SEE WHAT IS IN THIS, THEN PATRONIZE US.

National Business College opens her fall session this morning 9 a. m., with seven high-grade, well qualified instructors, whose reputations as masters of their work is not to be questioned, after the increased enrollment of last year from 105 to 190, which was 91 over the year before, and the prospective increase for the coming year. The students who left the school after it closed July 30th and are now making from \$25 to \$65 per month instead of remaining an expense upon their parents is, to thinking people, an evidence of the common-sense teaching and the enthusiasm given by this institution, and shows that the school is helping to save many a man, who has the responsibility of a family, from feeling the depression of hard times which seems to hold many down to-day. Practically, teaching to do something is what the country wants, and when pupils spend their money for education alone, and use the education when they have it, educational institutions will prove more of a blessing than to-day. We are prepared to teach actual business practice book-keeping, where the students buy, sell and trade with one another as in business; shorthand, Typewriting and advanced Normal English with Preparatory English work. If a student from this school and one from another were to need and want work and go to a business man for it, he would take the one from the National Business College two to one; because he has had the actual business practice training.

THE BODIES RECOVERED.

New York, Sept. 6.—The bodies of Mr. and Mrs. Forrest H. Parker, Jr., who were drowned in Chain Lake, in the Adirondacks, on Saturday, have been recovered.

THE BAPTIST DEDICATION.

Dr. Cocks's Stirring Address at the Jefferson Street Church. On Sunday the dedication exercises proper were held in the Jefferson Street Baptist Church. The house was filled at every service and the addresses by Doctors Cocks and Willingham were listened to with rapt attention. Dr. Cocks gave some very encouraging figures in his address on the Divine in evangelization, saying among other things that churches instead of being vast business organizations, should become more allied with the spirit of Christ. The address was historical, helpful and abounding in good advice. At the afternoon service Dr. Willingham preached the dedication sermon. The music was in charge of the choir of the First Baptist Church. Dr. Willingham's address was a strong appeal delivered in his most able manner and the congregation was much affected by his earnest words. The sum of \$800 was subscribed on the church building debt, the balance of which \$200 was subscribed at the night service. At night Dr. Willingham's subject was Foreign Missions. No passage of scripture was selected as a text as the doctor said the whole Bible taught foreign missions. The speaker is the corresponding secretary of the foreign mission board of the Southern Baptist convention and is, above all men, fitted to handle the subject, which he did in a masterful manner. His arguments were overpowering and convincing. May Dr. Willingham come again and edify our people.

SURPRISED HIMSELF.

A Thief Caught With More Than \$8,000 in Cash.

Toronto, Ont., Sept. 6.—Thos. V. Hawkins, colored, was arrested here last night by Detective Sleeman. Hawkins was formerly porter in the tax collector's office at Washington, and on August 31 he disappeared with about \$9,000. Yesterday he was located in a small boarding house, and when searched at police headquarters the sum of \$8,334 was found on him. Hawkins appeared to be quite startled when told of the amount of money taken from him, saying that he had never counted it, and had no idea the amount was so large.

DEATH OF A VIRGINIAN.

Washington, Sept. 6.—Richard L. Ford, the travelling salesman who was injured while bathing at Bay ridge on July 4 last, died at the Emergency Hospital about 10 o'clock yesterday morning. His injuries resulted in a broken back. The body was last night sent to Lowry station, near Bedford, Va., his old home, where the funeral will be held to-day.

WANT BRYAN'S SERVICES.

Boston, Sept. 6.—Massachusetts Democrats have appointed a committee to urge Mr. Bryan to speak there during the coming State campaign.

DIED AT 106.

Lexington, Ky., Sept. 6.—Jack Fitzpatrick, colored, died to-day at Bowling Green at the age of 106 years. He served as the body servant of an officer in the war of 1812.

"My boy came home from school one day with his hand badly lacerated and bleeding and suffering great pain," says Mr. E. J. Schall, with Meyer Bros. Drug Company, St. Louis, Mo. "I dressed the wound, and applied Chamberlain's Pain Balm freely. All pain ceased, and in a remarkably short time it healed without leaving a scar. For wounds, sprains, swellings and rheumatism I know of no medicine or prescription equal to it. I consider it a household necessity." The 25 and 50 cent sizes for sale by H. C. Barnes. "He puts up prescriptions."

ALASKA'S RICHEST DIGGINGS.

A Field Discovered That Out-Klondikes Klondike.

San Francisco, Sept. 6.—News comes from Juneau that has probably already cheered weary rushers at Dyea and Skagway, and will gladden those here who are intending to go to the land of gold in the spring time. It is that the richest diggings in Alaska are not on the Klondike. A better field has been discovered and this leads to the encouraging belief that there are still more and richer treasure laden sections in the North. Only four men so far know the exact location of the place. One has already gone to the spot, having left over Taku Pass two weeks ago. Others will go as soon as spring opens. The man now on his way there is the original discoverer.

J. A. Becker, a mining engineer, well-known in Alaska, is one of the four. It is he who tells the story of the new bonanza, though he will not give its precise location. He says that it is about 300 miles from Dawson, in an air-line, and that it is in the vicinity of the Hootalinga river. Becker says that early last spring a prospector named Polk got lost beyond Lake Teslin. He added:

"He had been in there all winter and was trying to find his way out. His provisions gave out and he was on the verge of starvation, when he ran across an Indian who gave him his bearings. On his way out he picked up eleven pounds of gold in large nuggets which had been washed down the creek with gravel. The nuggets had caught in riffles near places where the bedrock was exposed. The high water having gone down, the gold was left exposed on the banks. He noticed the peculiar gravel bed, and, stooping down, took up a handful. It was heavy with gold.

The nuggets he brought back were picked from several handfuls of gravel taken from different places on the ledge of the bed. This man never said a word to anybody until he reached Seattle. There he told one friend, a merchant, who gave the information to one or two others. The others who know of the discovery are Arthur C. Bates, manager of the branch house of the Guttapercha and Rubber Manufacturing Company, at Juneau, and Major Orton, one of the proprietors of the Occidental Hotel at Juneau.

As near as Becker would tell eleven pounds of the nuggets were picked up somewhere between the head of Lake Teslin and the head of the Makenzi river. Beyond Lake Teslin is an expanse of country not only never prospected, but never trodden by the foot of a white man. There are old prospectors by the score who have always believed in the richness of this district. Bars in Hootalinga river have been worked to some extent and found to pay fairly well.

The news of another rich strike in placer ground has reached Juneau from Unuk river.

EVANS IMPROVING.

Washington, Sept. 6.—The condition of Henry Clay Evans, commissioner of pensions, is greatly improved, and he will be able to resume his duties in a few days.

MICHAEL WON AGAIN. Charter Oak Park, Hartford, Conn., Sept. 6.—The five mile professional bicycle race here to-day was won by Jimmy Michael. Time, 11:00 3/5.

PANIC IN A HALL. San Francisco, Sept. 6.—A burning screen caused a panic last night in Orpheus Music Hall. Several persons were crushed and badly injured. Strong men trampled over women and children. Many persons would have been killed had not a platoon of policemen, by threats and entreaties, stopped the rush. The canvas screen which caught fire was around a cinematograph. The operator of the machine was severely burned.

Gilded Beauties. The eastern women, especially those in Turkey, paint their eyebrows with gilt paint, and at night the effect is very brilliant and oriental. When, by chance, a Chinese girl has eyes that are not quite so slanting as usual, she can safely lay claim to special beauty. Many Japanese women gild their teeth, while the beauties of the Indies stain theirs a brilliant red. Some of the Africans stain their teeth a jet black. Persian women pencil the outer corners of their eyes to make them look almond shaped, which is considered an especial mark of beauty. The women in many oriental countries die their finger nails with henna, others let them grow to an enormous length.
