A large two-topmast schooner loaded lumber in Eastern Branch last week for the Good Lumber Co. While at White Stone wharf Monday evening about 7 o'clock steamer Lancaster caught fire in the kitchen and before the flames were extinguished they had worked their way to the upper deck. Damage was not great and she proceeded on her way to Baltimore. The tug Jack Twoby has completed the longest voyage ever undertaken by a vessel of her class. It was a trip of 10,000 miles through Southern seas from Norfolk to Bahia, Brazil, and return. It required two months to complete the voyage, and there were many close calls with death or disaster that the men on the Twoby had. She went to Brazil to deliver the Koch, which had been sold to parties there. The Twoby was commanded by Captain Thomas O. Moon, of Baltimore, a Virginian by birth. The crew consisted of ten men all told. For several days at a time the sea literally swept over the highest part of the tug, and from St. Lucia to Cape St. Roque the tug sailed under water. Down in the hold the crew were locked in, and the water was pouring in by tons and tons. During the trip to Brazil, the Koch, which the Twoby was towing, filled with water several times, and the Twoby was forced to pump her clear. SULPHUR BATHS AT HOME. They Heal the Skin and Take Away Its Impurities. Sulphur baths heal skin diseases, and give the body a wholesome glow. Now you don't have to go off to a high-priced resort to get them. Put a few spoonfuls of HANCOCK'S LIQUID SULPHUR in the hot water, and you get a perfect Sulphur bath right in your own home. Apply HANCOCK'S LIQUID SULPHUR to the affected parts, and Eczema and other stubborn skin troubles are quickly cured. Dr. R. H. Thomas, of Valdosta, Ga., was cured of a painful skin trouble, and he praises it in the highest terms. Your druggist sells it. HANCOCK'S LIQUID SULPHUR. OINTMENT is the best cure for Sores, Pimples, Blackheads and all inflammation. Gives a soft, velvety skin.

BIG 4th AT IRVINGTON.

FINE TIME—NOT A HITCH OR JAR. Boat Races, Speeches, Base Ball and Plenty to Eat for Big Crowd. The coolest and most pleasant weather experienced in years on July Fourth alighted upon Tidewater last week. The second of the festivities under the auspices of the Irvington Village Improvement Association eclipsed in probably every respect the first one. At 10 o'clock the Rappahannock river, in the vicinity of Carters Creek, was studied with craft of all descriptions awaiting the motor work-boat races. The judges were E. W. Long, L. M. Irving, J. Wood Tull and W. C. Coulbourn. The entries in the 25 horse power and under were the Blanche, Capt. W. L. Messick, and the Mary, Leo Simmons. At the boom of the Accomac's cannon they started fair from Carters Creek over the course around Towles Point buoy, around lay-boat of Gray's Point and back to Carters Creek. The prize was the costly silver cup won by the Greyhound in the former race. A few minutes later five boats under 10-horse power were started on the same course. The entries and order of finish were: Lacy Kirkmyer, Wes. Ashburn, W. Lay Howard, Vernon Messick and Joseph George. The prize was a handsome set of flags. This race was more exciting than that of the big boats, although the way the Mary cut the water and the time she made was astounding to the spectators. The fact also that Leo Simmons had made and built his own engine, out and out, added to the interest the people had in his success. He deservedly won the handsome cup, making the nine miles in considerable less than the hour. The Blanche was handicapped by her big house and furnishings and went in to make up the race. Owing to the cup being left at the Bank where, it was on exhibition during the day, it was not formally delivered later. As each of the victors came in there were salutes of whistles, horns and applause. At noon a big dinner was spread in the Chesapeake Academy, partaken of by hundreds. The ladies deserve much credit for their management of this and the entertainment at night. At 3 p. m., Dr. Geo. W. McDaniel, of the First Baptist Church, Richmond, spoke to a packed house in the town hall. He boxed the compass as a theme and kept his audience engaged for over an hour. He touched on Fourth of July, Christianity, Temperance and experiences in Texas, and impressed our people with his versatility and eloquence. After the address the great throng repaired to the Academy campus to witness a game of ball between Urbanna and Irvington. The visitors won by 6 to 4 in a game splendidly played by both sides. E. C. Anderson gave entire satisfaction as umpire. Ice cream and other refreshments were to be had, and at night the glorious Fourth was wound up with an entertainment by home talent in the Opera House. Every number went off well, and little tots and big dots were alike roudly applauded. Something like two hundred dollars was realized for village improvement, which was good considering the low rate charged for eating and the free admission to the speaking. FIRST NEW WHEAT. One hundred bushels of new Virginia wheat reached Baltimore July 3rd—the first of the season—from Lancaster county. It was of good color, free from garlic and in fair condition for new wheat. The first new wheat to Baltimore last year was on June 21, consisting of a small lot from Merry Point, Va., also in Lancaster county. AFRO-AMERICAN NOTES. Star of Bethlehem lodge, No. 1391, Good Samaritans, is getting lumber in place and expects to build before long. Rev. D. Tucker, of White Stone, was recently a guest at the home of A. Williams, in upper Lancaster. Peter Wood, formerly of upper Lancaster, but now of Hartford, Conn., has been here some time on vacation. Mrs. R. H. Holmes, who has been extremely ill for nearly three weeks, is thought to be slowly improving. F. A. Wright is also sick. Miss Nettie Banks, of Tombs, entertained a number of friends Thursday evening of last week, which was the anniversary of her birth. Mrs. L. V. Thomas, of Eastern Branch, left Friday for a two weeks' visit to friends and relatives in Baltimore and Pittsburg. Members of Sharon Baptist church Aid Society visited Mrs. Martha Byrd, near Kilmarnock, and presented her with many needed articles, for which she was very grateful. Thomas M. Gordon, of White Stone, is on an extended visit to friends in North Carolina. R. H. H. IN MEMORIAM. In sad but loving remembrance of my dear friend, Cordelia Logan, who died 29th of July 1906, at her home near White Stone, Va. Gone but not forgotten. A precious one from us has gone, A voice we loved is still, A place is vacant in her home Which never can be filled. 'Tis hard to break the tender cord, When love has bound the heart, 'Tis hard so hard to speak the word, We must forever part. By a friend, AMELIA AUBSIN.

In sad but loving remembrance of my dear father, Alfred Jackson, who died March 18, 1907, aged 84 years, at his home near Rehoboth, Va. God in his wisdom has recalled The boon His love has given And though the body mouldered here, The soul is safe in Heaven. By his daughter, TENNIE WASHINGTON.

DOWNINGS.

The recent gentle showers of rain and bright sunshine has greatly helped all growing crops, and beautiful fields of both corn and tomatoes can be seen on any road you travel, and every farmer you meet has a fine prospect for both crops. It is very evident that the peach crop here will be a sad disappointment as a large part of the crop is rotting and dropping. Mrs. A. D. Booker, of North Dakota, is visiting her mother, Mrs. J. H. Simonson, who has been quite sick for several weeks. W. F. Bray, of Port Norfolk, visited relatives at Hales Point last week. Rev. W. E. Wright was in Baltimore last week on business. REPORTER. HOT WAVE OVER COUNTRY. The hot wave which has prevailed over most of the United States continues practically undiminished. The Weather Bureau announces that there has been little change in the general high temperature, and no relief from the heat is in sight. The northern tier of States, as far west as Montana, furnish the only normal weather reported. FREE OBITUARIES—COSTLY COFFINS. We have several lengthy obituaries on hand for publication that we will publish as soon as we can. We are frequently getting from two to six for the same person. We hope that when one dies that the family of the deceased will select some one to write an obituary, and not for all the friends to write one, as we have not the time and space for so many; and let them be brief and to the point, and those familiar hymns that have been worn might be omitted, too. They are very beautiful, but when they occur so often they become monotonous.—Floyd Press. Pathetic. The Virginia newspapers are cruelly imposed upon by the public—in some communities more so than in others. Why should a weekly newspaper, with limited space, be called upon to publish free of charge several verbose obituaries of a single subject? When man or woman dies in a given community, the local paper makes such publication as the prominence of the subject requires. After that is done, why should the editor throw open his columns to every scribbler who may be disposed to compose an 'obituary.' It is an imposition, that our brethren should not tolerate. Obituaries should be paid for at so much per line. The editor of the paper is no more under obligation to give a free obituary than the undertaker to furnish a free casket.—Times-Dispatch.

FARMING IN LA VENDEE.

"I found more things of interest to me in rural France, which I toured not long ago, than in the very capital of that nation," said E. F. Burnham of San Francisco. "While in many parts of the republic agriculture has been brought to a high state of perfection. In some of the departments it is still in a primitive condition. In La Vendee, for instance, I saw men sowing with those old instruments, the distaff and spindle, which were in use 4,000 years ago. Throughout that locality sheep were kept for their milk cows were worked at the plow and harrow, and the women went to market in little carts drawn by donkeys. Another odd sight was the portable stills which went from farm to farm making brandy, of which the district produces a considerable quantity."—Washington Post.

SHAKESPEARE AT HOME.

A correspondent who has been staying at Stratford-on-Avon relates that he one day asked his landlady: "Who is this Shakespeare of whom one hears so much down here? Was he a very great man?" To which she replied: "Lor, sir, he warn't thought nothing on a few years ago. It's the Americans as 'as made him what he is!" THE JAPANESE. "Every time the papers say something about 'Japs' it hurts the Japanese people," said a Japanese. "We call our country Nippon, pronounced in the Japanese tongue 'Nihon,' and a Japanese man is 'Nihonjin.' Foreigners say Japanese and Japan because they don't know how to pronounce the real words."—New York Sun. J. R. GRESHAM'S CERTIFICATE. STATE OF VIRGINIA, COUNTY OF LANCASTER, TO-WIT: I, Wm. Chilton, Clerk of the Circuit Court of the County aforesaid, in the State of Virginia, do certify that Mr. Jas. R.
