather during this month.

With a few exceptions, the negroes of Winchester voted at the late election for the Republican nominees for President and Governor.

When people fall out and make friends they are, generally, more friendly than ever. We hope it will be thus with the Democrats of Tennessee—the Wilson men and Wright men.

Masonic.

Stated meeting of Cumberland Lodge No. 158, F. and A. M., next Saturday night, Nov. 13th, 1880.

A full attendance requested. By order of the W. M., H. H. DULIN, Sec'y pro tem.

Rev. G. H. Sheldrake will preach at Goshen next Sunday morning. Subject: "Bitter waters." Will also preach in Winchester at night. Subject: "What Christianity has done for the world."

Our young friend, George Brazelton, of Tracy City, paid a short visit to his mother and other relatives in Winchester, this week. George is a promising young man, and we are always glad to see him.

With epizootic among the horses; murrain among the cattle; chicken-pox among the children; Hawkins for Governor, and Garfield for President, we think it requires the patience of Job and philosophy of Diogenes for an honest man to be happy.

Judge John V. Wright has written a noble and patriotic letter to the Chairman of the State Democratic Executive Committee upon the result of the election, which we will publish next week. It cannot fail to please all true Democrats, whether they voted for Wright or not.

Messrs. Norwood & Kline Bros., of Nashville, will shortly issue the Tennessee State Gazette and Business Directory for 1881-2, and an agent will soon be in Winchester to "work up" the town—its advantages, &c. It will be a valuable work, and we hope for the enterprising publishers great success. Advertisement next week.

There has been a host of jokes and lots of fun over the result of the late election, but we trust that no hard feelings have resulted. Mr. Henry Sanders seems to enjoy the situation with more quaint good humor than any one. It would cure a dyspeptic to hear him talk about the Sun, Free Press, American, and newspapers in general.

The almost-official election returns from the State are not of a character to make one confident that a Republican will not be sent to the U. S. Senate. The Senate will stand, probably—Democrats 14, Republicans 11. In the House—Democrats 37, Republicans 37, Greenbackers 1. The American regards this as too close for comfort, and we say so too.

Wright's majority over Wilson will be about 24,000. Hawkins over Wright about 14,000.

I have also three other houses to rent, including the one where I now reside. This October 22d, 1880. JAS. H. DAVIS, Adm'r of Jane Logan, dec'd.

Non-Resident Notice.

Margaret Vaughan vs. Henrietta Vaughan. [Annexed Bill.] It appearing to the satisfaction of the Clerk and Master, from the affidavit of complainant in her bill in above cause, that the defendant, H. C. Vaughan, is a non-resident of the State of Tennessee, so that the ordinary process of law cannot be served upon him. It is therefore ordered that publication be made for four successive weeks in the Home Journal, published in Winchester, Tenn., requiring said non-resident defendant to appear and make defense to said bill, on or before the fourth Monday of January next, before the Circuit Court at Winchester, Franklin County, Tenn., or the same will be taken for confessed and set for hearing ex-parte as to him. Witness my hand, at office in Winchester, Franklin County, Tenn., this Oct. 20, 1880. T. H. FINCH, C. & M.

CHIT-CHAT.

Aha! "How is Hannah?" We told you how 'twould be. "And the mourners go about the streets." A few snow-flakes fell here last Saturday night. Will our delinquents please "come up and fix up?" Oh, for a concert! Can't our schools come to our relief? Compliments of "Dutchie" to his "pipe-sucking friend." Johnnie Hutchins "goes armed." Don't tell him we said so. John Simmons is one of the most courteous lawyers in town. Next thing you know it will be spare-ribs, backbones, sausage, &c. Oh, would that our wood subscribers would haul us some wood. J. C. Oehnjig has just recovered from a severe attack of malarial fever. Sunday and Monday mornings we had heavy frosts and considerable ice. Happy Mike Plumlee's new coat is of many colors. But the filling is good. Our new Sheriff, John J. Turner, is carrying on his business like an "old soldier." Hugh Embrey "went into" the wholesale leather business last Saturday morning. The sweet potato crop this year was about the best ever raised in this county. We "don't care a whit" who lost on the late election. It's none of our business, now. Our office was graced last Thursday morning by two of the most estimable ladies in Winchester. The flies have gone into winter quarters, and our smooth-headed friend, B. S. H., is happy. Our street politicians have lost their occupation, but the world wags on all the same. Circuit Court next Monday week. Road overseers had better commence scratching the roads. Bill Garner delights in calling us pet names, and we enjoy it. "A little fun now and then," &c. Better pay your corporation tax. First thing you know Tom Arledge will squat on your property. Every time a negro wants a favor he calls on a Democrat. And every time he votes he votes Republican. If we could only sing like Lacey Turney "used to fiddle," our cup of happiness would be filled to overflowing. "Keep up with the line of argument, gentlemen!" Fare thee well, Frank, and if forever, still forever fare thee well. Come up, friends, and let's shake hands over the past, and go to work for the development of our town and county. The railroad bridge across Boiling Fork is to be replaced by a more substantial one. Several workmen are now engaged in the work. "He sleeps his last sleep, he has fought his last battle, no sound will awake him to glory again." Good-bye, Sav H. Johnage. We freely forgive the few friends who have, for the last few months, been accusing the editor of this paper of being "bought up," &c. Our clever young friend, R. R. Barrow, of Houma, La., has our thanks for the fine Perique tobacco he promised us several months since. Our "Jimmie Taylor," of legal lore, is going to Altamont to lay the foundation of his fortune. He has our best wishes for his success. We are glad that the Good Templars of Winchester are striving to increase an interest in their cause. Read the articles published in the Journal weekly. Diphtheria has made its appearance in several towns in our State, and it may reach Winchester. Our advice is, just as soon as the throat begins to get sore, send for a doctor. Delays are dangerous. Capt. W. H. Brannan, of High st., has just had a first-class hot-house built in his yard. May the flowers and shrubbery placed therein always remain as fresh and beautiful as he is noble and generous. One who has "been there" says that "as cold weather approaches and the chill wind whistles around, the newspaper man wonders whether he will get his old pantalons patched in the seat or run in for a new pair." A party of hunters from Bedford county passed through town yesterday, en route to Sand Mountain. They were joined at this place by G. M. Ray and W. M. Robertson. We wish them abundant success and a happy time generally. Our young friend, J. J. Arledge, who has for the last year or so so efficiently filled the office of Deputy County Clerk, has gone into business at Decherd. We wish him success. Esq. M. C. Forbes is now acting as Deputy Clerk, and is faithful and accommodating. Old 200-pounder says election day "was the most hippodromatically day he has experienced since the olympic original season set in," and that he is "glad these sepulchral days come only every four years through the reciprocity of the oxological gemology of centrif-force." Friend George, Decherd.—Your postal was promptly received, and as promptly presented, but it's "no go." He says the transaction is "unconstitutional," and that he "had no power to make any such contract," and wants to "submit it to the people." I await your order before taking further action in the matter. The register at hotel d'Arledge shows the names of the following boarders, and the charges against them: Whites—Joe McWright—malicious stabbing; John Grice—forgery; Jim Dial—bigamy; Bill Gann—lewdness. Blacks—Bill Taylor—murder; George Smith—attempt to rape; Henry Perkins—larceny.

ONLY WORKING STUDENTS WANTED.—Those who go to school to spend money, to keep bad company, to be thought respectable, &c., had better go to some fashionable College; for they will not be happy here. This School is no refuge from care and labor. The student wins success only by patient industry and hard study. Students willing to expend all their energies in the great work of education will find congenial spirits in the Normal. For Catalogue, or any desired information, address J. M. BLISS, Sec'y. MARY SHARP COLLEGE, "The Female University of the South,"

At Winchester, Tenn. A LOCATION unsurpassed for variety and beauty of scenery, and entirely exempt from all malarial and epidemic diseases. THE METHODS OF INSTRUCTION in this Institution are such as common sense and the wisdom gained from long experience have demonstrated to be most effective. No plan is accepted or rejected because it is "new" or "old," but if proved best, no attempt is placed upon it because it is not the birth of yesterday. THE TEACHING in this College is fully up to the progressive demands of the present. Both the instruction and example such that even the sluggish and indifferent soon become interested, and study becomes a positive pleasure. THIRTY YEARS the Mary Sharp has stood firm amid the desolation of war and the persecutions of envy and jealousy, and this long record of faithful and successful toil should be a sufficient guarantee for the future. STUDENTS OF THIS COLLEGE, occupying positions of honor throughout the land, and who, by the education here received, have become the pillars of the communities in which they reside, are living witnesses of the thorough work done at the Mary Sharp in educating mind and heart. ECONOMY of dress is insured by a neat and inexpensive uniform. Books and stationery can be bought at Nashville prices. No combinations formed by which any teacher is to receive a profit in monies spent for pupils. THE PROSPECTS of the Institution were never better; requests for Catalogues and information received daily, not only from the Southern States, but from points north of the Ohio river. THE STANDARD of education is high, and rests upon the conviction that every system of instruction should be estimated by its success in promoting the higher education; by its ability to increase the power and range of thought, and to not only excite the mind to extended scientific research, but to join with it that pure moral culture by which alone the true dignity and well-being of humanity is insured.
