Several boys got onto a freight car last night to ride down to the bridge and come back on the push engine, but the train failed to stop for them and they were carried on to Woodlake. They returned in a stock car about 11:30 last night shivering with cold.

Miss Leta Stetter returned Monday morning to Lincoln where she attends the State University. Her aunt, Mrs. Plumley, of Chicago, who has been visiting the family in Valentine the past three weeks, accompanied Miss Leta and will visit with her in Lincoln for a week before returning to Chicago.

Earnest Brown, a young man who worked around town last winter and spring, has just returned from the Diamond Bar ranch where he has been driving a mower through haying. He unfortunately lost his right arm some years ago in New York while working with a steam thresher but has the pluck to still earn his way.

We offer to the school teachers of Cherry county the same proposition as last year, to all those who send in their name and address; we would ask of you also to send items of interest in your locality and do what you can to build up an interest in your school. THE VALENTINE DEMOCRAT will be found ready to help the interest in school work at all times.

We learned a few days ago that a company has been organized to run an electric road from Butte City to Naper and possibly on through Keya Paha county to Valentine. They will get their power from the Niobrara river south of Butte City and they propose to furnish light for that city from the same plant. Such an enterprise is worthy the sober consideration of all enterprising men. Let the electric railroad be built by all means.—Western Rancher.

John Eaton has been working in the Red Front while Len Bivens and wife are away on a visit.

Tom L. Johnson, of Ohio, received the uncontested nomination for governor on the democratic ticket. Single tax, free trade and Wm. J. Bryan were victorious in his nomination. Republican and gold democrats who sought the nomination of J. L. Zimmerman, of Springfield, were not in it. So far the outlook indicates that the next democratic convention will be controlled by the advocates of the Kansas City platform.—Manhattan (Kan.) Mercury.

A stock association man last week said to us, "We don't want the small men in our association. It costs more to inspect a small man's stock than we get out of it." Now we think a small man has as much right to protection as a large man. The large stock grower has an advantage at every turn. What kind of condition would it be if the large stock growers had men in the market seeing to it that you ship no stock belonging to them, while you could have no one seeing that your stock did not get into their car? It may be all right to trust this state of things, but if one dishonest man should get into the association he could ship all of your stock he pleases and no one would ever know it. It is the dishonest man you have to fear.—Western Rancher.

The M. E. Conference which began here Wednesday of last week, closed Sunday night. There was a goodly attendance of ministers and their wives. Meetings were well attended despite the cold and disagreeable weather. The Bishop, E. G. Andrews, of New York, preached an interesting sermon Sunday morning on, "Character Building." The meeting closed with a collection of \$176.00 for missionary work in Korea, after an interesting talk by Dr. J. B. Trimble, of Soo City, Field Sec'y. of the missionary society. Dr. Horn's "Trip Around the World" on Tuesday night was excellent. The following are the list of appointments made:

Try for Health

222 South Peoria St., CHICAGO, ILL., Oct. 7, 1902.

Eight months ago I was so ill that I was compelled to lie or sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

Don't you want freedom from pain? Take Wine of Cardui and make one supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and do a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist today?
