He is now interested in coal mining on Widemouth in West Virginia; and has a fine country estate in Montgomery county, this state, that is one of the show places on the Norfolk and Western between Radford and Roanoke.

Don't forget that Pobot will have just what you will want for a gift this year. Adv.

The advertisement of Frank Hellerick & Co. that appears on the fourth page of this paper, is one well worth reading, not only for the information it gives to poultry raisers, but as an example of good advertising. They have a definite proposition to put before the people and they do it in a clear, concise manner and set forth in plain language the service they have to offer the people of this section. Their argument in favor of dressing poultry before shipping is plausible and well worth the consideration of every grower. By all means read this ad. In fact, our readers will find it to their benefit to read every ad appearing in this issue.

THE BIGGEST ORDER FOR TURKEYS EVER GIVEN BY ONE CONCERN

Is in our hands to be filled 18th to 21st. When placing this order their buyer told us they wanted the cream of quality for which they would pay a little above the top of the regular market. This means a price better than the best to people who furnish the goods. Do you want to be one of them? If so write us at once how many you will have and we will promptly send you our card of dressing instructions and quote our prices. In addition to this big order we have hundreds of small ones from our regular customers that must be filled and we feel very sure that fine prices are ahead for all shipments made to us before Xmas Holidays. Don't promise your poultry until you write and get our personal letter of prices. Sometimes we are asked: "Does it pay to dress poultry?" We always say "YES." Look at these figures: A 14 pound turkey at 15 cents per pound, (the local price for Thanksgiving on foot) would bring \$2.10. The same turkey dressed per our instructions would lose about 2 pounds; then 12 pounds at 25 cents per lb., (the price we sold nice stock for here) would bring \$3.00. Now deduct 2 1/2 cent per pound expenses for shipping and you have \$2.70 net. Don't it pay? Take our advice and try us with your Xmas and New Years shipments and we guarantee to make you money. We are reliable and prompt, 31 years experience and treat everybody right. Let us have your business.

A fine Loudoun County blue grass farm for sale at a bargain. 263 acres, 245 of which is cleared and in a fine state of cultivation. On good rock road, 2 miles from a fine graded school located in a thrifty little village. This farm is in one of the best sections of Loudoun County.
