The Value of a Suit ..of Clothes..

Depends to a great extent on the manner in which it is MADE and TRIMMED. Almost any reliable house can be depended upon for HONESTY so far as fabrics are concerned. FIT, STYLE and TAILORING require ABILITY, SKILL. You want fabrics of

QUALITY to be sure, but, you must have these other things too. You should not judge clothes ONLY by the fabrics. We'd like to show you OUR IDEA OF VALUE—you would better understand our argument.

The Krell Auto-Grand

is an instrument of living interest to every member of the household: music-wise or otherwise.

The player feature, which in no way detracts from its value as a high-grade, rich-toned Upright Grand Piano, makes it possible for anyone to play the Krell Auto-Grand with infinite effect and sympathy—to accompany the most accomplished vocalist.

TWO WAYS ARE BETTER THAN ONE

The Krell Auto-Grand is distinctly not a combination, but a single, individual instrument; changed from piano to player by the turn of a lever.

There is, and can be, nothing like it—our broad, basic patents prevent imitation. Fully guaranteed for five years.

From the Post.

Gertie, daughter of Mr. and Mrs. Wm. Ramakers is convalescing from a serious illness.

A girl was born to Mr. and Mrs. Elton Swanson Saturday morning.

The marriage bans of Will Arthur and Miss Josephine Sand were published from the St. Bernard church last Sunday, the wedding taking place June 6th.

The young men's Sodality will give an entertainment either this Sunday or the next, for the benefit of the new school, when will also occur the laying of the corner stone for the new building. The ladies of the Holy Family church will serve supper the same evening.

Strangers passing through here Thursday on their way to the sand hills, with a bunch of cattle to pasture through the summer, corralled them in the stock yards for the night. Their ponies they hobbled, and let them roam on the right of way. When the evening passenger came in, two of them were on the track, one of them was killed instantly and the other injured so badly as to necessitate shooting the next morning.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. Chas. H. Dack.

St. Edward.

[From the Advance.]

Dr. Geo. A. Ireland was called to Papillion Wednesday by a telegram announcing the death of a sister, Mrs. Thomas E. Harman, of Salt Lake City. The funeral services will be held from the Ireland home near Papillion today.

Tuesday forenoon the fire department was called to southeast St. Edward and upon their arrival found J. B. Carter's barn in flames. No attempt was made to save the barn, but immediate attention was given the surrounding buildings which were saved. The loss is supposed to be about \$300; no insurance. The fire was started by little Robert Carter, and two little playmates. The children lit a match, threw it in the hay, and then tried to put the fire out. When they began to realize what they had done they ran to a good hiding place and waited until the fire was over. Little Robert told his brother Cecil about it with the strict understanding that Cecil wasn't to tell his mother. The children were only four and five years old and were entirely irresponsible for their mistake.

Mrs. John Koop died Monday forenoon at St. Mary's hospital, Columbus, after a long illness. Funeral services were held Tuesday afternoon; the Rev. J. Lousbery Phillips officiating. Rev. and Mrs. Phillips sang a beautiful duet at the services. Burial was had at the Evergreen cemetery. Miss Eliza Brookman was born in Germany 28th of August, 1838. She came to America in 1860 and located at Davenport, Ia. She was married to John Koop in 1861 and moved with her husband to St. Edward in 1875. To this union nine children were born, five of whom are living. Mr. Koop preceded his wife to the Great Beyond January 12, 1895. The deceased joined the Lutheran church in girlhood and has always been a faithful communicant. She had always enjoyed the highest confidence and esteem of her many friends and acquaintances who join in extending heartfelt sympathy to the bereaved family.

[From the Leader.]

A couple fellows from over in Paicre Creek drifted into town Tuesday afternoon and proceeded to fill up on booze after which they went out hunting a horse race and to demonstrate that they possessed a horse that could out run anything on earth one of the fellows mounted the animal and with nothing but a halter to guide it with, took a spin down through main street. This was time for Marshal Resier to get busy and he soon had the fellow landed in jail. He was later brought before Justice Bratt who fined him \$10 and costs but was liberated upon payment of the costs.

We understand that the Irrigator saloon people were caught in the act of selling an Indian boy booze. It seems that the Indians have been getting considerable whiskey somewhere of late and the school authorities have been laying for the parties selling them the stuff. The story goes that Monday evening an Indian boy entered the Irrigator and called for a glass of beer which he received and drank. He then called for a half pint of whiskey and as he was in the act of putting it in his pocket the engineer and disciplinarian at the school stepped in and took it from him. We have not yet learned what Supt. Winslow proposes to do in the matter.

Every Niece and Nephew of Uncle Sam

should be deeply interested in what he has said about soda crackers, because they are the one food with which all of them are familiar.

Uncle Sam has given out figures showing that soda crackers are richer in nutrient and body-building elements, properly proportioned, than any food made from flour.

This is saying much for common soda crackers, and much more for **Uneda Biscuit**, because they are soda crackers of the best quality. They are baked better—more scientifically. They are packed better—more cleanly. The damp, dust and odor proof package retains all the goodness and nutriment of the wheat, all the freshness of the best baking, all the purity of the cleanest bakeries.

Your Uncle Sam has shown what food he thinks best for his people. His people have shown that they think **Uneda Biscuit** the best of that food, nearly 400,000,000 packages having already been consumed.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. Chas. H. Dack.
