## AN EXTRAORDINARY OFFER.

To All Wanting Employment.  
We want live, energetic and capable agents in every country in the United States and Canada to sell a patent article of great merit, on its merits. An article having a large sale, paying over 100 per cent profit, having no competition, and on which the agent is protected in the exclusive sale by a deed given for each and every country he may secure from us. With these advantages to our agents and the fact that it is an article that can be sold to every house-owner it might not be necessary to make an "extraordinary offer" to secure good agents at once, but we have concluded to make it to show, not only our confidence in the merits of our invention, but in its saleability by any agent that will handle it with energy. Our agents now at work are making from \$150 to \$500 a month clear, and this fact makes it safe for us to make our offer to all who are out of employment. Any agent that will give our business a thirty days' trial and fail to clear at least \$100 in this time, above all expenses, can return all goods unsold to us and we will refund the money paid for them. Any agent or general agent who would like to see our invention, and work them through sub agents for ninety days, and fail to clear at least \$150 above all expenses can return all goods unsold and get their money back. No other employer or agent ever dared to make such an offer. We wish to see every one out of employment who will send us three recent stamps to secure postage. Send at once and secure the agent's office, and ask any reader at this paper who reads this offer, to send at once the name and address of all such they know. Address at once, and we will give the best chance ever offered to those out of employment to make money. **RENNER MANUFACTURING CO.**
