The Senate will vote on the woman suffrage constitutional amendment on September 26. A few years ago it would have been necessary to throw a barrage out to preserve a quorum of the Senators, but not so now.

The cry from Macedonia, "Come over and help us." Such was the vision shown to Paul, and like the great preacher who went and ministered to the Macedonians the Allies are moving against the Bulgars.

The Owners of "Swift & Company" (Now Over 22,000)

Perhaps it has not occurred to you that you can participate in Swift & Company's profits,—and also share its risks,—by becoming a co-partner in the business. It is not a close corporation.

You can do this by buying Swift & Company shares, which are bought and sold on the Chicago and Boston stock exchanges.

There are now over 22,000 shareholders of Swift & Company, 3,500 of whom are employees of the Company. These 22,000 shareholders include 7,800 women.

Cash dividends have been paid regularly for thirty years. The rate at present is 8 per cent.

The capital stock is all of one kind, namely, common stock—there is no preferred stock, and this common stock represents actual values. There is no "water," nor have good will, trade marks, or patents been capitalized.

This statement is made solely for your information and not for the purpose of booming Swift & Company stock.

We welcome, however, live stock producers, retailers, and consumers as co-partners.

We particularly like to have for shareholders the people with whom we do business.

This leads to a better mutual understanding.

With the Red Cross Here and Over There

Mustard Gas Can't Penetrate—

Red Cross workers who have collected kid gloves and other forms of leather for making aviator jackets will be interested in the recently discovered fact that mustard gas cannot penetrate such waistcoats.

Conservation of Paper—

The Government requires so much paper that a shortage for civilian consumption faces the country. Everyone can take a part in the conservation of paper. Individuals, households, clubs, offices, hotels, stores, schools, printing offices, should eliminate all waste and return used paper rags and other materials paper is made of, to the mills for reproduction.

Sale of Christmas Cards Encouraged—

The sale of Red Cross Christmas Greeting cards is discouraged by the national organization this year and those chapters which have planned for such sales are asked to abandon them. The Membership Drive and War Fund campaigns are of such great importance to the movement that it is considered best not to weary the public with a multiplicity of small campaigns and individual solicitation.

Christmas Enrollment—

The Christmas Membership enrollment is scheduled for December 16 to 23. It will assume the character of a Christmas roll card of the whole American people, and will be both a Christmas observance and renewal of a nationwide pledge of loyalty. The quota of each community will be the limit of its adult population. "I summon you to the comradeship" is the word sent out by President Wilson, who is President of the American Red Cross. Let every loyal Red Cross worker see to it that this community is ready to answer that summons.

Nurse Aids Needed—

To women who cannot qualify as nurses or nurses aids, the Surgeon General of the Army offers a splendid opportunity for service in hospitals set aside for care of convalescent sick and wounded soldiers. Women in this class will be known as hospital attendants, and will receive \$15.00 per month for incidentals and uniforms in addition to maintenance. In addition to the usual credentials as to character and loyalty, and the physical examination, applicants are required to be high school graduates, or an equivalent, take First Aid and Elementary Hygiene and Home Care of the Sick. Only married women between 21 and 40 and single women between 25 and 45 will be accepted. Full information can be obtained at the Pacific Division Bureau of Nursing, Flood Building, San Francisco.

They Need Wool—

We can afford to do without wool when we know it is being used for the comforts of the soldiers and allies. The Red Cross will need 75,000 blankets for relief work in Italy alone next winter, and they have been ordered. Save your old suits, conserve on wool. They need it over there.

Junior Red Cross—

Junior Red Cross will make furnishings for Red Cross houses, nurses houses and work rooms; also supplies for the Orthopedic Division of the Medical Department of the Army, for the Division of Curative hospitals and for the Medical Supply Depot. Besides actual furniture these allotments will include crutches, bed trays, writing desks, peg legs, bed tables, packing boxes, veneer splints, tool chests and bed boards.

Result of "Old Time Day"—

"Old Time Day" brought Berks County Chapter (Pennsylvania) the tidy sum of \$1738.36, thereby demonstrating the theory that wealth comes from saving. This segregation of valuable waste from worthless rubbish not only brought the Chapter funds for relief work, but conserved the much needed rubber for manufacturing purposes. Besides tires, contributors brought inner tubes, rubber boots and shoes, steam hose and bicycle tires, and the pile reached to the second story of a business building.

Gives Back Salary—

The following letters was received by Mrs. M. G. Wagner who immediately took up the matter with the Harvey House which resulted in her turning over to the Red Cross the goodly sum of \$15.70.
To Mrs. M. G. Wagner,
Dear Madam: I have seven days wages coming to me from the Harvey House. Tell the men to give it to you for the benefit of the Red Cross.
Yours truly,
J. H. HILL

Assistance in Jerusalem—

Thousands of sufferers in Jerusalem and Palestine are now being assisted by the American Red Cross.

Donations—

Since last reported the following donations have been received by the Mohave County Chapter, American Red Cross.
J. P. Salle \$ 6.63
Camp Fire Girls 21.30
Sale of Salvage, Mrs. Wagner 10.25
J. P. Hill 3.00
Total \$53.88

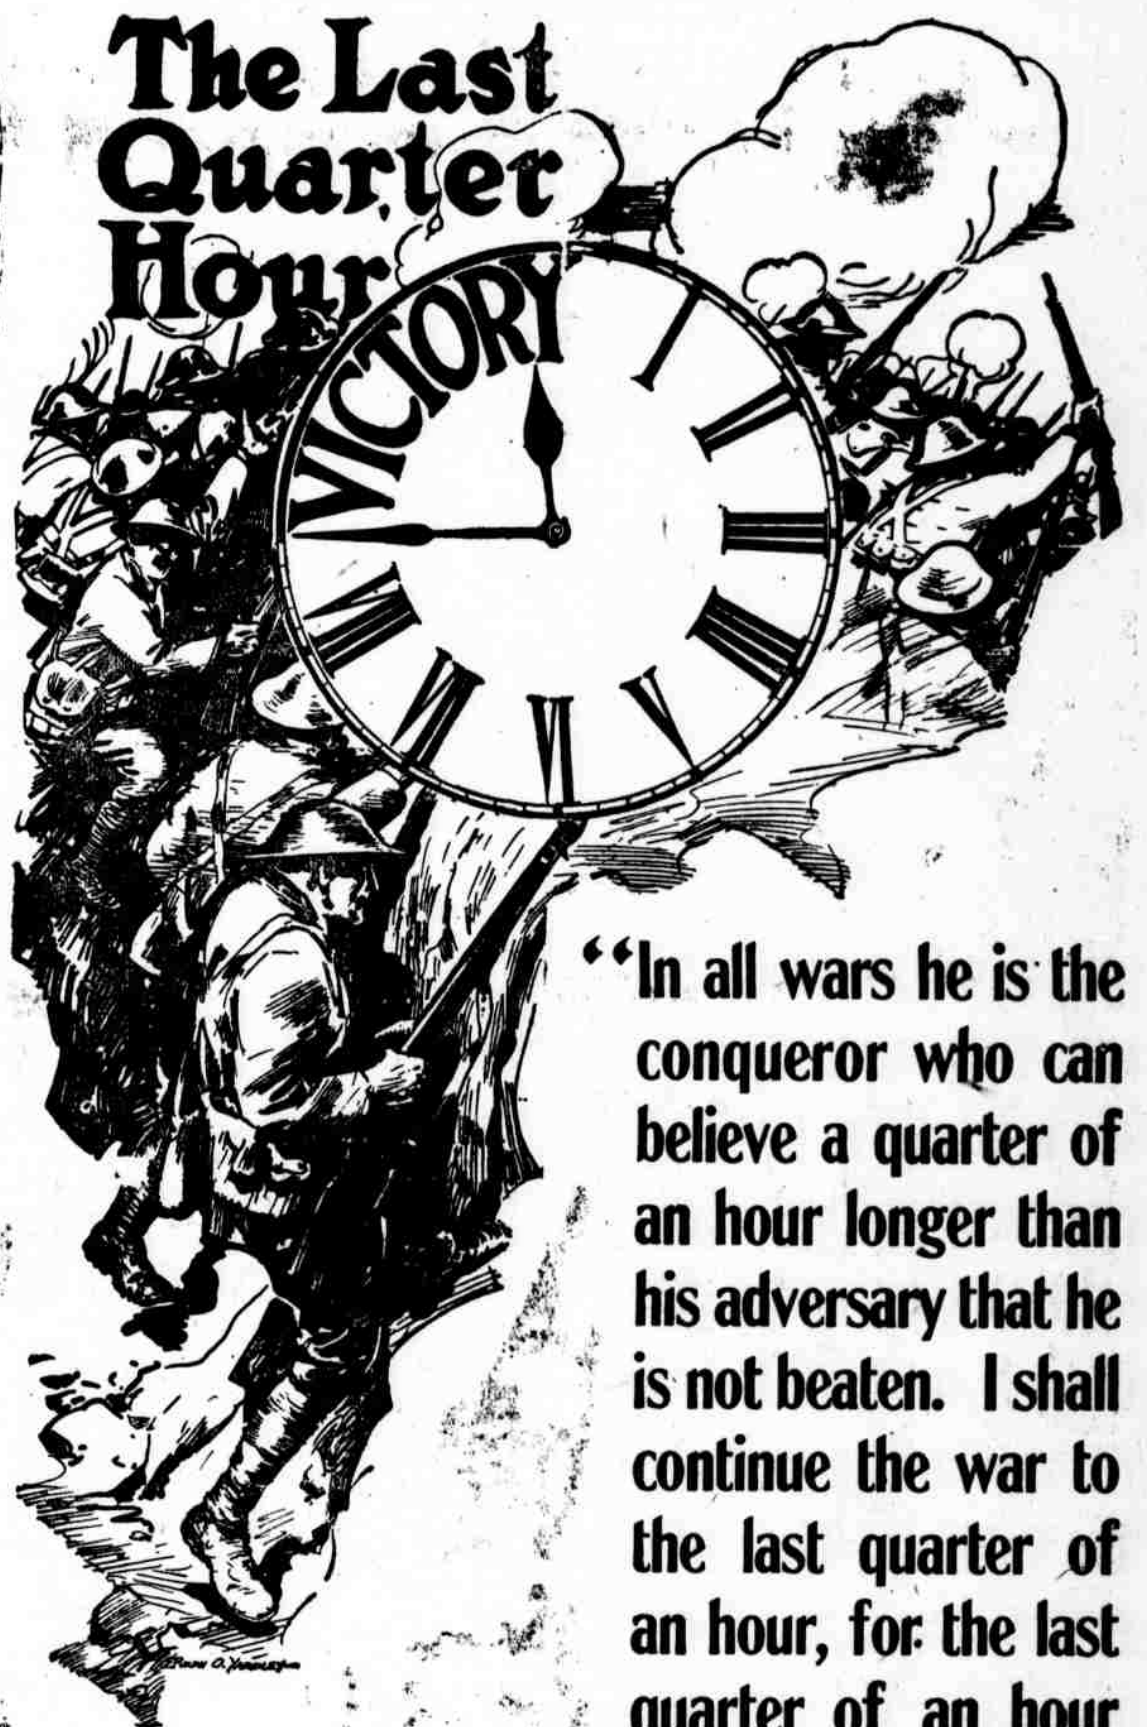

DAM AT SACATON WILL BE BUILT IN NEAR FUTURE

The war department is calling for bids for the construction of the proposed dam at Sacaton, across the Gila river. This dam has long been contemplated for the purpose of reclaiming about 75,000 acres of exceptionally rich lands on the Sacaton Indian reservation and outside the limits of the reservation. For many years there has been a demand for the construction of what is known as the Elephant Butte dam. The Elephant Butte people believed that the building of the Roosevelt dam would put their project out of commission, as the watershed of both reservoirs were close together. The building of the Roosevelt dam put the Butte project into the dark and only necessity for greater acreage of irrigable lands in the state has again brought into the

\$1,100,000 Appropriated—
The American Red Cross has taken up the fight against spread of tuberculosis in Italy and will have the work well organized by the end of October. An appropriation of \$1,100,000 has been made for this unit.

SCARCITY OF MINE WORKERS

Miners are so scarce in Downieville, California, that some of the gold mines are being abandoned. Downieville was at one time one of the great gold camps of the state, but year by year, its production has dwindled away, until the past few years the production is very low.
