

The Pioneer Daily of the Camp.

JUNE 11, 1885

PUBLISHED EVERY EVENING, (Sundays Excepted)

JAMES J. NASH.

Office on Allen Street, north side, between Third and Fourth. Delivered by Carriers for 25 cents a Week.

THE difficulty with Sir Peter Linnæus, Major General in her Majesty's army, and hero of the inglorious Afghan back-down, appears to be that his organ of combativeness is located a little too far forward—at the point, to wit, from which his jaws are operated. Gen. Crook of Arizona is affected in the same manner.

IT begins to look now as if the Administration had discharged all those Postmasters in Virginia just before the recent election for the purpose of convincing the Democrats that the party is not to be helped by a wholesale process of removal for opinion's sake. At least the result conveys a lesson of that kind. The Republican vote was increased in almost every county of the State, and nowhere so much so, as at points where the most earnestly solicited removals were made.

BANKER FISH, of New York, is devoting the leisure of Ludlow St Jail to loudly declaring his old partner and next-cell neighbor, Ward a liar. The epithet is not in the nature of news. If now Banker Fish, whose memory of the savings of Ward is so vivid, would only remember what he did with the half million or more dollars that does not deny receiving as his share of the plunder, then he would make a good many people happy. But singularly enough, that is the one thing upon which his memory refuses to be jogged, though the sharpest lawyers are trying to prompt him.

A PROMINENT Mississippian of a practical turn of mind, speaking of the case of his fellow-citizen Meade of Henthurst, asks, "Why make so much fuss about the killing of Matthews, when scores of men had to be silenced in that way before Lamar could go to the Senate, and thence into Mr. Cleveland's Cabinet?" The question is certainly a pertinent one, and the Administration will have some difficulty in making its Mississippi friends understand how the Matthews case comes to be treated as an exceptional one.

EVERY day brings fresh indications that the offensive partisans are to be permitted, in the language of a melancholy Boston cotemporary, "to ravage, as it were, the Administration." The President braces up now and then and refuses flatly to have a Blackburn or a Meade foisted upon him, but these occasional assertions of independence do not interfere materially with the general course of appointments for partisan reasons and on partisan recommendations.

GENERAL POPE and Gen. Crook are about 1200 and 800 miles away from us while our county is swarming with Indians.

Col. DAVIS, the newly appointed Minister to China, was a Union soldier, but he quit the army in January, 1863, a few days after the Emancipation Proclamation was issued, on the ground that he would "never fight to free the niggers," and his voice was heard in Indiana in 1864, along with that of Hendricks, declaring the war a "failure" and demanding peace at any price.

THE Apache question is now simmered down to this: Whether this territory shall be given up to the Indians or whether the Whites shall live here the latter are taking the matter in their own hands and are determined that this shall be a white man's country.

The A. O. U. W. LES MOINES,

The Supreme Lodge of United Workmen have elected the following officers: Mr. W. G. Morris, of Illinois, was chosen Supreme Master Workman by acclamation. The honor was declined on account of business relations, and the resignation accepted by a vote of 50 to 15. Mr. Brooks of Missouri, was than unanimously chosen. W. G. Badger, of Ontario, was elected Supre Foreman, W. H. Jordan, of California, was elected Supreme Overseer. For Supreme Recorder, M. W. Sackett, of Pennsylvania, was re-elected by acclamation. For Supreme Guide, G. R. Keller, of Kentucky, was elected; J. Lenhardt, of Pennsylvania, was elected Supreme Receiver; M. R. Graham, of Iowa, Supreme Watchman; Hugh Doherty, of Massachusetts, Supreme Medical Examiner; S. B. Berry, of Kansas, Supreme Trustee by acclamation.

The committee on the Ohio litigation reported resolutions unqualifiedly indorsing the Royal Grand Lodge of Iowa, and the action of the Supreme officers in upholding it, and giving the latter unlimited authority to continue to uphold the loyal workmen of Iowa. The report was as follows: "The special committee to whom was referred the matter as to what, if anything, should be done in relation to the Iowa litigation, have duly considered the matter and respectfully report that an examination of the record and a consultation with Messrs. Lane and Rogers, the attorneys for the order in said litigation, satisfy us that the decision of the supreme court is based upon a misapprehension of the aims and objects of our order, and may possibly retard the growth of the order in the state of Iowa, although it has the good effect of making more prominent the fraternal features of the organization.

Typographical Union, NEW YORK, June 9.

The Typographical convention continued its session again to-day. It was decided that during any strike authorized by the executive committee of the union, the strikers were to receive \$7 per week from the union strike fund. The chief organizer was directed to compile a black list book. A three-fourths vote, it was agreed, of members in good standing should be necessary to change the scale of prices. Pittsburg was selected as the place for holding the next convention. A resolution was adopted to the effect that if there is to be a change in the office of public printer, the president of the United States be requested to appoint such a person who will be in sympathy with organized labor.

Gladstone to Resign. NEW YORK, June 11. A London special to the Post says: Gladstone goes to-night to Balmoral to place his resignation in the Queen's

hands. It is now believed that the conservatives will take the office. Prominent members are urging the leaders to do so.

IT LEADS ALL.

No other blood-purifying medicine is made, or has ever been prepared, which so completely meets the wants of physicians and the general public as

Ayer's Sarsaparilla.

It leads the list as a truly scientific preparation for all blood diseases. If there is a taint of impurity in the blood, Ayer's Sarsaparilla will discharge it and expel it from your system. For constitutional or hereditary Catarrh, GONORRHOEA, GLEET, and all the numerous cases, it will stop the offensive catarrhal discharges, and remove the sickening odor of the breath, which are indications of serofulous origin.

ULCEROS.—"At the age of two years one of my children was terribly afflicted with ulcers running sores on its face and neck. At the same time its eyes were swollen, much inflamed, and very sore."

SCROFULA.—"Physicians told us that a powerful alternative medicine must be employed. They united in recommending Ayer's Sarsaparilla. A few doses produced a perceptible improvement, which, by an adherence to your directions, was continued to a complete and permanent cure. No evidence has since appeared of the existence of any serofulous tendencies, and no treatment of any disease has ever attended by more prompt or effectual results."

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists; \$1, six bottles for \$5.
