A Bad Guess.

John Hawtreys was one of England's famous whipping schoolmasters. At Eton in autumn the small boys used to buy chestnuts and roast them in a shovel over the fire. One day a boy named F., who was a great favorite of Hawtreys, had a lot of chestnuts and as a special favor was allowed to make use of the pupil room fire while the boys were all studying. Hawtreys was going in and out of the room while we were working, and on one occasion, coming in rather quietly, he caught sight of F. kneeling over the fire arranging his chestnuts. The boy's position was irresistible to any lover of the art of chastisement. Not seeing his face and supposing it was one of the other boys stealing the chestnuts, John Hawtreys quietly took his cane from his desk and, creeping forward on tiptoe, gave the wretched F. a most tremendous whack. The boy jumped up with a yell, his hands clasped behind him. Then the tutor saw who he was and said, embracing him: "Oh, my poor boy! I am so sorry! I thought it was another boy stealing your chestnuts."

Danton and the Organ Grinders.

Paris has more than once made war on organ grinders. There, as here, they have their enemies and also their champions. The war, however, is an old one, and politicians had time to attend to it even at the height of the revolution. No less a man than Danton then took the part of the musicians. "Citizens," he cried from the tribunal. "I hear that an attempt is being made to prevent the organ grinders of Barbary from playing their tunes as usual. Do you think, then, that the streets of Paris are too gay? Have the people of Paris too many songs on their lips? One after another our liberties are being wrested from us. Leave us at least the liberty of listening to the organs of Barbary, of hearing from them our favorite songs and refrains." Danton was guillotined for reasons with which this speech had nothing to do, but the oration containing these sentiments was the last that he had the opportunity of delivering as a member of the convention.—Westminster Gazette.

Hotel Accommodations in India.

All over the world Indian hotels have a bad name to any one who has been used to a moderate degree of comfort and good feeding. They are for the most part a disgrace. Why people should have to pay from 10 rupees to 25 rupees a day in the cold season and from 7 rupees to 12 rupees a day in the hot season without receiving comfort and good feeding seems at first difficult to answer. As a rule, the feeding is most inferior, badly served up, tablecloths and napkins frequently dirty, not to speak of the knives, forks, spoons and tumblers. Bedrooms are badly looked after, and unless one has a very smart bearer it is difficult to receive proper attention. All this should not be for such prices as people pay. In many third rate boarding houses in England one could get presumably as good as what is got in some of the so called first class hotels in Calcutta.—India Public Health.

The Artistic Poison.

Passing by other drugs, each of which has its own way of making people crazy, we come to what may be truly termed the artistic poison. This is, says Dr. William H. Thomson in Everybody's Magazine, the mescal button, which grows on a low cactus in the valley of the Rio Grande and fortunately is scarce and hard to get. Chewing this button causes the most gorgeously colored scenes to appear before the entranced vision, far surpassing, according to descriptions, the most magnificent sunsets. It would seem to be the drug for landscape painters, but unfortunately, whatever other things drugs do, they never increase efficiency. It was first discovered among the Kiowa tribe of Indians, who used it in their religious rites till missionaries induced the government to remove the Indians from where they could get it.

Lightning and Thunder.

By counting the number of seconds in the interval between lightning and thunder it is possible to figure approximately how far from the observer is the scene of the storm. Sound travels 1,100 feet a second, so multiply the number of seconds by 1,100, which will give the distance in feet from the point where the lightning flashed. For example, if ten seconds have elapsed the distance away will be 11,000 feet, or a little over two miles. It might be added that, as light and lightning travel so much faster than sound, if one survives after hearing the crashing peal he can be sure he is safe. Remembrance of this will dissipate terror.

\$8.50 PUNCTURE-PROOF TIRES ONLY \$4.80 PER PAIR

Regular Price \$8.50 per pair. To Introduce We Will Sell You a Sample Pair for Only \$4.80 (CASH WITH ORDER \$4.55)

NO MORE TROUBLE FROM PUNCTURES. Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire. Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented. We will allow a cash discount of 5 per cent (thereby making the price \$4.55 per pair) if you send FULL CASE WITH ORDERS and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at OUR expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper to get it us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer. built-up-wheels, saddles, pedals, parts and repairs, and COASTER-BRAKES, everything in the bicycle line are sold by us at half the usual prices charged by dealers and repair men. Write for our big SUNDRY catalogue, but write us a postal today. DO NOT THINK OF BUYING a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW. HEAD CYCLE COMPANY, Dept. "J L" CHICAGO, ILL.
