

LEAVING IT ALL TO US.

We find that our judgment is relied upon more and more by property owners who are careful to have their property insured in the best companies. They wish to avoid mistakes, and they are often glad to have us shoulder the entire burden. Many times we save dollars for such people. We certainly give our policy holders all there is good in FIRE INSURANCE.

Being able to do well so much for our patrons, as a rule, reflects favorably upon both parties. Not one of our policy holders that have had fires ever lost a dollar by our companies. It is cash for the full face value of your policy the day after the fire with us, every time. If any doubts disturb you, tell them to us.

FIRES DON'T BLOW A WHISTLE

for you to get out of the way. They come with the swiftness of lightning. You can't get out of their way, but you can buy fire insurance. You can then snap your fingers at fires and bid them do their worst. Most folks act as though they supposed their homes were charmed. They are not astonished when a friend is buried out. But it seldom occurs to them that their turn may come next.

If you think these statements a little too strong, why not come in and make us show up or shut up?

It is generally expected that Governor Montague will commute the sentence of William Hairston to life imprisonment. He was convicted of murder at the last term of the circuit court for Tazewell county and was sentenced to be hanged on the 21st of this month. The leading citizens of Pocahontas and Tazewell have signed a communication to the Governor requesting a commutation of the sentence. Eleven of the jury who tried Hairston have made such a request and Judge Henson has addressed a letter to the Governor to the same effect. Mr. V. L. Sexton, counsel for Harrison has been to see the Governor, and Mr. Sexton is making every effort to save his client's life. It is almost the universal wish here that he may succeed in doing so.

GOV. MONTAGUE TO INVESTIGATE

Italian Ambassador Wants to Know How Joseph Leanto Met His Death

WAS A LABORER NEAR ALEXANDRIA

Ran Amuck and Terrorized Community— Claimed he Committed Suicide After He Mortally Wounded an Officer.

Washington, April 11.—The Italian ambassador has brought formally to the attention of the state department the death last Thursday, at a little town not far from Alexandria, Va., named Lorton, of Joseph Leanto, an Italian laborer, who himself had mortally wounded George Malcolm, a deputy sheriff, in resisting arrest.

It was at first claimed that Leanto, who had run amuck and terrorized the community, had committed suicide to avoid arrest. Now the ambassador represents to the state department that, from the character of the wounds found on Leanto's body, one in particular being in the hand, there seems good reason to doubt the theory of suicide, and that it is an open question whether the Italian was not killed by a mob.

Following the usual practice the state department has communicated the ambassador's note on the subject to the governor of Virginia with a request for an investigation and statement of facts.

Harriman Ousted.
New York, April 11.—The Evening Post says:

E. H. Harriman, president of the Union Pacific and Southern Pacific railroads, was displaced in the directorate from the Northern Securities Company at a stockholders' meeting in Jersey City, this action marking what Wall Street looked on as a culmination in the long standing enmity between the Hill and Harriman parties in the Northern Securities Company by a vote of strictly the Hill shares and proxies, representing a combination of 2,648,000 shares. Mr. Hill elected Amos T. French, a son-in-law of John S. Kennedy, also of the Northern Securities Company and one of Mr. Hill's staunchest supporters, to Mr. Harriman's place on the board.

India Earthquakes.
Simla, India, April 11.—Fresh earthquakes yesterday evening and this morning led to a revival of alarm. The new government offices here are freshly cracked.

Lahore Punjab, India, April 11.—Commissioner Jullundur reports that, as a result of his investigations he estimates the fatalities resulting from a recent earthquake in the Kangra district at 10,000 and in the Palampur district at 3,000. The total number of persons killed at Dharmasala was 424, besides the Gurkhas, who were crushed to death by the falling of the stone barracks.
