

# THE DAILY TOMBSTONE

The Pioneer Daily of the Camp.

JUNE 12, 1885.

PUBLISHED EVERY EVENING.

(Sunday Excepted.)

JAMES J. NASH.

Office on Allen Street, north side, between Third and Fourth.  
Delivered by Carriers for 35 cents a Week.

The temporizing policy of Crook is a disgrace to an American soldier, and will ultimately result in the Apaches being exterminated.

Republicans though we are, we await with feverish impatience the fall of the scalping knife of Democracy upon the heads of such incompetent officials as Governor Tritle and others, that we know of.

The banner of American freedom, the old flag, which never before went down before a foe, now lies trailing in the dust beneath the feet of the brutal Apaches, and the brave men who followed it in the heat of battle to a successful issue, are now being murdered beneath its shadows.

In Phenix or San Francisco, with his bland and smiling countenance, eagerly counting up his gains sits the brave Adjutant General of the territorial militia. In the lonely mountain passes, with their faces upturned to the scorching sun, lay our murdered comrades. Comment is unnecessary.

We wonder if Pope, when bathing his unworthy carcass in the mild waters of Monterey bay, ever allows himself to think of his jabberings to the San Francisco papers about there being no Indian outbreak in Arizona. It is to such military bombasts as he, and his senseless jabbering that causes our Indian troubles.

Loud mouthed Democratic politicians on the stump, in this territory, last season, made their boasts that if Cleveland was elected, we would have no more trouble with the Indians. He was elected, and has been appealed to for aid, by the citizens of this county, and he has never deigned to answer the telegrams. While the men that made the promises for him are now on their bended knees praying for an office.

Governor Tritle is secure in his mansion at Prescott, whilst murder, pillage and desolation goes on in one of the fairest portions of the territory. For a man who has taken a solemn oath to carry out the laws and see that justice is administered to the people, this man Tritle is acting a strange part. We know that he and Crook are bosom friends, but we did think that in this, our hour of need, that his voice would be raised in a manly call upon the general government, whose officer he is, for assistance for our people, or at least inform the government of the true state of affairs, and deny the statement of that old imbecile, Crook. It seems that about all the governor is engaged in at present is plotting for a re-appointment, which he never will obtain. He has outraged the rights of the people of this section by folding his arms in

lence while our citizens are being trampled beneath the feet of the brutal Apache.

## TELEGRAPHIC

Victor Hugo's Last Moments.  
LONDON, June 12.

It is persistently reported in the clerical papers of Paris that Victor Hugo, while upon his death-bed, entreated that a priest might be sent for, but that his relatives evaded his requests and flatly refused all appeals to the same effect made to them by others. The charge is also renewed that the letter of Cardinal Guibert, in which he offered to perform the last offices of the Church, was kept from the knowledge of the dying man by his son-in-law, Mr. Lockray.

Locality of an American Marriage.  
LONDON, June 12.

United States Senator Edmunds, Mrs. Edmunds and Mr. Cyrus F. Field, of New York, arrived today on the Aurania. The object of Senator Edmunds' visit is to give evidence before the Committee on Privileges of the House of Lords regarding American law in a case involving the succession to the title and estates of the Earl of Lauderdale.

Trouble in Texas.  
ABILENE, TEX., June 12.

Matters are not running as smoothly as might be in Democratic circles in West Texas. The local war-horses of the party want something for party patriotism, and are mad and disgusted at the way the Administration at Washington is doing. So far only one Postmaster of note in this part of the State, the one who managed the San Angelo office, has been bounced, and the Republicans are allowed to retain their seats and draw pay the same as if Blaine had been elected. This is more than the average Jackson Democrat can stand with composure, and expressions of dissatisfaction are heard daily, and enthusiasm in getting up petitions has practically subsided. Change in the office-holders was the principal benefit that was expected to be derived from a change in the Administration, and Cleveland has furnished heavy doses of disappointment in this particular. Reverence for the Democracy has been diminished, and the Republican party and the men who head it are held in higher esteem and are more respected than at any time heretofore. The leading public men side with their local office-seekers, and have done everything possible to gratify their wishes; and Cleveland and his assistants at the federal capital are alone blamed for the retention of republicans in the public service. The El Paso collectorship has for months been a focus of patriotic anxiety. Many distinguished west Texas democrats have applied for this fat place.

Drowned.  
LEAVENWORTH, KAN., June 15.

A heavily loaded sand boat, with three men and a boy aboard, struck a snag and sank in the river opposite the Soldiers home this evening. George Crawford swam out. Robert Durack could not swim, but clung to an ear and floated until picked up. Harry Wenter could not swim, but clung to the mast of the boat, which projected above the water, while the boat lay on the bottom. Little George Durack went under and was drowned.

Lost or Strayed.

One buckskin horse, four years old, about 15 hands high, No brand. One black horse, 8 years old, about 14½ hands high, Mexican brand on left hip and J.H. on shoulder. The above were last seen on the ranch of Thomas Dunbar at Tres Alamos. A liberal reward will be paid for this return to the Phasion Stables.

Attention Select Knights!

All Knights not having paid for their uniforms are requested to do so before Thursday June 10th, to Chas. Melgren.

## IT LEADS ALL.

No other blood-purifying medicine is made, or has ever been prepared, which so completely meets the wants of physicians and the general public as

Ayer's Sarsaparilla.

It leads the list as a truly scientific preparation for all blood diseases. If there is a lurking taint of Scrofula about you, AYER'S SARSAPARILLA will dislodge it and expel it from your system. For constitutional or scrofulous Catarrh, AYER'S SARSAPARILLA is the sure remedy. It has cured numerous cases. It will stop the nauseous catarrhal discharges, and remove the sickening odor of the breath, which are indications of scrofulous origin.

"Hutto, Tex., Sept. 26, 1882.

ULCEROUS SORES.—"At the age of two years one of my children was terribly afflicted with ulcerous running sores on its face and neck. At the same time its eyes were swollen, much inflamed, and very sore. Physicians told us that a powerful alterative medicine must be employed. They united in recommending AYER'S SARSAPARILLA. A few doses produced a perceptible improvement, which, by an adherence to your directions, was continued to a complete and permanent cure. No evidence has since appeared of the existence of any scrofulous tendencies; and no treatment of any disorder was ever attended by more prompt or effectual results.

Yours truly, B. F. JOHNSON."
