Since 1878 there have been epidemics of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhoea Remedy was used with perfect success. Dysentery, when epidemic, is almost as severe and dangerous as Asiatic cholera. Heretofore the best efforts of the most skilled physicians have failed to check its ravages. This remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying conditions, which proves it to be the best medicine in the world for bowel complaints. The book of woman's life is divided into three chapters: Girlhood, womanhood, motherhood. At the time when a young girl passes into womanhood—turning the leaf as it may be—between the first and second chapters of her existence—a little care and thoughtfulness will double her chances of future happiness and save many hours of suffering. Every young woman should have an intelligent understanding of her own physical make-up, which is little better than pure ignorance, opens the way to an untold amount of pain and wretchedness.

Few women realize the influence exerted on their bodily and mental well-being by the special organism of their sex. It is hard for them to believe that the little drain which goes on from day to day is sufficient to sap away the very life forces. Yet it is so. The weakness, exhaustion, melancholy, the periodical prostration and sometimes almost torture has no other cause; two-thirds of the time, than the abnormal unhealthy condition of the generative organs. Strangely enough even doctors often fail to recognize the truth. For this condition there is no other remedy in the world so helpful and certain as Dr. Pierce's Favorite Prescription. It restores health and vigor to the female functions and renewed vitality to the entire body. It heals inflammation, stops discharges, strengthens the ligaments and builds up the internal tissues which cannot be reached by "local treatment." It is of inestimable value to young women and to prospective mothers, greatly lessening the pains and perils of childbirth if taken during pregnancy. During the "change of life" it is invaluable.

Dr. Pierce's great book, "The People's Common Sense Medical Adviser," has 700 pages, profusely illustrated. Over 50 pages are devoted to woman's diseases with suggestions for home-treatment. It will be sent free by World's Dispensary Medical Association, 663 Main Street, Buffalo, N. Y., on receipt of 21 one-cent stamps to cover cost of mailing only.
