calamity organs have not a word to say about the following item from the Timberman.

Bay City, Mich., Oct. 8.—Pitts & Co. of this city have just made a sale of 1,000,000 feet of lumber for shipment to Canada. The logs from which this lumber was manufactured were cut in Michigan. The new tariff bill works both ways. Lumber comes to Bay City from Canada, and Bay City ships lumber to Canada.

Republican papers please copy.

All Alpena is to be congratulated upon the fact that Hon. W. L. Churchill, of Alpena, has been nominated for congress by the Democrats of the tenth district. The need of practical, business men in the conduct of our national affairs is conceded, and when from their number there can be chosen a representative whose other qualifications add to his fitness for a position of public responsibility, the entire country is the gainer. Mr. Churchill has no place in the ranks of the professional politicians, but is a man with a fine record, of sound judgment, honest purposes, loyalty to the pure principles of Democracy, and with a sincere desire for the best interests of the entire people. His legislative experience in the state has not only shown this, but given him an experience that would greatly add to his efficiency in congress. He is the man for whom the place calls, and he should be elected.—Northern Democrat.

In his recent great speech at Terre Haute, Senator Voorhees said: "What a vision rises to our view as we look backward for the causes which have led up to the present condition of the country! A solid mass of Republican legislation from 1861 to 1893 confronts us. In all that space of American history, embracing the average period of a lifetime, every enactment of whatever kind or description, every law, whether by bill or joint resolution, is of unquestioned Republican origin, pedigree and adoption. There is no escape from this declaration. Whatever of failures in business, whatever of panics, whatever of the demoralization of silver, the creation and growth of trusts and monopolies, the squandering of the public funds, the development of McKinleyism for the benefit of the few and to the detriment of the many, the depression of business and the demoralization of trade are directly traceable to Republican legislation. No other party has had a chance to do anything for the country until within the last year, when, according to the official statement of Speaker Crisp, the Democracy has accomplished more for prosperity than any other party has done in the same length of time in the history of the world."

**Our Candidates.**  
 The Democratic county nominations are first class, from sheriff to coroners, and are worthy of the warm support of every Democrat. For sheriff, Peter J. McArron is one who will make a good officer. He is well experienced for the work, having served on the police force and as deputy sheriff. His courageous conduct, when arresting a circus crook, not long ago, shows he possesses one of the most necessary qualifications for a sheriff. He had a crook under arrest, when some twenty or more circus crooks tried to get the prisoner away, but failed. We commend him to the Democrats as a most worthy candidate.

Andrew J. Simmons is known all over the county as one of the best officers Alpena has ever had. This year he did not seek a nomination, but his party insisted on him being their candidate for county clerk, and he was nominated on the first ballot. We believe the voters will ratify the nomination at the election next month.

Robert H. Rayburn is now concluding his first term as county treasurer, and his party was so well pleased with the admirable manner in which he has fulfilled the duties of his office, that he was nominated for a second term by acclamation. He is one of the best treasurers this county has ever had, and we predict his election. He is popular, and represents the young men of Alpena, and has hosts of friends. He has rendered the duties of his office since his election in a business manner, and is always willing to serve those who have business at the treasurer's office.

Our nominee for prosecuting attorney, J. D. Turnbull, is no stranger to the Alpena people. He is one of the ablest lawyers in the city, and the county will have in him a man who is as well fitted for the important office as any man in Alpena. It will be a good investment for the county if he is elected, as he is competent to attend to the law business of the county, and will not have to hire assistance. His ability is unquestioned.

The candidate for Register of Deeds is Charles Asselin, a man well qualified, and very popular among his acquaintances. He has been a resident of Alpena for many years, and during the time Z. Beaudoin was street commissioner, he attended to all the office work. We heartily commend him to the voters of the county as one worthy of their support.

James Collins, the candidate for circuit court commissioner, is a man well known to Alpena people, and he deserves a most capable officer. He has the enthusiastic support of his party.

The candidate for surveyor is Wm. H. LeRoy, one of the best civil engineers in the county, and in nominating him the convention made no mistake.

The two coroners, J. E. Denton and Chas. Benaway are both worthy citizens and deserve being elected.

**Proceedings of Board of Education.**  
 Alpena, Mich., Oct. 10th, 1894.  
 The Board of Education of the city of Alpena met in regular session in the Secretary's office, on the above date, and was called to order at 7:30 o'clock P. M. by the President.

Present, F. W. Gilchrist, President.

Alpena needs a government building for postoffice, custom house and weather office, and the best way to get it is to elect Hon. W. L. Churchill to congress. Alpena people can elect them if they do their duty. Vote for your own interests by voting for a citizen who, like yourself, is interested in the welfare of Alpena.

When the Alpena voter casts his ballot next election for Hon. W. L. Churchill, he shows he is alive to the interest of himself, his family and county, because it is admitted by all that Mr. Churchill, as congressman, will do more for the welfare of Alpena than his opponent, who lives 150 miles away and has no interest in this county.

While the Republican papers and stump speakers are avoiding state issues, the taxpayers are reflecting upon the fact that the administration of Gov. Winans, the only Democratic administration in this state since this was a state, cost half a million dollars less than the Republican administration that preceded it, and three-quarters of a million less than the one that followed it.

**State Tax.**  
 In 1891, the county of Alpena paid in state taxes, under Governor Winans, \$7,966.46, and in 1892, under the same Democratic administration \$7,532.58. In 1893, under the Republican administration of Gov. Rich, the state tax in Alpena county was run up to \$10,234.24, and this year, 1894, it is \$8,965.80. Yes, it surely does seem as if Republican management "comes high."

The Republican county convention gave the nomination for one office—when they could not do otherwise—to a candidate from the country—all the balance being from the city, one of whom holds two offices and is looking for the third. How is it Mr. Organett, did you give the townships a fair show, or does it make a difference as to whose ox is being gored? The machine slate all went through, except for sheriff.

From tactics recently adopted by the Republicans of Michigan, it would look to the casual observer as if the Rich machine managers were getting very much alarmed for fear that Hon. S. O. Fisher may carry the election as governor. Their fear is shown by again bringing into use that disreputable, flip-flop sheet known as the Detroit News, which the Republicans seem to rely upon every campaign to do their dirty work.

A couple of weeks ago the calamity press of the state made a terrible howl because a cargo of 400,000 feet of lumber had been shipped to Bay City from Canada, and the howlers predicted the ruin of the lumber business of the entire country on account of that 400,000 feet of Canadian lumber. But the

**MISCELLANEOUS.**  
 From the Librarian, presenting a list of books and recommending the purchasing of the same for the library.  
 On motion of Trustee Jernin the matter was referred to the Library Committee to report on at next meeting, by unanimous vote.

Moved by Trustee McSorley that the Superintendent be instructed to have the Balm of Gilead trees at the Central school, on the boys' side, cut down and removed. Carried by unanimous vote.

Moved by Trustee Jernin that the Junior Debating Club be allowed to use the commodious room every Wednesday evening to hold their meetings in. Carried unanimously.

Moved by Trustee Pollard that the Secretary be instructed to advertise for proposals for furnishing the schools with wood for the coming winter. Carried unanimously.

Moved by Trustee Jernin, supported by Trustee Johnson, that the Superintendent be instructed not to make any change in readers until further orders from the board be carried by vote as follows: Ayes, Pollard, McSorley, Jernin and Johnson. Nays, Walker and Stewart.

On motion of Trustee Jernin the board adjourned.

F. W. GILCHRIST,  
 President.  
 Wm. A. McDONALD,  
 Secretary.

**Council Proceedings.**  
 The Common Council of the city of Alpena met in regular session in the Council Room, on Oct. 15th, 1894, and was called to order at 7:30 o'clock P. M. by the Mayor.

Present, F. W. Gilchrist, Mayor, Wm. A. McDonald, Recorder, and Aldermen Holmes, D. A. Campbell, Pamereau, Palmerau, Cable, Christian, A. Campbell, Manion and Irving.

Journal of sessions held Sept. 17th, and Oct. 1st, 1894, read and approved.

**COMMUNICATIONS.**  
 To the Hon. the Common Council:  
 Gentlemen—I would most respectfully request that you extend the warrant for the collection of taxes from Oct. 27th, 1894, to February 1st, 1895.

Yours respectfully,  
 ROBT. E. GILWORTH,  
 City Treasurer.

Moved by Alderman Blakley that the warrant on the tax roll of the city of Alpena for the year 1894, be extended until Feb. 1st, 1895, and approved.

Present, Ayes, Holmes, Blakley, Price, D. A. Campbell, Pamereau, Cable, Christian, A. Campbell, Manion and Irving.

From L. F. Clewly asking permission to use 6 feet of 4th Street to build an approach to the Alpena Ice House, barn. Referred to the Committee on Streets and Sewers, on motion of Alderman Blakley.

From I. Brobner and 6 others, petitioning to have a tile drain laid on Louis street, between Second and Third streets, in place of the old box drain that is caved in. Referred to the Committee on Streets and Sewers, on motion of Alderman Blakley.

**REPORTS OF COMMITTEES.**  
 From the Committee on Ways and Means, recommending the payment of the following bills:

G. A. Burton.	11 00
W. H. Campbell, bill for	1 00
G. Cook.	1 00
Chas. Dora.	5 00

Chas. E. M. D.	20 00
John McSorley.	25 00
John McSorley.	25 00
Rudolph W. Mersheim.	25 00

Moved by Alderman D. A. Campbell that the report of the committee be accepted and warrants ordered drawn for the payment of the several amounts so recommended. Carried by unanimous vote.

Your committee to which was referred the petition of John A. Spool Co., would most respectfully report that we have examined the fire protection afforded the company's plant, and find that there is a hydrant within 300 feet of buildings on east side, and hydrant 300 feet on north west side, and 300 feet on west side of buildings, and that six streams can be used in any direction. While we believe in good fire protection, we think that the Spool Company is as well, if not better, protected than many other plants.

D. S. IRVING,  
 GEO. PAMEREAU,  
 Committee.

Moved by Alderman D. A. Campbell that the report of the Committee on Fire Department be accepted and adopted. Carried by unanimous vote.

From the Committee on Ordinances, presenting Ordinance No. 55, new series, entitled an ordinance authorizing the construction of a telephone system and the erection of poles and wires in the city of Alpena.

Moved by Alderman D. A. Campbell that the ordinance be accepted and read, and be put upon its first and second reading. Carried by unanimous vote.

Said Ordinance No. 55, new series, entitled an ordinance authorizing the construction of a telephone system and the erection of poles and wires in the city of Alpena.

**The Devil Rebuking Sin.**  
 McKimley denouncing the new tariff as "the work of a monstrous trust" is an interesting spectacle, says the Chicago Herald.

If the new law is the work of a monstrous trust, what was the McKimley law? It is notorious that McKimley and his committee were constructing their bill they invited the various "interests" to submit schedules to suit themselves, then made these schedules more favorable to the "interests" and enacted them into law.

Most of the "interests" had previously taken on the form of trusts and like combinations, against which were directed the thunder of the Sherman anti-trust law. The McKimley law, therefore, was the work of a monstrous trust, but of a score of monstrous trusts. And it gave those trusts more than even their own representatives had the impudence to demand.

**The Reason Why**  
 Dr. Kermath's Mandrake Pills are warranted because they are the best pill made; they purify the blood and build up the constitution. For colds, sick headache, sour stomach, bowels complaint, languid feeling and all disorders of the liver they are unexcelled. 25c.

**"Yield not to Misfortune."**  
 I was afflicted with catarrh last autumn. During the month of October I could neither taste or smell and could hear but little. Ely's Cream Balm cured it.—Marcus Geo. Shantz, Rahway, N. J.

I suffered from catarrh of the worst kind since I was a boy, and I never hoped for cure, but Ely's Cream Balm seems to do even that. Many acquaintances have used it with excellent results.—Oscar Ostrum, Warren Ave., Chicago, Ill. Cream Balm is agreeable.

The October edition of "Tollates" is always one of the most attractive and beautiful of the year. The number now received is a "record-break" for the season. It comes in far ahead of all its contemporaries in respect of a full, serviceable and refined selection of the now fall styles. The enterprises of the publishers has never been shown to greater advantage in any previous issue. Such a number speaks for itself, and will contribute to make the magazine still more solid with its admiring subscribers. It can be obtained from all newsdealers, or direct from Tollates Publishing Co., 126 West 28th St., New York. Single copies 20 cents; yearly subscription \$1.50.

Among the topics of timely interest singled out for editorial comment in the "Progress of the World" of the October Review of Reviews, is the Elmiria Reformatory system. The editor takes the ground that whether or not Superintendent Brockway has erred in certain details of administration, the signal services rendered by him in the building up of such an institution are not to be ignored. Attention is called to the character of a large proportion of the young criminals with whom the Reformatory has to deal, and to the remarkable record of apparently permanent reformations.

Home and Country (New York), for October, appears in a nice new cover, an entire new dress, and reduced in price to \$1.20 a year. The quality of the magazine is maintained, and the great diversity of subjects treated of make it very instructive and interesting. Each month, some one or more articles appeal directly to the common people. As an American magazine—seeking the support of the masses as well as the classes—it is made attractive in some way to every member of

**Dr. Price's Cream Baking Powder**

The highest award was given on every claim, comprising superiority in leavening power, keeping properties, purity and excellence. This verdict has been given by the best jury ever assembled for such a purpose, backed by the recommendation of the Chief Chemist of the United States Department of Agriculture, Washington, D. C., who made an elaborate examination and test of all the baking powders. This is pre-eminently the highest authority on such matters in America.

This verdict conclusively settles the question and proves that Dr. Price's Cream Baking Powder is superior in every way to any other brand.

**The By View Reading Circle.**  
 One year ago the new By View Reading Circle was launched. It had a shorter, lower priced and more modern course than the Chautauque Circle. Instantly it met with popular approval and at the end of five months was in use over much of the country. The new course for 1894-5 is just out, and is said to be even finer than the first. The four books and monthly magazine, which constitute the course, cost only \$5, and the three great subjects to be studied—Franco, Social Reform, and Art, promise to be as useful as they are sure to be enjoyable. A reader of the By View Course will at the end of a few years have a useful body of classified knowledge which the desultory reader never has. J. M. Hall, Flint, Michigan, is the person to address for circulars of information.
