The weekly Chronicle or Examiner, \$1.50 per year, at Joe Brown's.

Deacon Cuddy Sunday performed the rite of baptism at Lewis' Springs.

New line of gingham at Sydow & Kieke's. 17

Frank Yerby will leave to-day for Santa Barbara, California, on a visit.

School books and school supplies at lowest prices, at Joe Brown's. 18-2w

Very slight fall of rain yesterday. None Sunday.

Floor oilcloth, fifty cents per yard, at Sydow & Kieke's. 17

W. A. Cuddy lectured to a fair sized audience on Allen street last night.

A severe wind and rain storm visited Phenix on Friday last, doing considerable damage.

Oil, needles, attachments and parts for repairing all the leading sewing machines at Yapple's Candy Factory. 14

Miss Maggie Noonan arrived from Bisbee last Saturday on a visit to her friends. She will remain several weeks.

What seems to be a reliable account of a case of hydrophobia cured by eating the leaves of the maguey plant is going the rounds of the Mexican press.

C. E. Frederick, H. J. Peto and Jas. Sanford left Sunday morning for a trip to the Rincon mountains. They will be gone about two weeks.

Mr. and Mrs. J. E. Durkee will leave for California to-day. Mr. Durkee will stop at Los Angeles and Mrs. Durkee will go to Santa Barbara on a visit.

Señores Garcia, Neri and Aros, of the Mexican band, will leave this afternoon for Nogales. Our music-loving people will be pleased to learn, however, that they will return a few weeks.

A. J. Godfrey is fitting up and re-papering Palmer's Seaman's store. Several necessary changes are being made and the parlors will be gems when completed. In the meantime the store will be closed.

One of our most enterprising business men, Frank Broad, entertained the spectators of the base ball game last Sunday by engaging the Mexican band for an hour. The action was greatly appreciated.

Died.
George W. Atkins, a well known pioneer of this county, died in this city yesterday morning of pneumonia. He was at one time interested in the Copper Queen mines at Bisbee, and made a small fortune from the sale. He was familiar with all the mines in Southern Arizona and particularly those of this county. He was 43 years of age and in poor circumstances at the time of his death. He had a sister in Alabama, to whom his friends have telegraphed, but no answer has been received. He will be buried from the parlors of the Undertakers' Association at 2 o'clock this afternoon. He was a confederate soldier during the war, but was esteemed by members of the G. A. R. and always accepted their invitation to participate with them. A number of the G. A. R. will attend the funeral in citizens' dress.

Base Ball.
The game of ball last Sunday was a revelation to the spectators. Only six innings were played and the score stood 23 to 3 in favor of the Protections. The Combinations were completely disgusted with themselves and probably won't challenge another club for a few days. The Protections feel somewhat as if they had received a dose of Brown-Sequard's elixir of life and challenge any hose company in the Territory to a game of ball for any stakes named. This club is distinct from the Tombstone baseball club and is composed entirely of members of Protection Hose Company, No. 3, while the Tombstone baseball club is composed of the best players in the city, and is a pretty hard crowd to get away with.

Broken Collar Bone.
John Riedig was severely injured in the Toughnut mine yesterday, his right collar bone being broken by a large rock falling on him where he was working. He was taken to his home on Seventh street and Dr. Goodfellow called, who rendered the necessary assistance and left his patient resting easy. He will be all right in a few weeks.

A party of men from Soldier Holes were at Lewis' Springs yesterday hunting for fourteen head of horses. It is not known whether the horses were stolen or had strayed away.

The captain of the St. Davids base ball nine was a spectator of the game played in this city last Sunday and became so enthusiastic that he challenged the Protections, the game to take place September 1st. After the game we greatly fear that the St. Davids boys won't enthuse to any alarming extent.

Music was rather plentiful around town last evening. The Elite Theater band was making itself heard on Allen street, the Tombstone band was practicing in the City Hall, a piano and banjo were mixing melodies in the concert hall, the suffering citizens in the vicinity of Third street were devoutly hoping that the day of judgment would come for the two Chinese bands and the sweet strains of the Mexican band were delighting all who were fortunate enough to be in the vicinity of Frank Broad's place of business. Added to all this numerous instruments in private dwellings were pouring forth joyous notes or making discordant protests, according to the taste and proficiency of the performer.

DISTRICT COURT.
AUGUST 19, 1889.
Court met at 2 p. m. Judge W. H. Barnes presiding.
The first case was that of the city of Tombstone vs. D. H. Macneil. The demurrer of the defendant was sustained and plaintiff given until the November term to amend.
Miller vs. Miller, divorce; referred to the clerk to take testimony.
Benjman vs. Benjman, divorce; granted.
J. S. Taylor vs. T. Gregory, debt; judgment for plaintiff.
G. C. Willis vs. Cochise county; injunction dissolved by consent.
Exton vs. Branson, to dissolve partnership; judgment for plaintiff and partnership dissolved.
Cohn vs. Nardini; defendant made affidavit, and plaintiff's motion to be allowed to file counter affidavit was granted.
Adjourned till 10 o'clock this morning.

Florence Items.
Mr. H. Buehman returned last evening from Florence, where he has been in the interest of the committee on water storage.

He visited the famous Buttes, twelve miles from Florence, where the proposed mammoth reservoir is located. He made careful observations of the area of country which would be covered by the reservoir, which is about twenty miles in length and five miles wide.

Mr. Buehman took 18 photographs which included the Buttes, cañons and small valleys which would form part of the lake. Mr. Buehman says that it is the most wonderful natural reservoir which can be conceived. The face of one of the Buttes runs up perpendicular over 200 feet, the other almost perpendicular and the distance from one to the other through which the river runs is but 200 feet. He thinks it is no wonder the Florentines are enthusiastic over the water storage proposition. Florence is much improved lately, the people are full of business and push. There is a general air of prosperity, and great confidence is expressed and manifested in the future of the valley.—Star.

Funeral Notice.
The funeral of Geo. W. Atkins will take place from the parlors of the Undertakers' Association, on Allen street, at 2 o'clock this afternoon. Friends and acquaintances are respectfully invited to attend.

It is reported that Topy Johnson has made a big mining strike at El Fuerte, state of Sinaloa, Mexico.—Star.

The settlers along the Farmers' canal are happy. The water was turned in last week and is now running the entire length of the ditch—thirteen miles.—Yuma Sentinel.

Some dominion land surveyors report that they have discovered in the Rocky mountains one of the richest coal oil deposits ever found. Samples showed 91 per cent lubricating oil.

There were wild and conflicting rumors floating around in a disjointed don't-know-exactly-whether-it's-so-or-not sort of way about a wedding to occur last night. We haven't heard any wedding bells, haven't kissed the bride, a physician hasn't called on us to prescribe an antidote for wedding cake, our thirst is just as fierce as ever and we don't believe the wedding occurred. It was a false alarm. However, as we are not a prophet we don't know what might occur in the future.

In Memoriam.
TOMBSTONE, A. T., Aug. 19, 1889.
The committee appointed to draft resolutions in memory of A. H. Stebbins respectfully submit the following:
Whereas, It has pleased the Divine Providence to remove our cherished brother,
Now, therefore, be it resolved that this Camp has lost a true and faithful member, and the community a useful citizen, and while we deplore the loss of a member from our ranks, we are consoled by the fact that our loss is his gain and therefore bow to the divine will.
And it is further resolved that the members of Washington Camp, No. 1, P. O. S. of A., extend their heartfelt sympathies to the bereaved children of our deceased brother in this their sad bereavement, and that a copy of these resolutions be sent them, that a copy of the same be spread on the minutes of the Camp and published, and that our charter be draped in mourning for thirty days.

JOSEPH R. SINCLAIR.

Idleness is a Dangerous Foe
In the kidneys. When inactive they speedily fall into despair. Those obstinate and fatal maladies, Bright's disease and diabetes, ensue with terrible certainty upon the inaction of the organs affected. Catarrh of the bladder, enuresis, gravel and strangury are also to be apprehended from a partial paralysis of the bladder, of which weakness and sluggishness are the causes. Hostetter's Stomach Bitters is a fine tonic and promoter of activity for the renal organs, and one which can be relied upon to afford them the requisite stimulus without exciting them—an effect to be feared from the unmedicated alcoholic excitant of commerce. A further beneficial effect of the Bitters, by renewing activity of the kidneys, is to enable them to drain from the blood in its passage through them, impurities productive of rheumatism and dropsy. Nervousness, fever and ague, constipation and dyspepsia are conquered by the Bitters.

Tourists.
Whether on pleasure bent or business should take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver and bowels, preventing fevers, headaches and other forms of sickness. For sale in 50c and \$1.00 bottles by all leading druggists.
