Several deer were brought in from the Huachucas last evening, having been killed by Pete White and partner. During their trip they killed eight deer and four wild turkeys, but sold all of the turkeys at the fort. There is an abundance of game in the Huachucas at present and the wild turkeys are of enormous size, often weighing thirty pounds dressed. Several bears infest these mountains and make a hunting trip very exciting. Here is a good chance for our local sportsmen to achieve fame as foot-racers—just go over there and scare up a genuine bear and the world's record for fast running will be discounted by several laps.

The Baggy-head Tombstone Prospector is the only newspaper in Southeastern Arizona that lies for Gov. Wolfley every time he gives it a little advertisement. The Republican Tombstone EPITAPH pursues a more manly course in discussing the Governor and his unwise acts, acts which have injured the credit of the Territory, saddled upon it bogus officers and attempted the unheard of feat of running a legislature when Congress had not provided for one. For those and other high handed acts he goes to Washington, to implore forgiveness. — Prescott Courier.

From the 18th to the 23d of November a concerted attempt will be made by the signal detachments of the various posts in Arizona to connect Forts Huachuca, Bowie, Lowell Grant, Thomas, San Carlos, McDowell and Verde by heliographic communication. For this purpose parties are now being sent to occupy such eminent points at mountains Reno, Sierra Ancha, Turnbull, Graham and Cochise Stronghold. The greatest distance between stations will be from Mount Turnbull to Sierra Ancha, about eighty miles. — Silver Belt.

There are still seven Chiricahua bucks in Sonora—Chapo, once oracle of the tribe, is of the number. Another is oscillating in Arizona, who is vigilantly attentive to being by himself and is occasionally heard of through the agency of other Indians whom he keeps at arm's length, never allowing them to come nearer than speaking distance. He is supposed to be the murderer of Sabino Quiroz. — Globe Silver Belt.

The Board of Supervisors of Gila county have appointed Jerry Ryan as Sheriff of that county, to fill the place left vacant by the killing of Sheriff Reynolds by the Indian convicts. They have also offered a reward of \$50 for the capture of each of the escaped convicts.

It is announced that Mr. Carpenter, customs inspector for this district, will favor our citizens with some of his fine singing to-night at Mining Exchange Hall. It will be, indeed a musical treat and well worth hearing.

Simon Billings was in from his mine, the Woodville, on Wednesday. He informs us that he has taken out a considerable quantity of ore assaying 500 ounces per ton, and has more of it to stop. — Globe Silver Belt.

The Old Dominion Copper Company is enjoying a prosperous season, seldom if ever equaled in its history. Under the intelligent management of Superintendent A. L. Walker and his efficient assistants, work in the several departments proceeds with gratifying success. Their mine, the Globe, seems to steadily improve as depth is attained, and a world of ore is now revealed in the several levels. Two furnaces are in blast and a third is being repaired to be ready in the event of its being needed. The company has considerably increased the force of workmen at the mine and smelter, and we understand is still offering employment to every worthy applicant. The few yet needed, however, can be found here, and parties at a distance should not come to Globe with the expectation of getting work. — Silver Belt.

Merejildo Monroy returned to the Piecho placers Thursday. Mr. Monroy says that the Piecho camp is lively and that all hands are making good wages. — Yuma Sentinel.

In a recent article in the Youth's Companion, on "How to cure a cold," the writer advises a hot lemonade to be taken at bed time. It is a dangerous treatment, especially during the severe cold weather of the winter months, as it opens the pores of the skin and leaves the system in such condition that another and much more severe cold is almost certain to be contracted. Many years constant use and the experience of thousands of persons of all ages, has fully demonstrated that there is nothing better for a severe cold than Chamberlain's Cough Remedy. It acts in perfect harmony with nature, relieves the lungs liquefies the tough, tenacious mucus, making it easier to expectorate, and restores the system to a strong and healthy condition. **Thanksgiving Day.**

Whereas the President of the United States has designated the twenty-eighth day of November as a day of National Thanksgiving and prayer in the following

**PROCLAMATION:**

"A highly favored people, mindful of their dependence on the bounty of a Divine Providence, should seek a fitting occasion to testify their gratitude and ascribe praise to him who is the author of their many blessings. It behooves them to look back with thankful hearts over the past year and bless God for his infinite mercy in vouchsafing to our land enduring peace; to our people freedom from pestilence and famine; to our husbandmen abundant harvest, and to those that labor recompense for their toil.

"Now therefore, I, Benjamin Harrison, President of the United States of America, do earnestly recommend that Thursday, the 28th day of this present month, November, be set apart as a day of National Thanksgiving and prayer, and that the people of our country, ceasing from cares and labors of their working days, shall assemble in their respective places of worship and give thanks to God, who has prospered us on our way and made our paths the paths of peace, and beseech Him to bless the day to our present and future good, making it truly one of thanksgiving for each reunited home circle as a nation at large.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this first day of November, in the year of our Lord 1889, and of the independence of the United States the 114th.

BENJAMIN HARRISON.

By the President,  
 JAMES G. BLAINE,  
 Secretary of State."

Now therefore, I, Lewis Wolfley, Governor of the Territory of Arizona, believing in this time honored custom, do hereby proclaim and set apart the said twenty-eighth day of November as a special day of Thanksgiving, inviting all to lay aside their business and celebrate the same in such a manner as each in his conscience may deem right and proper.

Done at the city of Phenix, this eighth day of November, A. D. 1889.

LEWIS WOLFLEY,  
 By the Governor,  
 NATHAN O. MURPHY,  
 Secretary of Arizona.

Among the incidents of childhood that stand out in bold relief, as our memory reverts to the days when we were young, none are more prominent than severe sickness. The young mother vividly remembers that it was Chamberlain's Cough Remedy cured her of croup, and in turn administered it to her own offspring and always with the best success. For sale by H. J.
