

Secret of Beauty is health. The secret of health is the power to digest and assimilate a proper quantity of food. This can never be done when the liver does not act its part.

Do you know this? Tutt's Liver Pills are an absolute cure for sick headache, dyspepsia, sour stomach, malaria, constipation, torpid liver, piles, jaundice, bilious fever, biliousness and kindred diseases.

A STARTLING DISCOVERY.

Victim of Horrible Mistake Died in Terrible Agony.

PHILADELPHIA, March 24.—At Mullica Hill, N. J., near here, the startling discovery has been made that a boy had been buried alive.

An undertaker was examining the bodies of the members of the Smitzer family, who lived at Mullica Hill about 26 years ago, for final burial in this city. One coffin contained the skeleton of a boy and its condition bore evidences of awful struggle after the supposedly dead body had been buried. The bones of the legs were drawn up and the arms were extended across the face. The glass of the casket which had been above the boy's head was broken. The position of the body and the condition of the coffin indicated that the victim of a horrible mistake had died in terrible agony.

Shattered Diamonds.

"Under certain conditions, which are very rare and remarkable," said an old jeweler, "a diamond may be shattered to atoms by a smart, sudden blow. The stone seems to disintegrate and fly apart, as nearly as I can express it, and when the Kimberley gems first came into the market the Brazilian brokers claimed that they were especially subject to that kind of accident. For the time being the story had its effect on trade, but it was proved to be untrue, and the incident is now forgotten. In the course of an experience of nearly 40 years I have known of only two cases of diamonds being broken."

"One occurred many years ago, when I was working in a shop in the old Reid House in Chattanooga. A lady customer dropped a cluster brooch from the counter to the tiled floor, a distance of about 3½ feet. It struck squarely on the center stone, which was broken into a number of small, irregular fragments. The diamond had weighed about two carats.

"The other instance took place here in New Orleans about six years ago. A St. Louis traveling man named Crawford had a solitaire weighing 1½ carats set in a ring. He was standing in the store and while conversing about something made a sudden gesture and struck the stone against a metal fixture. It was split into small, jagged splinters, a number of which we found on top of the showcase. The drummer himself was the most astonished man I ever saw. He had supposed diamonds were indestructible simply because they were hard."—New Orleans Times-Democrat.

He Was a Boxer.

"Please play for me your favorite now!" He pleadingly besought his Rosa. "Of course," said she, "I'll play you now a nocturne by a great composer." He smiled, and then as readily a playful little glance he throws her. He interposed in tone of glee, "A knock-turn is a great composer." —Richmond Dispatch.

Rock-a-Bye Baby

These are sweet words, but how much pain and suffering they used to mean. It's different now. Since Mother's Friend has become known expectant mothers have been spared much of the anguish of childbirth. Mother's Friend is a liniment to be applied externally. It is rubbed thoroughly into the muscles of the abdomen. It gives elasticity and strength, and when the final great strain comes they respond quickly and easily without pain. Mother's Friend is never taken internally. Internal remedies at this time do more harm than good. If a

woman is supplied with this splendid liniment she need never fear rising or swelling breasts, morning sickness, or any of the discomforts which usually accompany pregnancy.

The proprietor of a large hotel in Tampa, Fla., writes: "My wife had an awful time with her first child. During her second pregnancy, Mother's Friend was used and the baby was born easily before the doctor arrived. It's certainly great."

STEEL TRUST CHARTERED.

It has been incorporated under the laws of New Jersey.

TRENTON, N. J., March 24.—The Carnegie company, the formation of which has resulted from the conference of Andrew Carnegie and H. C. Frick to settle the business differences between them, has been reported here with a capital of \$100,000,000. The stock is already subscribed. The principal subscribers and the number of shares are Andrew Carnegie, 85,379 shares; Henry Phipps, 17,228; H. C. Frick, 15,484; Charles M. Schwab, 18,939, and others with smaller holdings.

The par value of each share of capital stock is \$1,000.

The state receives \$32,000 for filing the incorporation and the annual franchise tax will be \$11,750.

Wages Will Be Raised.

KNOXVILLE, March 24.—Local coal operators announce that a conference will be held next September with representatives of the miners' union. This conference will determine the wage scale to be paid miners in Coal Creek, Jellico, Middleboro and Oliver Springs coal districts for the year 1900-1901. Operators here seem willing to make whatever concessions are necessary to place the Eastern Tennessee coal field scale in accord with the 14 per cent increase recently made by operators in northern states.
