The pleasures of Wednesday were somewhat marred by an accident which occurred on Indian River Drive, in the south end of the city, at about 10 o'clock that morning, when Mr. and Mrs. R. M. Chase were thrown from their buggy.

In passing a standing auto truck their horse took fright and a sudden wrench of the vehicle threw both of them to the ground. Mrs. Chase received some severe and painful cuts and bruises, while Mr. Chase escaped with lighter injuries.

Hon. Thad Straub, of Hamilton, Ohio, arrived here Saturday evening to look after his thriving orange grove on Ten Mile creek and arrange for setting more trees. Mr. Straub, who is a regular winter visitor here, is taking a brief rest after a severe political campaign from which he emerged as the mayor-elect of his home city, leading the democrats to victory over the republicans and socialists. This is the third time in four years the honor has been bestowed on him and his Fort Pierce friends extend congratulations.

Everybody's Friend.

Very Soothing to the skin

There is nothing quite so annoying and rest disturbing as to be the victim of hot weather rashes—

Imagine how the children feel—they are continually out in the open, exposed to the sun, blood overheated and suffering more or less from Prickly Heat, hot weather rashes and irritation—it means but very little rest at night.

Keep NYAL'S Prickly Heat Powder in the Home

Use it on the children the first thing in the morning and the last thing at night, antiseptic, cooling, healing, and soothes, and destroys the odor of perspiration retained in the folds of the skin.

It is equally good for you. Price 25 Cents

When we had the chance to get the exclusive selling agency Nyal Family Remedies we jumped at it. They are known among all druggists as the highest quality line on the market, and are prepared by a great firm of manufacturing chemists, famous for fifty years.

Saturday, December 9th.

Members of the Baptist church gave their pastor, Rev. J. C. DuBose, a genuine good pounding Wednesday evening of last week taking the pastor and his family by surprise. The occasion being his birthday and the eve of Thanksgiving it was doubly enjoyable and the many good things to eat which were showered upon them were greatly appreciated. Rev. DuBose and family wish to extend hearty thanks to all who participated in the pleasant occasion.

Good Production by Amateur Players

One of the strongest and heaviest plays ever produced by home talent was the four-act drama, "All For Her Sake," which was presented at the Crystal last Thursday evening under the direction of Mrs. E. E. Rollins.

The cast consisted of Mrs. Rollins, Mrs. C. M. Horton, Mrs. T. M. Sullivan, Miss Louise Kramer, Messrs. J. K. Williams, T. M. Sullivan, W. R. Hellier, P. C. Eldred, Geo. Backus and A. B. Brown.

The rendition was far above the average of amateur theatrical performances and equal to the traveling troupes who favor us with their presence. Each member of the cast displayed ability in the dramatic line, the heaviest parts being carried off in an admirable manner.

A crowded house greeted the players when the curtain rose and every one was pleased with the performance and made known their approval by generous applause.

The Pomeroy Orchestra furnished music of the highest standard during the evening and added a professional air to the occasion.

The receipts for the evening were about \$120.00, half of which went to the piabo fund of the High School.

The Best Cameras and Films on Earth

When you buy a camera ask your dealer to give you a demonstration. Ask him to explain the principles of photography. This is always essential to success. No

one can succeed without this knowledge. Buying a handsaw and hammer would not enable the purchaser to build a house. Buying a camera will not enable the purchaser to make photographs. One must KNOW HOW. We give a free demonstration with every camera purchased from us. We have been at it for more than a quarter of a century, and we know how to make photographs. We'll explain it to you and show you how, if you are our customer.

Photography is our exclusive business. It is worth something to deal with a house which can give you practical advice. It is free at our place. We gladly expose and develop a roll of films or plates free of charge just to show the superiority of our line. If a dealer cannot do this for you before buying his goods, be careful. Perhaps he does not dare do so. Note his excuses. See us first.
