NATIONAL CIVIC FEDERATION.

Meeting in Chicago—Questions of Labor and Capital Will Be Considered.

Special Correspondent of The Florida Star.

CHICAGO, Dec. 10.—Last fall at the trust conference held under the auspices of the Civic Federation of Chicago the question of forming a national civic federation along the same lines as the eminently successful Chicago organization was discussed. In June of this year the discussion bore fruit, and the National Civic Federation was organized. In a few days the federation will meet here, and the open discussion of some of the problems that are vexing the United States may point the way to their solution.

The federation is unpartisan and very wide in its scope. It is intended by its founders that nothing that has a bearing, direct or indirect, on the welfare of our country shall be neglected. The prospectus of the organization, issued last June, states its objects to be "to provide for study and discussion of questions of national import affecting either the foreign or domestic policy of the United States, to aid in the crystallization of the most enlightened public sentiment of the country in respect thereto and when desirable to promote necessary legislation in accordance therewith."

It will readily be seen that the intentions of the federation if carried into effect can but make for the betterment of the country. Its parent organization, the Civic Federation of Chicago, which has been in existence about six years, has done much for local improvement, since it is composed of the best citizens of the city. It is proposed to make of its prototype, the national organization, the same power for good in national affairs that the local federation has been in Chicago affairs.

The need of such an organization is set forth by Franklin H. Head, the chairman of the committee on organization, who cites the fact that the manufacturers, the agriculturists, the great labor bodies, the financiers, the economists and other classes have their annual meetings devoted to their special questions. The object of the National Civic Federation in addition to creating departments to study national problems is to provide a national forum by means of which representatives of all these great divisions of society may come together and discuss the problems in which all have an interest.

The advisory council of the National Federation now has a membership of

about 500 in all parts of the United States and representatives in our newly acquired dependencies. The aim of the federation are warmly indorse

many eminent economists and students of social science and the conditions of American life. Among those who have commended it are the late Charles Dudley Warner, president of the American Social Science association, and J. W. Jenks, the political economist of Cornell university. Professor Jenks has expressed the opinion that the carrying out of the aims of this association would be of untold benefit to the voters throughout the country.

At the coming meeting of the federation many questions of grave import connected with the internal and foreign policy of the United States and others concerning subjects of social and economic importance will be discussed. Many of the most prominent of American students and investigators of these subjects will be heard, and it will be strange if satisfactory solutions of some at least of the problems confronting our people are not reached in this and succeeding conferences. One of the questions uppermost in the minds of Chicago people and of grave import to the other sections of the country is the successful arbitration of strikes. Chicago has suffered much through the great strike in the building trades. Many of the best known labor leaders of the United States will be here during the meeting. Among those who have accepted invitations to participate are Carroll D. Wright, the United States commissioner of labor; John Mitchell, who conducted the recent strike of the coal miners and who will doubtless relate his experiences during that struggle, and Samuel Gompers, the well known labor leader. In its call for the coming meeting the federation says that strikes and lockouts are perhaps a greater waste of human energy and responsible for a greater loss of wealth to society as a whole than any other obstructive factor connected with modern industrialism.

How to Cure Croup.

Mr. R. Gray, who lives near Amenia, Dutchess county, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a fine children's remedy for croup and never fails to cure." When given as soon as the child becomes hoarse or even after the croupy cough has developed it will prevent the attack. This should be borne in mind and a bottle of the cough remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by Wilson & Son.

COUGHS KILL

We know of nothing better than coughing to tear the lining of your throat and lungs. It is better than wet feet to cause bronchitis and pneumonia. Only keep it up and you will succeed in reducing your weight, losing your appetite, bringing on a slow fever, and making everything exactly right for the

germs of consumption. Better kill your cough before it kills you.

Ayer's Cherry Pectoral

kills coughs of every kind. A 25 cent bottle is just right for an ordinary cough; for the harder coughs of bronchitis you will need a 50 cent bottle; and for the coughs of consumption the one dollar size is most economical.

"My cough reduced me to a mere skeleton. I tried many remedies, but they all failed. After using the Cherry Pectoral I immediately began to improve, and three bottles restored me to health. I believe I owe my life to it."

are sometimes costly, but the one we want to talk about is not. It is not costly from a standpoint of health or money either. If you are troubled with indigestion or any form of stomach trouble you ought to try a five-cent carton of Ripans Tablets. You can get them at any drug store. No matter if you have tried dozens of other remedies for your trouble and they have all failed—try Ripans. It may be they won't cure you. In that case you had better get the very best medical treatment to be had, for your case would be a serious one. Every ingredient of Ripans Tablets is good for the human system and does its part in upbuilding. Medical science says so, and thousands of great numbers of people who don't know medicine as a science but who know they have been made well by the Ripans combination of healthful drugs. Once you begin to use the Tablets it is safe betting you will continue them with increasing good results and ultimately experience a complete cure of your trouble.
