Not for Ourselves Alone, But for the Good of Others Also.

DOINGS OF THE PRESENT WEEK

Pungent Notes Pertaining to Events Transpiring About Town

Mr. G. L. Mandaville spent several days the past week and first part of this week in Jacksonville.

Mr. Bert Johnson had a finger on his right hand badly smashed Wednesday by a truck running over it on the city wharf.

Mr. F. W. Bailey, of Atlanta, traveling representative for the Gulf Refining Co., was in town Saturday, Sunday and Tuesday.

The old fashioned ice cream is hard on digestion. Our "New Process" cream is predigested, and so harmless for children and invalids—Banner Drug Store.

Mrs. H. G. Utley and her mother, Mrs. Percival, left last Friday afternoon for Baltimore via Savannah for an absence of two or three months. Doctor Utley will follow later.

Mrs. Harry Wilson returned Sunday from a visit of several weeks in the northern part of the state. Her brother, Mr. Stewart, is now enjoying a visit with Mr. and Mrs. Wilson.

Mr. Leon S. Wilson has purchased the lot at the corner of Palm and Garden streets on which the building formerly known as the Boone cottage was located. This is a fine accession to his home lot on the west.

Mr. Jake Mendel and family have gone to Daytona beach, where they have a cottage for the remainder of the summer. Miss Lena Mendel accompanied them for a visit of several days, returning the first of the week.

Mr. G. W. Scobie, Sr., arrived home from Norfolk, Va., last Saturday and expects to remain here permanently, having disposed of all his business interests in that city, where he has been a commission merchant for several years past. His friends are glad to see him back again permanently.

Storm warnings were sent out Tuesday by the weather bureau and everyone was worked up over the apparent prospects of a tropical storm of considerable intensity. Tuesday afternoon, however, there came a bulletin to the effect that the disturbance was off the east coast of Florida with deepening intensity and moving northward, so the danger was really past and the weather cleared the next day with the wind in the northwest.

Church Notes

Rev. Wm. Stones will preach at LaGrange on Sunday next at 11 a. m. and at Titusville at 7:30 p. m. Lord's supper after evening service.

The pastor will preach in Titusville Methodist church Sunday a. m. at 11 and 7:30 p. m. Sunday school every Sunday at 3 p. m. and prayermeeting every Wednesday at 7:30 p. m.

West Palm Beach, Fla.

\$3.50 ANKLE FITS \$3.50

The secret of a good oxford lies in the ankle fit and the heel seat. If the ankle is cut wide the shoe is loose. Result—chafing and blisters. Cut too tight, it binds and your foot feels as if in a vice.

Abbot oxfords are carefully designed and the patterns are adapted to all ankle types. The heel of the shoe fits the foot. We can fit you and your pocketbook with an Abbot shoe.

Value of County Buildings

I see by the Cocoa and Rockledge News of July 23rd reference in regard to the value and moving of the county buildings from Titusville to Cocoa.

What is all this fuss and talk for? Do the tax payers want to go to all of this trouble and expense to benefit a few individuals? It will not help the people at large. I trust they are too wise to be hoodwinked in this style.

Now, the great cry about the value of the county buildings, the News says the jail is a total loss. That is a mistake. I'm a practical builder, having a practice of 65 years in all classes of buildings, have built many county buildings from \$4,000 to \$40,000 in value each. I have made a careful estimate and survey of the present walls and iron work of the jail, and can replace the building as stated to the commissioners for the sum of \$2,900. The court house is a good substantial building and the lumber in it firm and sound and a far better quality than can be gotten in this county at the present time and it cannot be in any way compared with the Cocoa town hall. Taking into consideration the many rooms and the general construction of the court house it is worth \$6,000 more than the Cocoa building. Now, when you come to the clerk's office, the News says this is a small building and can be taken down and moved for a small sum. To take this building down, clean all of the brick, destroy all of the plaster and painting and most of the roof and floors and lumber, move windows, doors, take down iron work and counters, draw it to and from the cars and put it all in place again. What do you think Mr. News, don't you think you can make better calculations setting type? This office with all fixtures cost about \$7,000. The county judge's office with safe and fixtures is worth \$3,000. Then take into consideration all of the out-buildings, tanks, fences and sewers, the county has property, aside from the land, worth \$30,000.

Now, is it policy to put the tax payers to the expense of \$28,000 for new buildings, which it will be if the county seat is moved? Where will be the gain to the people at large? The little difference in the expense of travel to the public is all nonsense. There may be more people south of Cocoa than there is north. What if there is? There has been 100 per cent more people settled within a few miles of Titusville within the past few years than there has been new settlers in therest of the county within the same time and yet more coming.

Some one made the remark: Mr. Decker wants a job. Thanks, I don't want any job, quit jobbing two years ago. I want to rest, but will do as I have stated in regard to building over the jail.

LATEST NEWS AND INCIDENTS

Personal Paragraphs About People that Travel Here and There

Dr. Miller, Dentist, Titusville.

Mr. Chas. H. Nauman, of Clifton, has been in town for a day or so this week.

R. W. Rhodes was up from Miami the first of the week looking after his orange grove in Turnbull hammock.

Mr. Julius Kline expects to start tomorrow night for New York and will probably be away for several months.

A letter received from Mrs. Utley since her arrival in Baltimore states that they experienced a very rough trip from Savannah to their destination.

Rev. Wm. Stones and family moved into the Baptist parsonage this week. This cottage makes a very pretentious appearance since being moved and overhauled.

The Miami News Record of Tuesday says: Mr. Charlie Sams, who has for several months been employed at the Biscayne store, left Sunday morning for Tampa where he will be located in the future. During his stay in Miami he made many friends and his departure is regretted by all who knew him.

The families of Dean Robottom and Mr. G. M. Robbins spent the day yesterday at the Haulover canal and on the ocean beach while Messrs. Robottom and Robbins were out of town, arriving home about 11:30 p. m. The late return was owing to difficulty in finding the lagoon entrance to the canal after dark. In the party were Mrs. Robottom and two daughters, Misses Francis and Mollie, and son Innis; Mrs. Robbins and sons Masters Rufus, Richard, George and Douglass, also Miss Merle Scobie and Master Ryals Wager. The ocean bathing at Klondike beach was said to be fine.

Norwegian Steamer Ashore

The Norwegian tramp steamer Deremore, with cargo and bound south, went ashore early last Sunday morning at Pompano, near to the wreck of the British steamer Copenhagen which became a total loss there about six or seven years ago.

The cargo is being transferred to the Standard Oil steamer, Northwestern, which will pull her off as soon as she is lightened enough.

The latest reports from Fort Lauderdale are to the effect that the Deremore is still hard and fast on the beach and that all efforts by the tank steamer, standing by, to remove her have been of no avail.

Shipping Fish by the Carload

Mullet are being shipped out of Titusville now by the carload and the height of the mullet season is not near at hand yet. It takes over 15,000 mullet to make a carload, so the reader can imagine the magnitude of the business when it reaches this stage. All of the fish dealers are doing a big business and fishermen from other parts of the river come here to take advantage of the fish harvesting time. From now until the closed season for mullet commences the business promises to be excellent.

Has Not Changed Ownership

A rumor has been going the rounds and has been published in several newspapers to the effect that the East Coast railway had been sold by H. M. Flagler to the Atlantic Coast Line.

A Jacksonville Metropolis reporter saw J. R. Parrott, vice president and general manager of the East Coast system, and asked him if there was any truth in the rumor.

"Not a scintilla of truth," replied Mr. Parrott, "Mr. Flagler has not made any deal or is he thinking of disposing of his railroad. Every little while some fanciful dreamer starts this canard that the East Coast railway has been sold or is about to be sold, and then we have to deny it, just as I am doing now."

The Metropolis learns that 1,200 men are now at work on the East Coast extension.

LOCAL GOSSIP AND PERSONALS

Something About the People of Titusville as They Come and Go

Selling out sheet music at half cost at Indian River Music House.

Mr. N. Rasmussen, of Grant, spent several days in town the first part of the week.

Mr. A. P. Gruber severed his connection with the cool drink stand in the Titusville Pharmacy Wednesday.

We are informed that Dean Robottom has joined the rank of local motor boatmen and has invested in a launch.

Capt. Frank M. Wilson, of Canaveral, will soon install a Regal gasoline engine in his cat boat. The motor is expected to arrive here in a few days.

Mr. H. Fairbanks, with Messrs. R. R. Riccou & Sons, of Jensen, fish dealers, was in town Saturday, returning from several weeks' visit in the north.

Call and see the beautiful line of Queen Quality oxfords, in all the latest styles, we call especial attention to the Brown Russia 2 button, Ooze top. Large shipment just arrived at Branning's.

Mr. Jas. Mitchell returns to Cocoa from Jacksonville this week, and Mr. E. P. Porcher and family will visit with Mr. and Mrs. S. H. Peck in Petosky, Mich., for sometime, leaving Jacksonville this week for that place.

A letter from Mrs. Wetmore states that she expects to leave Goshen, N. H., next Tuesday for Medford, Mass., where she will visit about two weeks. About the 18th of August she will leave Boston and does not expect to stay in any one place over two weeks after that date.

Mr. Henry Pritchett is having a two story building erected near the plant of the Titusville Lumber Co. which he will use as his office when completed. Mr. Pritchett at present has his office in the lobby of the Indian River hotel building until his new office building is completed. As he is now the sole owner of the Titusville Lumber Co. he will undoubtedly spend most all of his time here looking after the management of the large lumber business done by this plant.

Mr. C. W. Williford, of Rockledge, arrived Tuesday to pack up and ship away the property in the Indian River hotel which was conveyed by Mr. Bast to Mr. A. A. Taylor on account of rent which does not belong to the hotel property. There is considerable of this in the way of furnishings which the hotel company did not care to purchase at any price on account of its being second hand and almost worthless. Owing to the fact that a majority of the hotel directors are out of town Mr. Williford went home yesterday to await their return.
