Legal blanks at the Sonora News Company.

Spot cash speaks loud: Perkins buys for spot cash.

Go to the Sonora News Company for all kinds of legal blanks.

Cattle buyers will go well to address Frank Smith, Arivechi, Sonora, Mexico.

F. M. King, the Tucson commission merchant was an arrival on this morning's train on mining business.

We are sorry to announce the death of Tom Cleveland's little boy baby, and extend our heart felt sympathy to Tom in his hour of sorrow.

Harry Pelton, has resigned his position as clerk of the "Palace" and announces his intention of resuming his old business of painter and paper hanger.

Sol Levi, that well known salesman of wet and extra dry goods, came in on this morning's train and is busy interviewing our liquor dealers in the interest of his house.

Majr Fred Herrera, Santa Cruz county's efficient treasurer, was among Nogales' visitors to the old pueblo the forepart of the week. He reports Tucson flourishing.

Walter Chenoweth, who for the past five months has been employed on the N. M. & A. railway, returned to the city the forepart of the week and has been busy shaking hands with his many friends.

Manager Naugle went north Friday on a tour of inspection. Never in the history of the road has so much repairing and new work been done as during the past six months. Much good has been accomplished, and Manager Naugle can well feel proud of the result.

Hello! Hello! Is this the Red House? Yes, what can we do for you! Have you any of those fine ladies' shoes No. 4, "A"? Yes, and we are selling all our shoes at prices you can not duplicate in the east. We pay the freight. Our Mr. Vasquez does all the buying and our shoes sell themselves.

The account published in the Gazette recently regarding the discovery of the lost Tumacacori mine appears to be verified. The party making the discovery, Mr. W. H. Randall, is on the ground with a force of men clearing out the old shafts and believes that he will find the rich ore that the famous old Tumacacori mine was celebrated for.—Citizen.

G. T. Dunavan, the well known Washington Camp mining man, spent several days in Nogales last week on important business. Mr. Dunavan reports the camp in a flourishing condition, and has every confidence in the future of the camp in which he is interested. He told a Vindicator man that he expected to make a turn in the near future whereby he would turn a pretty penny. The gentleman is well and favorably known here in Nogales where he has many friends who would be pleased to learn that he had struck "pay-dirt." Men like Dunavan, who have stayed with a proposition when there was not much in sight, are entitled to success.

Agent P. J. Zeimet, that abounding good fellow and excellent railroad man, who knows more international law than most lawyers, (which by the way stands him in good stead in the dual position he occupies on the border) will leave about June 5th on an extended tour of all the principal places of interest in the east and northwest. Mrs. Zeimet will accompany her husband and they will travel about six thousand miles devoting two months to the trip. Mr. Zeimet's position as agent of the N. M. & A., and Sonora railways at this point is considered one of the most responsible of its kind, and during the past 14 years he has worked hard and faithfully and is well deserving of a much needed vacation. We wish Mr. and Mrs. Zeimet a pleasant journey and a speedy return.

MRS. DR. WELLES DEAD.

Death Claims Another of Nogales Best Citizens.

The death of Mrs. Dr. Welles which occurred on Thursday afternoon after an illness of four days, has been a sad blow to the family of the dear departed. Mrs. Welles was loved and respected by a large circle of friends and acquaintances and her sudden and untimely death will long be mourned by all who were fortunate enough to know her. Mrs. Welles was possessed of many rare accomplishments which marked her at once one of society's favorites. As a musician she has always been sought after, and no musicale in Nogales has been complete without her able assistance.

The funeral was held from the family residence yesterday at 11 o'clock a. m., and was under the auspices of the Knights of Pythias, of which noble order her husband is a member. Beside members of the K. of P. the remains were escorted to their last resting place by a large number of friends and acquaintances who were desirous of paying their respects to the memory of one who had ever been ready and willing to assist others while alive.

It is safe to say that never in the history of Nogales has death claimed one that was more loved and respected by all who knew her than Mrs. Dr. Welles and we take this opportunity of extending to the doctor and little ones our sympathy in this their hour of bereavement.

A Thousand Tongues.

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50cts., and \$1.00 Trial bottles free at J. B. Mix & Co., Drug Store; every bottle guaranteed.

Spring is at hand and you no doubt are in need of light weight underwear. It will not cost you one cent to step into the Red House and inspect their big stock of spring and summer wear. Perhaps you do not know that the Red House carries the largest line of these things in the city. The goods and prices will astonish you.

The Red House is always abreast of the times. It never takes chances on being too late. Mr. Vasquez has taken time by the forelock and has purchased a large up-to-date line of spring and summer dress goods which he is selling at eastern prices. Why not patronize your home people instead of sending out of town for articles you can buy for the same money.

A fine line of puff and four-in-hand ties just received at the Boston Clothing House.

Art squares, rugs, hassocks, mats and over sixties different patterns of carpets; from cheapest ingrain to finest velvets, at Stambaugh's furniture store.

Perkins has all kinds of California fresh vegetables.

If you want something extra fine step into Jack's Place.

SAN RAFAEL DE LA ZANJA.

A Land Grant Case Tried by the County of Private Land Claims.

The land grant case involving what is known as San Rafael de la Zanja was taken up this morning by the court of private land claims, says the Tucson Star. This is probably the most important case before the court—certainly the most important one which has yet come up, not only because of the large interests involved but on account of the prominence of the claimants and the proximity of the land to this section.

Some 100,000 acres of the stock and agricultural lands lying in the southwestern portion of Santa Cruz county, and including the site of the town of Lochiel, as well as numerous improved ranches belonging to private settlers, are claimed by Colin Cameron, who, on account of the fact that Alfred A. Green was the original claimant of the land, now appears in the case as a co-defendant with the government.

There are numerous points at issue between the government and the claimants, one of the principal being that the government held that the original title issued on May 15, 1825, was four leagues, or about 17,000 acres of land, and that the survey made by the claimants, marked by natural objects, which made the tract amount to about 100,000 acres, is inaccurate. Besides this numerous points of law will be brought up, and the outcome of the case can not be foreseen. Senator Morgan, Francis J. Heney and Rochester Ford are representing the claimants, Judge W. H. Barnes appears for numerous settlers and W. H. Pope is conducting the case for the government.

Robbed The Grave.

A startling incident, of which Mr. John O'Connell of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50cts., guaranteed, at J. B. Mix & Co., Drug Store.

Dissolution of Partnership.

Notice is hereby given that the undersigned, have by mutual consent dissolved partnership, Homer Rambo withdrawing and V. M. Brock assuming entire charge of the Palace.

Mr. Brock will pay all bills contracted by the firm and collect all outstanding accounts.

Consumption

is robbed of its terrors by the fact that the best medical authorities state that it is a curable disease; and one of the happy things about it is, that its victims rarely ever lose hope.

You know there are all sorts of secret nostrums advertised to cure consumption. Some make absurd claims. We only say that if taken in time and the laws of health are properly observed,

SCOTT'S EMULSION

will heal the inflammation of the throat and lungs and nourish and strengthen the body so that it can throw off the disease.

We have thousands of testimonials where people claim they have been permanently cured of this malady.

A Card of Thanks.

EDITOR VINDICATOR:—Please allow us to express our thanks to the business men of Nogales who made it possible to get out so meritorious a work as the special edition of the Oasis. While we were "handicapped in a manner," we feel that the publication of "The Oasis" under adverse circumstances is a credit, from a geographical and biographical standpoint. From grouping the subjects above and a study of them cannot fail to impress the readers with the great resources that are tributary to Nogales; there is much remains undone. To accomplish benefits to accrue to Nogales it is necessary for all citizens to "get together" at this particular stage in its progress. "Vox populi" is a very safe theory to go by; truculent and sycophantic apostates should be avoided as a scourge. Beware of the Birds of ill-omen, and the Birds who befool their own nests.—Crows who pose in their solitariness on the bust of Pallas. They are the putrid excrecences of diseased livers whose only ambitious propensities are to obtain office for friends who are willing to divide ill-gotten gains.

The undersigned feel, (and the business men of Nogales have expressed themselves in the same strain) that they have written a conscientious history of Nogales, (both) Santa Cruz county and all mining interests. We invite criticism, feeling confident of the outcome. To Dr. A. H. Noon and other gentlemen who generously gave us data for the writing up of the publication we return thanks.

For reasons that would make the reputation of other people innoxious and who would refuse even our grateful thanks, we ask you to publish this in justice to every one and ourselves.
