

TRAVELING PUBLIC FOR TAFT.

Well-Informed Man Says the Last Week Flattened Roosevelt. "Wherever I travel throughout the state of Nebraska I find that President Taft is leading in the popular favor of the Nebraska traveling public."

That is the statement made in Norfolk today by a state officer well-informed in Nebraska politics. "The last week seems to have flattened Roosevelt out. I find this sentiment wherever I travel. Many democrats are going to vote for Taft, according to my talks with many prominent democrats over the state."

A. K. ATHLETIC CLUB DISBANDED.

Norfolk Youngsters Find Expenses Too Heavy to Hold Quarters.

The A. K. Athletic club, which has had its headquarters in the Olney building for the past few months, has disbanded. The expenses were too great, say some of the members.

Notwithstanding this fact, however, the club members declare themselves satisfied with their few months of athletic work. The "A. K." part of the club is a secret, say the boys, who range in age from 14 to 21.

There have been some merry times in the rooms of the defunct club during the past few months and it was the premier idea of the leaders to have several classes in good form for the opening of the Y. M. C. A. gymnasium. There was a wrestling mat, a punching bag, plenty of boxing gloves and basketball. Athletic sports of all kinds were indulged in. The wrestling has been a feature of the evenings and some exciting matches have been pulled off.

NUMBER WAS CHANGED.

Officers Get Wrong Hunch On Speeding Automobile.

It may surprise Patrolman Livingston that the owner of an automobile for which he has been searching, because he thought the owner was exceeding the speed limit, has just learned that he has been wanted and believes he unintentionally played a joke on the police. The automobile came up Norfolk avenue at fast clip and stopped in front of a business building. The officer soon followed and with much effort found a number on the machine which he recorded in his book. For several hours the patient officer waited around in a conspicuous place for the owner to reappear. Suddenly the muchlooked-for man came but the crank was used quickly and before the officer could reach him the car was gone. The same car stopped at the same place yesterday, but the number did not tally with that in the officer's book. "I found that old number on my way from Stanton and put it on my car for a joke. I took it off when I came home and put my own number on the car," says the owner.

Halderson Enters County Politics.

Madison, Neb., March 8.—Special to The News: H. Halderson of Newman Grove filed as a candidate for county attorney subject to the will and wish of the republican primary.

Friends of County Attorney Nichols urged him to file but to all he replied "two terms and out," and he absolutely would not file for a third term.

Fire in Deadwood Mine.

Two hundred men are thrown out of employment. The company is controlled by Pittsburg capitalists, the general manager being J. V. N. Door of Denver.

Fillings Will Start April 15.

Gregory, S. D., March 7.—Special to The News: Fillings for homestead lands in Mellette and Bennett counties will be received at White River, commencing April 15. This information was received in Gregory by a telegram from Judge Witten.

It is probable that the department will conduct the filing by the same methods as used in Tripp county. On April 15 a certain number of the lucky ones will be called, and the work continued each day until 4,000 names have been accounted for, and then the work will again be taken up in the fall and the remaining list of 4,000 names completed. In a short time the government will notify each successful drawer the day and time when his number will be called.

As the time draws near for the filing, locators are unusually active in their efforts to convince the prospective homesteader of the fact that they are the most reliable locating firm in the business. Many are up in the air since the designation of White River as the place for offering fillings. Several locators expect to establish three or four offices. It is estimated that traffic over the Milwaukee and Northwestern railroads will be about equally divided and locators who expect to do an extensive business will maintain offices at Gregory and Winner to catch the homeseekers who come over the Northwestern, and at Murdo for those who go by the way of the Milwaukee route, while it will be necessary for all to have offices at White River.

Boys in Jail at Neligh.

Neligh, Neb., March 8.—Special to The News: Frank Motzney and Glen Howard, the two youths arrested for stealing forty-eight bushels of corn a week ago today, and who secured a stay in the trial until April 2, gave bond for \$100 each, but were only at liberty a short time. Yesterday they were rearrested for "breaking and entering," this complaint not having been made in the former charge. This charge makes the crime a criminal act.

The bond was put at \$40, and the county judge refused to accept the former bondsmen. Unable to get bail, the boys are in jail. Their hearing is set for next Tuesday.

THREE DEATHS IN WRECK.

Danville, Ill., March 8.—With the exception of a negro cook, unidentified, a score of persons injured in the wreck of a passenger train on the Washabaw railroad near West Lebanon, Ind., late yesterday, will recover, it was today reported at the hospital. The bodies of Mrs. D. B. Good of St. Louis and Fred Grant of Adrian, Mich., crushed to death when the day coach of the train rolled down a thirty-foot embankment, are at West Lebanon. The report that two unidentified men were dead in the wreckage proved unfounded today. Eight cars left the track and went down the bank when the train struck a broken
