Little Happenings That Help to Make Up the Weekly Newspaper

COCOA

Mr. August Lemert and wife and father, in company with Aaron Cleveland, went to Cocoa beach this week for several days outing.

Owing to illness of the pastor's wife, Mr. Taylor led services at Methodist church Sunday night. He and wife recently moved to Cocoa from Daytona.

We spoke last week of the whiskey evil. This week the writer wishes to speak his sentiments and to do so he wishes to employ the words of Gov. Hanly, of Indiana, who said: "Personally I have seen so much of the evils of the liquor traffic in the last few years, so much of its economic waste, so much of its physical ruin, so much of its mental blight, so much of its tears and heartaches, that I have come to regard the business as one that must be held and controlled by strong and effective laws. I bear no malice towards those engaged in the business, but I hate the traffic, I hate its every phase, I hate it for its intolerance, I hate it for its arrogance, I hate it for its hypocrisy, I hate it for its cant and craft and pretenses, I hate it for its commercialism, I hate it for its greed and avarice, I hate it for its sordid love of gain at any price, I hate it for its damnation in politics, I hate it for its corrupting influence in civic affairs, I hate it for its incessant effort to debase the suffrage of the country, for the cowards it makes of public men, I hate it for its disregard of law, I hate it for its ruthless tramping of the solemn compacts of state constitutions, I hate it for the load it straps to labor's back, for the palsied hands it gives to toil, for its wounds to genius, for the tragedies of its might have been, I hate it for the human wrecks it has caused, I hate it for the almshouses it peoples, for the prisons it fills, for the insanity it begets, for its countless graves in potters' fields, I hate it for the mental ruin it imposes upon its victims, for its spiritual blight, for its moral degradation, I hate it for the crimes it has committed, I hate it for the homes it has destroyed, I hate it for the hearts it has broken, I hate it for the malice it has planted in the hearts of men, for its poison, for its bitterness, for the dead sea fruit with which it starves their souls; I hate it for the grief it causes womanhood, the scalding tears, the hopes deferred, the strangled aspirations, its burden of want and care; I hate it for its heartless cruelty to the aged, the infirm and the helpless, for the shadow it throws upon the lives of children, for its monstrous injustice to blameless little ones; I hate it as virtue hates vice, as truth hates error, as righteousness hates sin, as justice hates wrong, as liberty hates tyranny, as freedom hates oppression; I hate it as Abraham Lincoln hated slavery, and as he sometimes saw in prophetic vision the end of slavery and the coming of the time when the sun should shine and the rain should fall upon no slave in all the Republic, so I sometimes seem to see the end of the whole traffic—the coming of the time when, if it does not cease to be, it shall find no safe habitation anywhere beneath Old Glory's stainless stars.

For Sore Feet

"I have found Bucklen's Arnica Salve to be the proper thing to use for sore feet, as well as for healing burns, sores, cuts, and all manner of abrasions," writes Mr. W. Stone, of East Poland, Me. It is the proper thing, too, for piles. Try it! Sold under guarantee at Banner Drug Store. 25c.

Mr. Wadsworth has treated everybody in town to a basket of fine apples from his home orchard. He was afraid they would not keep and everyone was quite willing to help save them.

Word of the very serious illness of Mr. H. M. Lee, of Kansas City, Mo., has reached us. Mr. Lee and family have been regular winter residents for over twenty years and have many very warm friends here. We earnestly hope he may recover.

Archie Chambers and wife arrived last week from Jacksonville and will make their home in Georgiana. Archie has been in very poor health for some time past and has been compelled to give up his position and try country life for a time. We are glad to have these young people with us and hope the change of air and occupation will restore his lost health.

Miss Wright, an aunt of Mr. Handy, died very suddenly last Friday and was buried late Saturday afternoon. She was in frail health and did not attempt the journey north this summer, preferring to board with Mrs. Baldwin during the short time that Mrs. Handy was away. Her death was a shock to the community and it was impossible for her friends to reach here in time for the funeral.

The Rally day program rendered at St. Pauls M. E. church last Sunday morning was a decided success. Each child did their part without one mistake. The children were well drilled by Mrs. C. C. Houston, who was un-

Colds on the Chest

Ask your doctor the medical name for a cold on the chest. He will say, "Bronchitis." Ask him if it is ever serious. Lastly, ask him if he prescribes Ayer's Cherry Pectoral for this disease. Keep in close touch with your family physician.

When you tell your doctor about the bad taste in your mouth, loss of appetite for breakfast, and frequent headaches, and when he sees your coated tongue, he will say, "You are bilious." Ayer's Pills work well in such cases.

Made by the J. C. Ayer Co., Lowell, Mass.
