

ON THE DIAMONDS YESTERDAY

THE GAME.

The Roanokes Still Winning—Good Game Yesterday.

The Roanoke team is still winning. The rosters and cranks witnessed a heart disease game yesterday afternoon and it was uncertain who would win until the last man was out. It took ten innings to decide the contest, so the cranks did not feel safe until the last man was out.

Jake Sherer saved the last man in the ninth inning. The locals were in the lead but the visitors tied the score and with but one man out and a man on second and third, Ryan sent a fly to left field. Jake caught it easily and made a splendid throw to the home plate in time for Williams to catch Warrick, who was sprinting from the third bag.

Coons and Lampe were the opposing twirlers and the former was batted so hard in the third inning that he retired and Kimble was substituted in his stead. In the third it literally rained hits; every time "Dusty" put a ball over the plate it was smashed to the fence, either for two or three bases. In the hitting melee the visitors scored five runs. Kimble kept the hits so well scattered after he went in the box that it was impossible for a man to get further than the third bag until the ninth inning, when they jumped onto him and he fared but little better than his predecessor. Marr singled, Reiman cracked out a two-bagger, followed by Katz and Warrick and Burke with singles. Three runs were made and the score tied, but Scherer's splendid "wing" saved the game by making an exceptionally fine throw to the home plate.

The Magicians began their run-getting in the first inning. Williams was given his base on balls, and "old reliable" Pop Tate singled, and Williams went to third. Reiman made a bad throw to second. Williams scored and another bad throw of the ball by Hargrove allowed Tate to cross the rubber. In the third Fleming and McGann both made singles and Tate sent the horse hide to the right field fence for three bases; then little George Wrigley walked up to the plate and lined it over the fence for a homer. In the seventh Tate sent another ball to center field, it took a bad bound and missed; Hargrove and the batter went to third; Wrigley hit for two bases and Tate scored. In the ninth McGann got a good one on the end of his bat and lined the ball over the left field fence.

The winning runs were made in the tenth inning. Lynch was hit by a pitched ball, Hill and Sherer both singled, Kimble went to first on a fielders' choice and Lynch was caught at the plate. Hill scored on Fleming's fly to right field, and Sherer scored on a wild pitch by Brandt, who had been substituted for Lampe.

LYNCHBURG BEATS PETERSBURG. Lynchburg, July 27.—Lynchburg defeated Petersburg today by the score of 16 to 13, the game being a regular slugging match.

Score: Lynchburg, 16 runs, 20 hits, 4 errors; Petersburg, 13 runs, 16 hits, 7 errors. Batteries: Brown, McFarland and Schabell; Reed and Vetter.

RICHMOND NOT IN IT. Norfolk, July 27.—Norfolk had it all their own way with the Richmonds and sweetened their batting averages on Clausen. They batted him all over the garden. Both teams put up a very loose and uninteresting game.

Score: Norfolk, 16 runs, 21 hits, 5 errors; Richmond, 8 runs, 13 hits, 7 errors. Batteries: Leach and Fields; Clausen and Boland.

STATE LEAGUE STANDING. Lists standings for Lynchburg, Roanoke, Richmond, Norfolk, Portsmouth, Petersburg.

ST. LOUIS WINS. St. Louis, July 27.—Each pitcher kept his opponents down to nine hits, but Fraser gave four bases on balls and the Browns were unable to win, though they made some rank errors. The Colonel's fielding was almost perfect. Attendance 1,500.

St. Louis, 6 runs, 9 hits, 3 errors; Louisville, 3 runs, 9 hits, 1 error. Batteries: Kissinger and Murphy; Fraser and Dexter.

WON IN THE NINTH. Cincinnati, July 27.—The Reds batted

out the victory in the ninth inning after having been unable to score a run up to that time. Cleveland earned two of their runs. The Reds made a like number in the eighth but a brilliant double play cut short their chances. Fisher replaced Rhines in the seventh. The latter pitched his first game since his finger was broken. Attendance 5,000.

Cincinnati, 3 runs, 8 hits, 3 errors; Cleveland, 2 runs, 7 hits, 1 error. Batteries: Rhines, Fisher and Peitz; Cuppy, Blake and Zimmer.

CHICAGO BEATS PITTSBURG. Chicago, July 27.—The Colts won today in the first inning. Hawley started to pitch for the Jonahs, but, after giving a base on balls, hitting a batsman and being pounded for a double and single, four runs resulting, gave way to Hastings. Everett, Pfeffer and Padden did unusually pretty work in the field. Attendance 1,200.

Chicago, 9 runs, 9 hits, 0 errors; Pittsburgh, 3 runs, 9 hits, 3 errors. Batteries: Friend and Donohue; Hawley, Hastings and Merritt.

TRADE UNION CONGRESS. Anarchists Take Possession and Compel an Adjournment.

London, July 27.—The International Socialist Labor and Trade Union Congress opened this morning in St. Martin's Hall. The session was devoted to wrangling as to whether anarchists should be admitted. A group of anarchists present behaved in a noisy and turbulent manner, and the chairman promised to have a force of police handy to expel them from future sessions, if necessary. The question of admitting anarchists was not decided when the session was adjourned.

The noisy demands of the anarchists produced the most bitter feelings among the socialists, who very generally resolved, at a meeting of the British section, to shut the door in the face of the anarchists to-morrow, and to employ the police freely to eject them if necessary. During an attempt to seize the platform, the women reporters were so terrorized that they fled from the hall. Chairman Covey was inaudible, and swung a huge railway bell with both hands in his attempt to restore order. But this only added to the din without quieting the assembly. Finally the proprietor of the hall entered and declared that he would close the building unless the delegates behaved in a more orderly manner. This had a calming effect upon the socialists, and the uproar subsided. The attempts made to eject the riotous anarchists failed, and finally the chairman adjourned the meeting.

GOLD EXPORTS. Bankers Agree on a Plan to Prevent Them For the Present.

New York, July 27.—The committee of seven, appointed at the recent meeting of exchange bankers to devise a plan for the prevention of gold exports during the next ninety days, to-day presented a complete report to the full body at a meeting held at the offices of J. P. Morgan & Co. The plan was pronounced effective, and was unanimously adopted and the committee discharged. The plan will take effect immediately.

A member of the firm of J. P. Morgan & Co. said that no public statement could be made at this time. Deposits by local banks at the sub-treasury foot up \$415,000, and swell the grand aggregate to \$18,115,000. The Brooklyn banks are beginning to tender gold to the United States Treasurer through Mr. Tappan in exchange for legal tender notes. The People's Bank of Brooklyn to-day offered to deposit \$10,000, and the First National Bank and others in that city, and the Queens County Bank of Long Island City, also will give up a proportionate amount of their gold for the Treasury.

DEMOCRATIC CONVENTION. Attitude of Gold Men Cause Considerable Concern.

Washington, July 27.—Senator Pettigrew of South Dakota, who followed Senator Teller in his bolt from the Republican national convention at St. Louis, has resigned as a member of the Republican Congressional committee. The vacancy has not yet been filled. There are a number of avowed advocates of the gold standard on the Democratic Congressional committee, standing practically as much in opposition to the platform and ticket as Senator Pettigrew did, but no resignations have been reported up to this date from the Democratic committee.

It is said that when the Democratic national committee opens headquarters a few days hence, one of the first subjects to be taken will be the attitude of certain men towards the national platform and ticket, who, having been nominated as Presidential electors on the Democratic ticket prior to the Chicago convention have since that time repudiated both the platform and ticket, and are publicly credited with the intention to vote for McKinley.

STRIKE AT AN END. Cleveland, Ohio, July 27.—The long drawn out strike of the employes of the Brown Hoisting and Conveying Works, which was inaugurated nine weeks ago, and has resulted in a series of bloody riots, is at an end, a satisfactory settlement with the company and representatives of the employes having been reached to-day. The company agrees to receive grievances committees from the employes and grant a half holiday on Saturday. All old employes are to be reinstated regardless of any part they took in the strike. The men will return to work to-morrow morning.

A CARD OF THANKS.

Martinsburg, W. Va., July 20, '96. To the Officers and Members of Division 401, Roanoke, Va.

Fully recognizing the efforts that were made for the comfort and enjoyment of the visiting members and their wives of Division 352, and being highly appreciated by all and believing that their hospitality has never been surpassed by any previous union meeting, we do most earnestly tender our sincere thanks to the brothers of 401 and their wives for their kindly and hearty welcome at this union meeting held in Roanoke, Va., June 15 and 16.

And be it resolved, That we also extend our thanks to the general manager of the Norfolk and Western railroad, Maj. Jos. H. Sands, for his kindness in giving us passes and also for the train placed at our disposal for a trip to the Grottoes, also to Con. R. M. Robinette, of Division 210, for his kindness in securing and forwarding passes to this union meeting. Never in history of past union meetings have we received higher honors and more courtesies shown us, and while memory lasts we will ever entertain the most kindly feelings for our host and hostess.

Therefore, we also desire to extend our thanks to the committee in general for their attentions and for the grand reception tendered us at Hotel Roanoke as visitors, and which was so much enjoyed by all. To the citizens for making our stay in their city so pleasant to all the orders represented there, and we each feel we can never forget the manner in which our wants were so royally supplied, and the brotherly feelings shown us while in the beautiful city of Roanoke. Fraternally, John A. Bowers, F. A. E. of Div. 352, B. of L. E.

CAUGHT IN A MOLTEN STREAM.

High Bridge, N. J., July 27.—Wesley Nichols, superintendent of the melting department of the High Bridge Steel Works, tripped and fell while transferring about two tons of molten metal from the furnace to the molds yesterday. In his fall he seized the lever that opens the valve, and the molten metal ran on him in a stream. When the iron struck the damp floor it flew in all directions, with reports as loud as artillery. Mr. Nichols was soon extricated from his perilous position by workmen, but his arm and legs were frightfully burned, his shoes being nearly burned from his feet. Dr. Halstead thinks he will recover.

Those in need of furniture and house furnishing goods would do well to call at Donaldson's before buying, as their entire stock will be on the market at cost for the next thirty days. Mark Reed, trustee.

In the vicinity of Boquet, Westmoreland county, Pa., almost any one can tell you how to cure a lame back or stiff neck. They dampen a piece of flannel with Chamberlain's Pain Balm and bind it to the affected parts and in one or two days the trouble has disappeared. This same treatment will probably cure a pain in the side or chest. Mr. E. M. Frye, a prominent merchant of Boquet, speaks very highly of Pain Balm, and his recommendations have had much to do with making it popular there. For sale by the Chas. Lyle Drug Co.

DROWNED IN THE APPOMATTOX.

Petersburg, Va., July 27.—William Caykendall, aged 52, was drowned in the Appomattox river at this place yesterday. He sat on the bank with some companions and remarked that he could easily swim across the river and back. I vesting himself of his outward clothing, he handed some money to one of the bystanders, saying that he would have no further use for it. He swam across the river, and while on his return was drowned. The coroner viewed the remains and certified that the drowning was accidental. Color is given to the belief that it was suicide by the circumstances that he had twice previously plunged into the river with suicidal intent.

Last summer one of our grandchildren was sick with a severe bowel trouble. Our doctor's remedies had failed; then we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave very speedy relief. We regard it as the best medicine ever put on the market for bowel complaints.—Mrs. E. G. Gregory, Fredericktown, Mo. This certainly is the best medicine ever put on the market for dysentery, summer complaint, colic and cholera infantum in children. It never fails to give prompt relief when used in reasonable time and the plain printed directions are followed. Many mothers have expressed their sincere gratitude for the cures it has effected.
