THE FAKE DIDN'T WORK.

Journal Protests Overruled and Liquor Licenses Granted.

UNANIMOUS ACTION OF COUNCIL.

City Fathers Hold Interesting Sessions. Listen to Remonstrances—Proof of Bad Faith on Part of Dealers Demanded but Not Forthcoming—The Big Buff Turns Out a Miserable Failure.

From Monday's Daily:

All councilmen except Mr. Dexter were promptly in their seats when the mayor called for order at 8 o'clock Saturday evening. There was a good attendance of spectators, besides, the expectation being that the meeting would develop into one of more than ordinary interest. Among those who came in shortly after the meeting began were Messrs. G. L. Whitam and C. G. Somers, representing the Anti-saloon league. Messrs. Barnes & Tyler had been retained to defend the saloon men against protests and remonstrances.

The meeting had been called for a special purpose, that of considering the petitions for liquor licenses, and no time was wasted in getting down to business. The petition and bond of C. M. Forney for a druggist's permit were presented and read, together with proof of publication showing that two week's notice had been given in THE DAILY NEWS. Remonstrance was made against the issuance of this license by Messrs. Lewis & Shepherdson, publishers of the Journal, on the ground that Mr. Forney had not published his notice in the paper having the largest circulation in the county.

Mr. Lewis was present and offered to submit his subscription list to verify his remonstrance, but upon being questioned by members of the council admitted that he could not prove that such list is larger than that of any other paper in the county.

The city attorney advised the council that the courts have held that bad faith must be shown on the part of the applicant in the matter of publication in order to justify the council in refusing to grant license. Mr. Lewis was asked if he was prepared to show bad faith on the part of the applicant, and he replied that notice had been given all liquor men that the Journal had the largest circulation in the county, and was consequently the only paper in which their notices could legally be given. The suggestion was made to Mr. Lewis that perhaps other publishers had given liquor dealers the same assurance, which seemed to strike the mighty brain of the young man as a new idea, and he concluded that he was not prepared to prove bad faith on the part of the applicant.

The remonstrance was then overruled by a vote of 7 to 0, and the license of Mr. Forney was granted and his bond approved.

The same record was made upon the application of Asa K. Leonard, for druggist's permit.

The application of Harry Loder for saloon license was granted, there being no remonstrance, as his notice had been published in the Journal.

The application of Richard Kilmurry, Jr., was laid over until the next meeting to look up bond.

The applications of C. F. A. Marquardt, Chas. Rice, A. H. Kiesau, Geo. Heller, John Koenigstein and Wm. Berner presented another question and this is the only victory the Journal young men seem to have secured in all their efforts to people to do business with them. The notices of these six applicants were published in the Anzeiger, a German newspaper, and the proofs of the publisher, John H. Hulif, were offered. The Journal's remonstrances against these applications, in addition to alleging that the notices were not published in the paper having the largest circulation, also claimed that they could not legally be published in a German newspaper. The city attorney stated that it had been held by the courts that a paper printed in a foreign language could not be construed as a proper paper in which to publish legal notices.

The notices of these six applicants had been repeated in a paper published in the English language, but the first publication had not been given until April 15, hence the full two week's notice was not complete until the expiration of Saturday, the 29th, and it was decided that the council had no jurisdiction in those applications until after that time.

Monday at 8 o'clock a. m. was fixed as the time for a special meeting to consider the six applications.

Joseph Vlazney, Jr., made application for a saloon license, which was met by a remonstrance signed by G. L. Whitam and C. G. Somers, containing 13 allegations as to why license should not be granted to the said Joseph. The principal reasons given were that Vlazney had been convicted of selling liquor to Wm. Curley, a minor, on or about April 4, 1899; that he had allowed minors in his place of business and that billiards had been played therein; that he maintained screens in front of his windows; alleged that the names of a majority of the resident free holders of the First ward do not appear on his petition.

When the question came up as to

what time would be convenient for a hearing on this remonstrance, Mr. Whitam stated that the latter part of the week would suit him better. The injustice of postponing this question for nearly a week was so apparent, that the council fixed the time of hearing for this evening at 8 o'clock, when a special meeting will be held for that purpose.

Several other applications were on file with the clerk but either the bond had not been filed or sufficient notice had not been given, and they were not considered.

This Morning's Session.

At the adjourned regular meeting of the city council which convened in the city hall this morning at 8 o'clock, there were present Mayor Simpson and Councilmen Brummond, Bucholz, Bullock, Degner, Dexter and Uhle.

The remonstrances were overruled, bonds approved and licenses for the sale of intoxicating liquors for the ensuing year on applications of Wm. G. Berner, George Heller, Chas. Rice, C. F. A. Marquardt, John Koenigstein, A. H. Kiesau, Richard Kilmurry, Jr., and J. L. Hershiser.

The roll was called in each case and each application was granted by the unanimous vote of the council.

The Norfolk Foundry Co. gave a plumber's bond for the faithful execution of city work in the sum of \$2,000, which was read, approved and accepted.

The council adjourned until 8 o'clock this evening when action will be taken upon the application of Joseph Vlazney, Jr., for license to sell liquors.

Gold Deposits in the Philippines.

At this distance and with the slight exploratory work which has been carried on in the Philippine islands, the minerals that can be profitably exported are best known. Mr. George F. Becker in his recent investigation has given a very clear view of the present mineral exploration in the Philippines, and has shown that gold is found in a great number of localities in the archipelago, from northern Luzon to central Mindanao. In most cases the gold is detrital, and is found either in existing water courses or in deposits now deserted by the current. It is said that in Mindanao some of the gravels are in an elevated position and adapted to hydraulic mining. There are no data at hand which indicate decisively the value of any of the placers, but the fact that they are washed largely with cocconut shells for pans by the natives is an indication of either rich deposits or quite coarse gold. In the province of Abra, at the northern end of Luzon, there are placers, and the river Abra itself yields auriferous gravel. In Le Planto there are gold quartz veins as well as gravels, and here also is the best developed deposit of copper ores, although these are also reported from a great number of localities on the islands of Luzon, Mindoro, Capul, Masbate, Panny, and Mindanao. This last island is practically unexplored and full of possibilities.—Dr. David T. Day, in the Engineering Magazine for May.

There comes a time in life to all of us when we feel mean and "out of sorts" and in a condition to invite disease. It is then we need such a remedy as Dr. J. H. McLean's Strengthening Cordial and Blood Purifier. To persons exhausted by sickness or overwork its invigorating influence is surprising, promptly restoring health, energy and cheerful spirits.

Give the Children a Drink

called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about one-fourth as much as coffee. 15 and 25 cents.

Annual May Party.

The May party given by Protection lodge, No. 101, Degree of Honor, at railway hall, South Norfolk, last evening proved one of the most thoroughly happy social affairs of the season.

There was a fine crowd in attendance and all went merry as a marriage bell.

The hall was decorated with bunting in pink and yellow—the colors of the lodge—and the same were predominant in the printed programs.

The cake walk was a very pleasant feature of the occasion and the prize for the most graceful couple was awarded to Mr. J. F. Cashin and Mrs. Joe Phillips. The cake given was a beautiful one.

The asylum orchestra furnished the music.

An elegant supper was served at Mrs. Burnetts and everybody was highly pleased.

Grain-O Brings Relief.

to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, effects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise. 15 and 25 cents per package.

Good dry wagon for sale. Inquire of Henry Miller.

THE VLAZNEY LICENSE.

The City Council Hold Evening and Morning Sessions.

NUMEROUS WITNESSES TESTIFY.

Another Meeting to be Held This Evening at 7:30 Sharp. Many Objections Filed by Attorney for Anti-Saloon League and Promptly Overruled by Vote of Council. Promise of Long Fight.

From Tuesday's Daily:

The city council meetings held last evening and this morning to consider the application of Joseph Vlazney to sell malt, spirituous and minous liquors in the city of Norfolk the ensuing year has already developed into a most interesting affair.

Against the granting of this license the Anti Saloon league has presented a remonstrance and represented by Geo. L. Whitam and C. G. Somers evidently propose to contest every point raised.

Among the charges made by them, as a reason why license should not be granted Vlazney, is that the petition asking for a license does not have a majority of the names of the resident free holders in the ward as required by law.

Last evening the time was taken up in taking testimony from different ones as proof of the free holdings of those whose names appeared. Among those summoned were H. W. Winter, Gus Nitz, John Boeck, Albert Degner. Objections were made at numerous points by Attorney Whitam, and together with the testimony of the witnesses, was recorded by Will Powers in short hand for reference.

While waiting for Frank Klentz to testify, a war of words was indulged in by the attorneys and on his appearance he swore to the fact that he was a free holder and that he signed the petition of his own free will. Other witnesses wanted were not accessible last evening. An adjournment was taken until 9 o'clock this morning.

There were present Mayor Simpson, Councilmen Brummond, Bucholz, Dexter, Degner, Heckman, Uhle.

On all motions the council voted as a unit.

This morning at 9 o'clock another session was held.

There were present Mayor Simpson, Councilmen Bullock, Bucholz, Brummond, Degner, Dexter, Uhle.

Several other witnesses were summoned. Much time was consumed in reading the testimony taken last evening, that Councilman Bullock, who was absent, might be informed as to previous procedure.

Barnes & Tyler, as attorney for Vlazney, took the direct testimony.

The remonstrance made objections against Bullock acting on council because he was absent from last night's meeting; against Brummond acting on council because he was an interested party having signed the petition of Vlazney (Mr. Brummond however testified that the name which appeared on the petition was his wife's); against Oscar Uhle acting as councilman because he signed the petition and was therefore an interested party. These objections were all promptly overruled by the council by a unanimous vote.

Mr. Uhle requested the erasure of his name from the petition. While he continued to sit in the council he did not vote on any of the questions raised this morning.

About 11:30 o'clock the council adjourned until 7:30 o'clock sharp this evening.

Although two long sessions have already been held, little progress has been made toward any settlement in the matter. It seems likely to be a long drawn out battle.

John Koenigstein has a full line of Dr. Earl S. Sloan's liniment and Veterinary Remedies. After you have tried them you will discard all others. No home complete without his Liniment. It cures rheumatism and all pain. No stable complete without his remedies.

Real Estate Transfers.

The following transfers of real estate are reported by Chester A. Fuller, manager of the Madison county abstract office at Norfolk:

Thomas Williams and wife to W. V. Gambill, wd part of se 1/4 22-23-1..... \$ 175 00

David Rees and wife to Geo. L. Whitam, wd 55 feet of n 1/2 and all of a 1/2 of lot 7 block 7 Haase's suburban lots Norfolk..... 4000 00

Home-seekers Excursion.

On May 2 and 16, June 6 and 20, 1899, the Missouri Pacific Railway company will sell home-seekers excursion tickets to certain points in the southwestern parts of Missouri, Kansas, Arkansas, Indian Territory, Oklahoma Territory, Colorado and Utah, and to many other points located in the southeastern states. At rate of one fare for the round trip plus \$2. For further information, address: W. C. BARNES, J. O. PHILLIPPI, T. P. A., A. G. F. & P. A. Southeast corner of 14th and Douglas streets, Omaha, Nebraska.

Parsnip Complexion.

It does not require an expert to detect the sufferer from kidney trouble. The hollow cheeks, the sunken eyes, the

dark puffy circles under the eyes, the sallow parsnip-colored complexion indicate it.

A physician would ask if you had rheumatism, a dull pain or ache in the back or over the hips, stomach trouble, desire to urinate often, or a burning or scalding in passing it; if after passing there is an unsatisfied feeling as if it must be at once repeated, or if the urine has a brick dust deposit or strong odor.

When these symptoms are present, no time should be lost in removing the cause.

Delay may lead to gravel, catarrh of the bladder, inflammation, causing stoppage, and sometimes requiring the drawing of the urine with instruments or may run into Bright's disease the most dangerous stage of kidney trouble.

Dr. Kilmor's swamp-root, the great discovery of the eminent and kidney and bladder specialist, is a positive remedy for such diseases. Its reputation is world wide and it is so easy to get at any drug store that no one need suffer any length of time for want of it.

However, if you prefer to first test its wonderful merits mention THE NORFOLK WEEKLY NEWS and write to Dr. Kilmor & Co., Binghamton, N. Y., for a sample bottle and a book telling all about it, both sent absolutely free by mail.

South Norfolk News.

Mrs. Ben Pippin is very low with pneumonia.

About a dozen sheep shearers left for Kansas City on Friday.

Mrs. Cuter of Hadar was down to the dance Monday evening.

Mrs. Pat Crotty went to Omaha for spring shopping, Saturday.

Miss Mabel Fairbanks went to Oakdale to visit friends this week.

Miss Eva Roland went to Omaha Saturday, to see a doctor about her eyes.

Mr. Halvstein is moving his family into their new home in Mr. Scofield's house.

Miss Dot Thornburg of Oakdale came down to attend the May ball given Monday evening.

Mr. and Mrs. Daugherty went to Omaha, Saturday, and brought her sister back with them. She is very low with consumption.

Sturgeon is the piano man.

Active solicitors wanted everywhere for "The Story of the Philippines," by Murat Halstead, commissioned by the government as official, historian to the war department. The book was written in army camps at San Francisco, on the Pacific with General Merritt, in the hospitals at Honolulu, in Hong Kong, in the American trenches at Manila, in the insurgent camps with Aguinaldo, on the deck of the Olympia with Dewey, and in the roar of battle at the fall of Manila. Bonanza for agents. Brimful of original pictures taken by government photographers on the spot. Large book. Low prices. Big profits. Freight paid. Credit given. Drop all trashy unofficial war books. Outfit free. Address, H. L. Barber, Gen. Mgr., 356 Dearborn street, Chicago.

Crop Bulletin.

The condition of the crops for the week ending May 2, in this and adjacent counties is thus reported to the state university crop bureau, Lincoln:

Madison—Small grain and grass are growing slowly.

Stanton—Seeding done and large per cent of wheat up, growing well; grass growing slowly; plowing for corn well advanced.

Wayne—Rain on 26th gave small grain good start; plowing for corn well commenced; ground in fine condition.

National Baptist Societies Anniversaries.

Portland, Ore., June 2-5, 1899—One fare plus \$2 for round trip via Union Pacific. For dates on which tickets will be sold, limits and full information, call on F. W. JUNEMAN, Agent.

Notice to Margaret Ann Walker, wife of George M. P. Walker, deceased, and to his minor and unknown heirs of such deceased person, George Walker, Harrison H. Walker, Margaret Ann Walker, that in the matter of the application of the plaintiff for a permanent receiver, for lots 10 and 11, of block 6, Koenigstein's Third addition to Norfolk, Nebraska, that the judge of the district court of Madison county, Nebraska, has fixed June 6, 1899, as the time at which you are to show cause why a permanent receiver should not be appointed to succeed George W. Loney, shortly as temporary receiver; that unless good and sufficient cause is shown a permanent receiver will be appointed for said premises.

Additional affidavits of Anna George, C. W. Lammert and of Will be offered in support of such application for receiver. ANNA GEORGE, Plaintiff. Dated April 21, 1899. By GEO. A. LATIMER, Attorney.

In the District Court of Madison County, Nebraska. The State of Nebraska, vs. Anna George, substituted plaintiff for Charles H. Lammert, vs. Margaret Ann Walker, wife of George M. P. Walker, deceased, and George Walker, Harrison H. Walker, Margaret Ann Walker and unknown heirs and minor heirs.

The defendants above named will take notice that on the 25th day of May, 1899, between the hours of 10 o'clock a. m. and 6 o'clock p. m. at the office of J. C. Nicholson, 26, Board of Trade, in the city of Columbus, county of Franklin and state of Ohio, the plaintiff above named, will take the deposition of Anna George and Dr. George L. Loney, witnesses in this action, to be used in evidence on the trial of the above entitled cause, in behalf of the plaintiff, with authority to adjourn from day to day, until all of such depositions shall have been taken. Dated April 21, 1899. ANNA GEORGE, Plaintiff. By GEO. A. LATIMER, Attorney.

LOW RATES

—TO—

Christian Endeavor Convention, Detroit, Mich., July 5-10th.

The Illinois Central Railroad

will sell tickets from all points on its Western lines to Detroit, Michigan, account of the International Convention Young People's Society of Christian Endeavor, at a rate of

ONE FARE PLUS \$2.00

Tickets on sale July 3rd to 5th, inclusive, limited for return to July 15th, with privilege of extension until August 15, 1899, by depositing ticket with Joint Agent at Detroit on or before July 12th and payment of deposit fee of fifty cents.

HOME CURE FOR BLOOD POISON.

Beware of the Doctors' Patchwork; You Can Cure Yourself at Home.

There is not the slightest doubt that the doctors do more harm than good in treating Contagious Blood Poison; many victims of this loathsome disease would be much better off to-day if they had never allowed themselves to be dosed on mercury and potash, the only remedies which the doctors ever give for blood poison.

The doctors are wholly unable to get rid of this vile poison, and only attempt to heal up the outward appearance of the disease—the sores and eruptions. This they do by driving the poison into the system, and endeavor to keep it shut in with their constant doses of potash and mercury. The mouth and throat and other delicate parts then break out into sores, and the fight is continued indefinitely, the drugs doing the system more damage than the disease itself.

Mr. H. L. Myers, 100 Mulberry St., Newark, N. J., says: "I had spent a hundred dollars with the doctors, when I realized that they could do me no good. I had large spots all over my body, and these soon broke out into running sores, and I endured all the suffering which this vile disease produces. I decided to try S. S. S. as a last resort, and was soon greatly improved. I followed closely your 'Directions for Self-Treatment,' and the large blotches on my chest began to grow paler and smaller, and before long disappeared entirely. I was soon cured perfectly and my skin has been as clear as glass ever since. I cured myself at home, after the doctors had failed completely."

It is valuable time thrown away to expect the doctors to cure Contagious Blood Poison, for the disease is beyond their skill. Swift's Specific.

S. S. S. FOR THE BLOOD

—acts in an entirely different way from potash and mercury—it forces the poison out of the system and gets rid of it entirely. Hence it cures the disease, while other remedies only shut the poison in where it lurks forever, constantly undermining the constitution. Our system of private home treatment places a cure within the reach of all. We give all necessary medical advice, free of charge, and save the patient the embarrassment of publicity. Write for full information to Swift Specific Co., Atlanta, Ga.
