Is it not time to put a stop to these chivari parties? They might better be called mobs, pirates, hold-up gangs or plunderers. The boys never consider whether or not they are acquainted with the parties getting married but are willing to chivari anyone who comes to town to get married and hold them up for the treats, which some of our citizens are pleased to call one of privileges of being a boy. It may be that some of the citizens of each town or community are interested in everything going along harmoniously, while one or two here and there think that if we can't stir up something there won't be anything doin' after awhile and lend their assistance and encouragement to create trouble by reckless and questionable habits and privileges. It is neither a privilege of a boy to be boisterous nor the right of a mob to hold up a stranger or fellow for the treats because he gets married. Some say it is the custom all over. It is a vicious and pernicious custom that enlightened people should eradicate. There is generally no one going to these hold-up parties excepting a lot of toughs or would-be toughs. A chivari as formerly practiced, was only engaged in by friends of the couple who got married and was not a general hold-up on the pirate plan of paying tribute. Anyone who contributes to a hold-up party or encourages by excuses should hereafter feel responsible for the boisterous conduct of the boys of our town. You can't with one breath say that you approve of these hold-ups and denounce with the next, the participants, because they get too loud, boisterous or destructive. Let's have it stopped in our city at least.

The center of the yard between the sheds is covered with cinders and makes a comfortable place to carry on their rapidly increasing business.

A stereopticon show last night at Bethel hall disgrusted those who were unfortunate enough to be in attendance. A cheap magic lantern and an amateur who probably never went through a country school would come nearer describing the outfit. The operator stood for two hours reading in a monotone descriptions which were not half understood and sometimes getting the wrong description or a picture wrongside foremost. With his broad brimmed black hat perched on his head like a back woods hay seed, never thinking perhaps to take it off, he convinced his patient audience that he was a novice.

The chivari crowd of boys who gathered last week to make life hideous for the townspeople and annoy Jesse Brosius and bride until he put up the money for the treats, were defeated by Brosius having a team drive up to the hotel and he and his wife got in and drove away. The boys had procured some eggs and threw them at the bridal couple as they prepared to leave. Papers were sworn out for the arrest of boys so offending and Cloyd Quigley, Wallace McDonald, Fred Jones, Floyd Pettyerew and Jay Morey pleaded guilty and were fined one dollar each and costs. Bob Webb and Harrison Davenport were also arrested and pleaded not guilty and will stand trial. Some of these boys were not in the habit of going to parties of this kind and it will be a lesson for them. We do not doubt but that others were in this party and are equally guilty.

A few days ago the editor called at the Valentine Bottling Works for the first time since it started in operation. We found them busy bottling, but they had time to show us around and explain how it was done. Everything was kept neat and clean and we feel satisfied that a man of experience is doing the work.

Last week Valentine and Crookston were connected by telephone, which was put up by Wm. Krotter. The line is being extended to Wood Lake and in a short time will connect with Ainsworth.
