

CURRENT LOCAL LAONICS.

Brief Mention of What is Going On In and About Titusville.

Judge D. L. Gauden went to Jacksonville the first of the week.

We learn that Mr. Woodward is now stopping in Huntsville, Ala. He was not thoroughly pleased with Chattanooga.

Major E. W. Peabody, the Times-Union and Citizen representative, stopped off here Wednesday on his way up from Miami.

Mrs. E. W. Hall and her daughter, Mrs. Geo. B. Hall and little daughter, went to Cocoa Tuesday afternoon for a short visit.

Mr. Geo. Kuhl brought a boatload of salt to Messrs. E. L. Brady & Bro. Tuesday in his catboat, the Swallow, about 4,000 pounds.

Rev. E. V. Blackman, of Miami, was in this section Friday and Saturday of last week securing notes for a write-up on this section for the next edition of the Homeseeker.

Mr. Max Hoeck, of Mosquito lagoon; Mr. and Mrs. Johansson, of Canaveral; Mr. J. D. Sams, of Courtenay; Mr. Geo. Kuhl, of Shiloh, were all visitors in our town Tuesday.

Mr. R. W. Rhodes returned from a flying trip to New York Tuesday afternoon, having been absent just ten days, which gave him just about a week there to select his fall stock of goods.

Services will be held at the First Baptist church, Titusville, next Sunday at 11 a. m. and 7:30 p. m. Prayer meeting Wednesday evening at 7:30 o'clock. All are cordially invited to attend.

Mr. and Mrs. Henry Titus were among the passengers leaving here Tuesday afternoon. They go to Jacksonville to spend a couple of weeks with friends and relatives, and will also probably visit Pablo Beach.

Mr. J. A. Collins received an invoice of several violins the first of this week via express from a large music house which allows him the privilege of making his choice of a selection from the lot. He has been quite engaged at his leisure moments trying to make a decision as to which tone suits him best.

Mr. C. E. Cook and family, of Rockledge, who have been away since the middle of May visiting in Alabama and Middle Florida, arrived home Wednesday afternoon glad to get back, for Mr. Cook has been quite ill the past few weeks with chills and fever.

After adjourning the special term of circuit court at Miami last week Judge Jones stopped off at Woodley to pay a visit to his orange grove out at Klondike, which he says is looking very thrifty and putting on fine growth this summer. The judge arrived home Wednesday.

Mr. Harry M. Willhite and Miss Mary E. Taylor, of Eau Gallie, who made a flying trip to this place Wednesday of last week, were married that afternoon by County Judge Penney, at his residence on Palm street. Mr. Willhite and bride have the hearty congratulations of THE STAR.

Sixty barrels of fish were shipped out of Titusville Tuesday afternoon. The river in front of this place seems to be alive with mullet, more fish being noticeable than at any one time since four years ago. The fish houses have some trouble in securing ice enough to ship these large catches.

Mrs. J. F. Mitchell and three babies arrived Sunday on a visit to her parents, Mr. and Mrs. W. S. Norwood. She has been stopping in Jacksonville. Mr. Mitchell is expected to arrive here from Jacksonville tomorrow, where he has been assistant to General Agent E. P. Porcher in shipping pineapples this summer.

Mr. H. T. Whaler, the Miami jeweler, who was here last week, has secured the part of Screven's drug store formerly occupied by John R. Walker, which will be opened as a jewelry store and watch repairing stand. This is a business that we believe will be a paying venture in our town, especially since Mr. Woodward gave up his stand here.

Mr. E. L. Brady, accompanied by his two daughters, the Misses Aline and Daisy Brady, expect to leave tomorrow for New York and the Pan-American exposition, sailing Sunday on the Clyde

steamship Apache from Jacksonville. They will be away for several weeks. Mrs. F. A. Morgan also accompanies them on a visit to her sister, Mrs. P. G. Walton, of Philadelphia.

Mr. W. L. Keifer, of Wabasso, paid the county seat a visit the first of the week. He reports that his section is flourishing. Trucking in beans and tomatoes has taken the attention of people in his section mostly, but some are now devoting their attention to the planting out of orange trees, Mr. Keifer, himself, planting out a grove on the bank of the Sebastian river, about three miles west of Wabasso.

Mrs. J. Howard LeTourneau, of Eden, arrived in town Monday and spent a day with her friend, Mrs. Woodward. Tuesday her father and mother, Capt. and Mrs. T. E. Richards, of Eden, passed through on their way to Atlanta to spend a couple of months with their son Will, and Mrs. LeTourneau joined them here. Mr. LeTourneau expects to go on in October, when he and his wife will probably go to Buffalo.

Watch Inspector Locates Here.

H. T. Whaler, the well known jeweler of Miami, has recently been appointed watch inspector for the F. E. C. Railway company for all the territory south of New Smyrna and the branch roads from New Smyrna to Blue Springs and from Titusville to Sanford. This appointment makes it necessary for him to maintain an office at some point easily accessible to the employees on the middle divisions of the line, and he has therefore arranged to locate at Titusville. The Miami Metropolis states that Mr. Whaler has rented a good brick store room here, and as soon as he succeeds in securing the services of a suitable man he will open a branch store, carrying a complete line of jewelry, clocks, watches, silverware, etc., and doing all kinds of repair work. If he is successful in finding a thoroughly competent man he will be put in charge of the Titusville store, otherwise it will be necessary to send Mr. J. P. Moyer here for a time.

A more thorough and rigid inspection system than has heretofore existed is to be put into effect on the F. E. C. railway and this makes it necessary to divide up the work. Messrs. Greenleaf & Crosby, of Jacksonville, have heretofore been in charge of the entire system, but recently R. J. Riles, of Jacksonville, has been appointed for the district from New Smyrna north. All trainmen will be required to have their watches inspected as often as it may be deemed necessary upon order from the superintendent, and once each quarter the inspectors will go over the road to inspect the watches of operators, agents and section foremen.

MILLIONAIRE FLAGLER TO WED.

He Marries Miss Mary Lily Kenan at Wilmington Tomorrow.

A few cards have been issued for the marriage of Mr. Henry M. Flagler and Miss Mary Lily Kenan, of Wilmington, N. C. The wedding is to take place at 10 a. m. tomorrow, Saturday, at Kenansville, Duplin county, North Carolina. Mr. Flagler and a party of friends left Palm Beach Wednesday on a special train. The wedding party, including the members of the Kenan family, will leave Wilmington on a special train Saturday morning for Magnolia, the nearest railroad station to Kenansville.

Kenansville is the county seat of Duplin county, and is seven miles from the Atlantic Coast Line. It is a straggling country village, with a quaint old court house and contains about 300 inhabitants. For more than a hundred years it has been a community of culture and refinement, and previous to the civil war the largest slaveholders of that section resided there. The Kenans were among the early settlers and were prominent in the revolutionary period. The Kenan homestead is in the little village, and though Miss Kenan's parents reside in Wilmington, the wedding will take place there.

The affair was to have taken place in June and all the arrangements were made but by some oversight the Florida statute passed for Mr. Flagler's special benefit was not complied with in the particular that sixty days' notice of his application for divorce from his wife had not been made, this formality had to be complied with and hence the nuptials of the multi-millionaire were postponed to this week.

Miss Kenan is 28 years of age and is the daughter of Capt. William R. Kenan, of Wilmington, who served gallantly in the Confederate army during the civil war. She is a young woman of rare culture and prepossessing. Mr. Flagler met her about eight years ago while he was on a visit to Mr. Pembroke Jones, who was then a resident of Wilmington.

THE WHITE STORE.

We guarantee better goods for less money than any house in the county. W. J. CRAYFORD.

Dade's Circuit Court.

The term of circuit court, which has just adjourned at Miami, has been a record-breaker, which will undoubtedly have a wholesome effect on the "cullud" brethren, who seemingly delight in law-breaking. The only white man on trial was Andrew Brown, charged with robbery, who will now have the privilege of serving the state for the next three years. John D. Galva, a member of the dusky fraternity, got five years in the state penitentiary for larceny. Jesse Williams received a one-year sentence in the pen. Isaac Jones has to serve a year's sentence for breaking and entering. Willie Wilson takes the same punishment for the same offense. James Lewis was given ten years in the state penitentiary, while Eddie Charlton will serve one year and John Foster nine months for the same offense. Drusilla Sands, alias Matilda Kemp, a dusky maiden, too much married, pleaded guilty to the charge of bigamy. Sentence in this case was suspended.

How It Pays to Advertise.

The advertisements for special sales by several of our merchants for Saturday and Monday are eagerly read by the public, especially the buyers. Constant advertisers receive, of course, the best results, for their patrons are always looking for their special offers. People read these advertisements and are induced to come to these stores by some specialty offered; other purchases follow as a matter of course. The cream of the business of Titusville goes to the merchants who advertise their specialties in THE STAR. It was by advertising that they built up their business, and by advertising they retain their hold on the trade. Then they have good merchandise which they are not afraid to offer at tempting prices. The public learn of this through THE STAR's advertising columns, hence the big business some of our houses are enjoying at this season of the year.

A BIG ADVANCE.

There has been a strong advance in price of Linseed Oil and White Lead, but my price on Masury's Paint and Railroad Colors are just the same.

G. F. PADDISON, Eau Gallie, Fla.

Tax Deed Certificate.

For the information of those interested we will state that under the new law, all persons owning tax certificates over two years, issued on Sept. 1st, will be required to present same for publication within ninety days after the expiration of two years, and in the event of failure to do so within the prescribed time no deed to property can be secured. Holders of tax certificates will be governed accordingly.

Notice.

A special examination will be held in the public school house at Titusville, beginning Tuesday, Sept. 3rd, 1901, to supply a vacancy existing in the state cadetship, from Brevard county, to the South Florida Military and Educational institute. The grading will be on arithmetic, English grammar, geography and United States history, from questions prepared by Gen. E. M. Law, superintendent of the institute. R. E. MIMS, County Superintendent.

MALABAR.

C. W. Bolton and L. H. Wells have joined forces and are now enrolled as fishermen.

Fishing business is looking up; good shipments being made daily. This makes the shipper glad as well as the express company.

The postmaster is under an indictment for having on Tuesday killed a seven-foot rattlesnake. It was a very fine specimen of its kind but unfortunately it had to be shot as it was coiled far under the brush and near the edge of the scrub. Being at rather close range it was severed in twain, just ten inches from its head. The postmaster's exoneration seems to rest on its measurements. Doubting Thomases are not all dead, but come and see. The postmaster drove to Melbourne on Monday and says he had a very good time all along the way until he came to the creek. He didn't mind manipulating the wire to pull the mule and wagon across, but thought three tons of water for ballast was enough to make a parson swear.

A Summer's Trip at Little Cost.

A personally conducted excursion will leave Jacksonville at 7:45 p. m., Saturday evening, Sept. 7th, taking in Cleveland, Toledo, Detroit, the Pan-American exposition at Buffalo, Niagara Falls, and many other points of interest. The route will be through Atlanta, around Lookout Mountain at Chattanooga, thence through the meadows and villages of the blue grass region, Cincinnati, etc.

The rates have been greatly lowered for this trip, and in order to secure space, either in the coaches or Pullman sleeping cars, application should be made at once.

This will undoubtedly be the largest and grandest personally conducted tour, as well as the cheapest, that will be operated from this section this year, and will include representatives of the Florida press, state officials, many companies of the state militia, Florida's delegation to the annual encampment of the Grand Army of the Republic, and others.

Mr. H. F. Cary, of 108 West Bay street, Jacksonville, the representative of the Southern railway, is in full charge of arranging this popular affair, and will be delighted to give prompt attention to all inquiries. The tour will consist of about ten days, giving course if necessary to return by the time published specially desired. superit. County.
