

In a long report of the opening exercises of the forty-fifth session of Roanoke College on the 15th instant, the Salem (Va.) Times-Register, of the 17th, says: The attendance on the day was encouraging, indicating an increase over the enrollment of last session, and keeping up Roanoke's record for increasing patronage for some years.

"I have been subject to great debility and attacks of rheumatism. I never received more than temporary relief from medicine, until I began taking Hood's Sarsaparilla which toned up my system and made me in all respects a well woman. I am thankful for Hood's Sarsaparilla."

WHERE THE MONEY GOES.

Gross Temptations by Which Alaska Part with their Gold. There are many men on the Klondike, it is claimed, who will probably never return to civilization. This is the statement of Jack Carr, the mail carrier, and it is not very joyful news he brings to anxious relatives in this city and elsewhere.

WOMEN AS A RACE.

They Have a Different Line of Progress from Men. All women have fathers as well as mothers. That is a fact of natural history which we do not suppose the most advanced of the crowds who are now writing about women and their progress are prepared definitely to deny.

Doas and Kueens.

Under old methods of harvesting the steel rake was a very important adjunct to secure scattered grain. Yet even in those days good farmers did not find those rakings very valuable, as they were always staked and often nearly ready to sprout by the time they were dry weather. The new harvesters leave no rakings, and as what would otherwise be wasted is thus saved, or market, it makes a special addition to the crop.
