## MANY YEARS AGO

File of the Journal, March 6, 1878.  
March promises to be more windy than all the winter months which have preceded it.

Several Platte county men are talking of going to the Black Hills for a few weeks after they get their crops in.

A good deal of wheat was put in last week, and considerable plowing done. We notice in places that the green grass is putting in an appearance.

When you hear a man say that he once lived in a country that had more fine days in a year than Nebraska, you want to shoot him down just the same as you would any other wild man.

We predict for Nebraska, the coming season, the most abundant crop she has ever known. We have never seen the soil in so good condition and the atmosphere is now and has been all winter full of moisture.

G. C. Barnum, sr., has purchased the right to manufacture artificial stone in Platte and Polk counties. The artificial stone one inch and three-quarters in thickness stood a hydraulic pressure of thirty thousand pounds.

At L. H. Jewell's sale on Thursday last stock brought excellent prices. John Huber, the auctioneer, tells us that cows realized from \$20 to \$32; calves \$11.25 and \$11.50, everything else in proportion. These prices are all the more remarkable when it is remembered that it was a cash sale. The entire proceeds of the sale were \$700.

Friday of this week the board of directors of the Nebraska State Base Ball league will meet in Grand Island to prepare a schedule and also transact other business in connection with the opening of the season. President Pollock of the Columbus team is a member of the state board, and he will represent Columbus at the meeting. So far but two of the players who were here last year have signed contracts for 1911, E. E. Copple, first baseman and catcher, and Frank Madura, outfielder. Of the new men signed by Manager Corbett are J. W. Walworth, pitcher, of Topeka, Kansas; Eddie Brown, second baseman, Evansville, Indiana; Fred Brockenwahl, pitcher, Cedar Bluffs, Nebraska; Elton Rhodes, pitcher, McComb, Illinois; Charles Amstine, outfielder, Belgrade, Nebraska; Louis B. Tift, catcher, Carroll, Nebraska. A number of the new men signed up were with Manager Corbett when he was managing the Beards-town and Monmouth, Illinois, teams, and he is familiar with their work. In speaking of Eddie Brown, the second baseman from Evansville, Indiana, Manager Corbett says that he is one of the fastest men playing either short or second base in the minor leagues, and he expects exceptionally good work from him. Roy Chittick, who played in the outfield last year, will in all probability not play professional ball this year. He returned his contract unsigned, and it is understood that he will go into the Y. M. C. A. work, located in North Dakota. Malum, whose home is in Omaha, has not signed up yet, but there is no doubt but that he will again be with Columbus. Paul Kinsell, who has made his home in this city during the winter, will again be on the team, taking his turn in the box.

One of the enjoyable occasions of the month was the smoker given by the Columbus City Band at their hall last Friday evening. Invitations had been issued to the former members of the organization, and also to the city council, president of the Commercial club, and also the press of the city. Prof. A. D. Laird of Omaha, who has been director of the band for the last year, was present and during the evening several selections were given by the band. The annual smoker, the first of which was held a year ago, is for the purpose of getting the bandmen and their friends together for an evening of social entertainment. During the evening several talks were made, Mayor Held and President of the Commercial club, G. Frischholz speaking words of encouragement and praise to the organization. Secretary Bailey of the band read a paper dealing with the organization of the band and a short history up to the present time. Dealing with the work of that organization last year, he read the receipts and expenditures, showing that practically all the money received for concerts had been expended for the necessities of the organization and not divided among the members, their time being given gratis. And when those present listened to the selections played during the last several months the band has made a very creditable improvement and when the summer concerts are again put on Columbus citizens will be able to listen to a musical organization, second to none in the state.

Monday and Tuesday of next week, March 6 and 7, the annual Platte county Sunday school convention will be held in this city. A good program has been prepared and the sessions will be under the direction of General State Secretary C. H. Lewis. Representatives from the various Sunday schools in the county will be present and preparations are being made to entertain at least thirty delegates. The sessions will be held in the Methodist church. One of the speakers from out of town will be T. F. Sturges of Omaha, editor of the Twentieth Century Farmer, and an active worker in the Sunday schools of Omaha. The officers of the county association, Anton J. Alfred of Genoa, president; and Gertrude Fellers of Monroe, secretary.

The following is taken from an article in the Albuquerque, New Mexico, Journal of February 21, which tells of the visit of a party of Nebraska to that locality. In the party are Editor Howard of the Telegram and his son, Finney. Should the article prove correct it would indicate that Columbus will soon lose the editor of the Telegram. The paragraph referred to reads as follows: "Editor Howard, of the Telegram, is an editor and newspaper man of long experience, and it is likely that he and his son will locate in New Mexico, preferably Albuquerque. They will go from there to Roswell to inspect conditions in the Pecos valley."

Last Wednesday evening the Pioneer Hook and Ladder company held their thirty-seventh annual mask ball in the Orpheum hall. A large crowd was in attendance and it was a success, both from a social and financial standpoint. The judges who were to select the best costumes were Postmaster McAllister, A. J. Mason and C. J. Garrig, and they awarded the gentleman's prize, a five dollar hat, to Albert T. Mintobell, who was dressed as a Spanish Cavalier, and the ladies prize, a silver purse, was awarded to Miss Belle Brown.

Mrs. Louise Gorus of this city was before the board of insanity Monday, she having been quite violent. The board ordered her sent to Norfolk and Deputy Sheriff Mark Burke took her to the asylum the same evening.

A card received by friends from C. E. Early says that he will probably return to Columbus in a few days for a short stay. His brother John does not seem to improve and there is not much hope of his ultimate recovery.

J. E. Sipple, formerly agent for the Pacific express company in this city, was married to Miss Adda Rockwell of Weeping Water, Neb., Wednesday, Feb. 22. Mr. Sipple was transferred from this city to Grand Island, where he has since been located and where the newly married couple will make their future home.

Paul Hoppen and Emil Schwarz, who have been running a moving picture show in Kearney for the last year, disposed of it last week and are at present visiting at their homes in this city. The boys did very well with their show and sold it to good advantage. They have not, as yet, decided what they will do next.

Wednesday night, Ray Crowe, one of the night switchmen in the local yards had the toe of one of his feet smashed. It is said that he attempted to kick a drawhead into place, and the cars came together before he could remove his foot. At first it was thought that amputation would be necessary, but the injury was not as severe as was thought. He is at his home in west Columbus.

Columbus has been selected as the place selected for holding the "Big Four" shoot, and the dates will probably be during the month of June. This was decided at Kansas City when the Inter State shoot was held in that city the middle of this month. President Bray and Secretary Schroeder of the Columbus Gun club will have charge of the arrangements, and there will be at least one hundred shooters present, from the states of Oklahoma, Kansas, Missouri and Nebraska.

Should the plans of C. H. Buschman and his associates materialize, Columbus will have a new cash grocery store by April 1. Mr. Buschman has secured a promise of the Fitzpatrick building, formerly occupied by the Central Meat Market, as soon as the present bankruptcy proceedings are completed. The sale was to have been held Tuesday of this week, but was postponed until March 20. There has been talk of a cash grocery in Columbus for some time and Mr. Buschman is going to make it a reality if possible.

After an illness of two months, Mrs. Ellen F. Gerrard, wife of C. L. Gerrard, died last Saturday at the family home at 1820 North street, aged forty years. Mrs. Gerrard who was the daughter of Mr. and Mrs. Thomas Lynch, pioneer settlers on the Shell Creek valley, was born on the old homestead, northwest of this city, December 26, 1870. Here also grew to womanhood and after completing her studies in the public schools, began teaching. She followed this calling successfully at Platte Center, David City, and also in the Columbus city schools. She was married to Clarence L. Gerrard in Omaha November 27, 1908, and since that time they have made their home in this city. After the birth of her second child, a little daughter, on December 31, 1910, her health has been poor, and she did not regain her strength. She is survived by her husband and one son, Thomas Leander, and three brothers and three sisters, Dan Lynch of Afton, Wyo., James Lynch of Payette, Idaho, Thos. Lynch of Platte Center, Mrs. Morse, of Brooklyn, N. Y., and Mary and Margaret Lynch of Platte Center. She was taken to the home of her brother Thomas in Platte Center Monday evening and funeral services were held Wednesday morning at St. Joseph's church, Platte Center, and burial was in the family lot in St. Andrew's cemetery, east of Platte Center.

During the last week the stone columns, which had been put into place at the new post office building, were taken down. When these were put in place they were a trifle out of line, and attention was called to it by Inspector Dirnam, but the superintendent did not make the change, and it was finally referred to the treasury department, who notified the main contractors that unless the plans and specifications were followed, the building would not be accepted. This change, with other delays, will probably make it impossible for the contractors to complete the building in the time specified in the contract.

Wednesday of this week the board of supervisors began a short session for the transaction of routine business. One of the matters of interest to Columbus people, and in fact all residents of the county, will be the request of the Commercial club for an appropriation for a permanent road to be built under the supervision of a government expert from the city to the Platte river bridge. While this will be a great benefit to the city, it will mean much to the county at large, as it will inaugurate an area of good road construction, which has long been needed.

April 5 is the date of the Modern Woodmen county convention, and it will be held at Lindsay. Columbus will have a candidate for delegate to the state convention, Carl Kramer being an aspirant for that honor. Mr. Kramer has always been an active worker in Woodmen circles, and should be selected as delegate to the state meeting would be very acceptable to a large number of the delegates for delegate to the national meeting. The state meeting will be held at Fremont and the National at Buffalo, N. Y.

Fremont bowlers defeated the Columbus team at the local alleys last Saturday night. On Thursday night the Columbus team, composed of Sawyer, Novell, Porter, Hartzler and Nichols, will go to Schuyler for a game with a team from that town. Another game was arranged with Shelby, but owing to some misunderstanding the date to which it was postponed, has not been announced.

He stated the dates on which the threats were made were December 20, 1910, and February 24, 1911, and asks that the defendant be placed under bonds to keep the peace. Both parties are residents of Woodville township.

## Congregational Church.

For some time the church has been under criticism as being out of harmony with society. I am frank to admit that I believe there is some truth in the criticism. The church has narrowed its influence until its only standing ground is the souls of men. To the christian this is a tremendously broad standing place. However, to the thousands untouched by christian sentiment it seems tremendously small. There are men who sit in the church pews, who can draw a check any hour of the year to cover the expense of every desire who grow out of sympathy with the less fortunate and are inclined to blame the man who continually looks want in the face. There are dear christian grandmothers who can discount the preacher in christian graces who look rather askance at the frolic of youth. It is to be regretted that the church is ever under the criticism as out of sympathy with a single member of society in the legitimate struggle of life.

The pastor of the Congregational church will discuss this problem in a series of Sunday evening sermons from the subject: The Man God Created and His Development. The sub-topics will be:

1. Man and His Physical Wants.
2. Man and His Desire for Recreation.
3. Man and His Intellectual Longing.
4. Man and Spiritual Aspirations.
5. Man and His Immortal Hope.
6. Man and His Hereafter.

The series will begin next Sunday night. We believe you cannot afford to miss this series. Next Sabbath morning the subject will be: America for American Sentiment. We will be glad to welcome you.

WILLIAM L. DIBBLE.

## Y. M. C. A. Notes.

March 6 the last number of the lecture course will be given. This will be the Totten Co., magicians and illusionists. It is a high class entertainment and equal to any of the season.

The gymnasium was filled last Sunday evening for the observance of Anniversary Sunday. The audience entered heartily into the singing and enjoyed the special music fully. The Presbyterian quartette rendered two numbers which were much appreciated. Miss Lori Fuller's solo held the attention of all. Mr. Denison gave the address of the evening in a very convincing manner, showing that the association is not a building, not a gymnasium, not a social club but an organization of living men, united in the cause of spreading the Kingdom of God. He gave figures from the report of the International convention showing that the association is not losing its grip on its definitely religious work by reason of its great financial prosperity. During the last decade the Bible class enrollment has increased 345 per cent, while the gymnasium attendance has increased only 200 per cent.
