OFFICIAL PROCEEDINGS
 OF THE
Board of Supervisors of Santa Cruz County.

Office of the Board of Supervisors of Santa Cruz County, Nogales, Arizona, Dec. 31, 1903.

The board of supervisors met pursuant to recess of December 7th, 1903.

Present, Chairman Farrell, Members Harrison and Harmon and Clerk Herold.

The board now audited and allowed the following demands and ordered same paid out of the funds, to-wit:

SALARY FUND.
 Richard Farrell, salary supervisor, December 1903, \$58.35.
 Henry Harmon, salary supervisor, December 1903, \$58.35.
 D. F. Manlove, watchman court house, November and December 1903, \$122.

Frank J. Duffy, salary district attorney, quarter ending December 31st, 1903, \$312.50.

GENERAL FUND.
 Trost and Rust, services as architect court house, \$82.80.
 Phil Herold, postage, express, telegrams, recorder and board of supervisors office, quarter ending December 31st, 1903, \$25.10.
 Chas. E. Perkins, premium on \$10,000 insurance, court house \$210.
 Frank J. Duffy, cash expenses, district attorney office, \$6.40.
 Chas. E. Perkins, earthwork on court house grounds, \$237.30.

SALARY FUND.
 W V McCleary, salary jailer, December 1903, \$75.
 S F Noon, clerk of court, quarter ending December 31, 1903, \$62.50.
 F M Hartman, salary court reporter, October 1903, \$31.25.

EXPENSE FUND.
 I. Burgoon, supplies for jail, \$15.
 George Lopez, transporting prisoner, \$4.
 W V McCleary, interpreter, fees grand jury, \$7.50.
 Sandoval National Bank, assigned accounts, jurors, \$61.60.
 E D Miller, (assigned to Sandoval National Bank,) printing and publishing, \$49.40.
 Sunset Telephone & Telegraph Company, telephone rental quarter ending December 31st, 1903, \$26.75.
 E D Miller, (assigned to Sandoval National Bank,) publishing, \$42.35.
 A. S Noon, expediting work on jail cells, \$10.
 Demand of Sonora News Company, stationery supplies, etc for sheriffs office \$6.65, disallowed.
 Demand of Charles Lee, meals furnished prisoners at Washington Camp, \$18.75, disallowed.

Upon motion, and all members voting "aye," it was ordered that the sheriff be instructed to have Keys of jail at all times within the court house, and at no time to allow jailer to carry said Keys upon the street, also at no time to leave jail and sheriffs office without guard.

Upon motion, and members voting "aye," it was ordered that the clerk be instructed to advertise for bids for the removal of the excess of earth within the court house grounds in front of the court house, and grading the grounds thereof, as per specifications on file in the office of the board of supervisors. All bids to be filed with the clerk of the board on or before February 1st, 1904, at 10 a. m.

Upon motion, all members voting "aye," it was ordered that the clerk give notice that outstanding certificates of indebtedness on the county Expense Fund, Nos. 501 to 585 inclusive, series of 1902, and Nos. 1 to 240 inclusive series of 1903, are now due and payable,

and upon presentation of same to the clerk of the board warrants on the County Treasurer will be issued.

Upon motion, all members voting "aye," it was ordered that the clerk give notice that certificates of indebtedness on the County Road Fund, Nos. 207-208-222-307-308-309-310-399-400-458-459-526-527-528-529-530-531-532-533-534-586-587-588-589-590-591-592 and 593 series of 1902, are now payable, and upon presentation of same to the clerk of the board warrants on the County Treasurer will be issued.

The sheriff now presented annual statement showing receipts of his office from liquor and gambling licenses for the year 1903, less his fees, amounting to \$4,817.45, which amount was paid to the County Treasurer. Vouchers and receipts ordered placed on file.

Upon motion, the board now adjourned until Monday January 4th, 1904, at 10 a. m.

APPROVED: R. FARRELL, Chairman.

ATTEST: PHIL HEROLD, Clerk.

Mining Transactions—Tucson is Benefited.

Dr. Ray Ferguson of Nogales returned home yesterday following the final proceedings in relation to the closing up, in legal form, of a deal entered into, a fact The Citizen was the first to announce a few weeks ago. Dr. Ferguson promoted this deal, which means the transfer of three-fourths interest in the World's Fair mines in the Harshaw district in the Patagonia mountains, Santa Cruz county.

The parties to the purchase are Minnesota men, two of whom were here yesterday from Winona, J. W. Booth and D. A. Stewart, the bankers of that city. The agreement involved the payment of \$450,000 for the valuable silver producing properties which have been in control of Frank Powers since 1891 and who has lived with his wife and daughter at the mines all these years. Mr. Powers retains one fourth interest in the World's Fair mines, which he has profited so well by in the past and so handsomely in the present transaction. Mr. Powers, his wife and daughter will again locate at their cosy home at the mines leaving here today.

An increased force of men have been at work at the World's Fair for three weeks past and in due course of time the new machinery required will be installed.

John Devine, J. H. Burns et al came in yesterday from the Twin Buttes mines bringing with them samples of the rich sulphide ores being hauled up from a cross cut at the 360 foot level in the Morgan mine. It is said that the ore in the Morgan will run from 30 to 55 per cent and the end of the rich ledge which has been opened several weeks has not been reached, although it is reported to be forty-five feet in length at present. President David S. Rose, a four-time mayor of Milwaukee, will have a surprise to greet his vision upon his arrival here within the next ten days.

There is much for Tucsonians to feel good over in the grand showing being made apparent in the recent work at the Twin Buttes. This means a great deal more to Tucson than most people are prepared to expect. Good results at the Twin Buttes is not all, but the fact that the outlook is so favorable there will be an incentive for other operators in the vicinity of the Twin Buttes to settle down to activity in order to realize returns.

Lane C. Gilliam of Los Angeles was this morning driven to the properties of the Arizona Copper company in the Tucson mountains, twelve miles west of town. Superintendent Brichta went out with Mr. Gilliam. Something will be done at these mines in May—Citizen.

Best Cough Medicine for Children.

When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. For sale by all druggists.

Expedition to Lower California.

Cirilo Ramirez, the custom house broker of Nogales, Sonora, is now in Guaymas busily engaged in making arrangements for extensive development of a large tract of placer ground in Lower California, in compliance with the terms of a concession granted to him early in the year by the Mexican government. By the terms of the concession he is given permission to exploit for gold and other metals and minerals in a zone situated on the eastern coast of Lower California, between the twenty-ninth and a half and thirty-first degrees of latitude north, bounded on the east by the Golfo de Corte and the west by a line parallel to the same coast a distance from the gulf of forty miles. He has chartered a special steamer which will be fitted out with all necessary machinery, supplies, etc., etc., and has employed quite a number of persons in Guaymas to go to the scene of operation. Within a few months it is expected that several hundred men will be employed in the development of the valuable land obtained by the concession.—The Tucson Post.

Territorial Convention.

Tucson was selected for the meeting place of the Democratic Territorial convention by a vote of 23 to 13, and the time set was May 23d.

The convention will be composed of 194 delegates divided as follows among the counties: Maricopa, 35; Yavapai, 33; Cochise, 30; Graham, 27; Pima, 16; Coconino, 9; Yuma, 9; Gila, 9; Mohave, 5; Navajo, 5; Apache, 5; Pinal 5; Santa Cruz, 5.

The work cut out for the Tucson convention by the committee is to elect six delegate and six alternates to the Democratic National Convention to be held at St. Louis on July 6, and to "memorialize the Democrats of the Senate of the United States to defeat the Republican conspiracy to destroy Arizona as a political entity."

An effort will also be made to endorse William R. Hearst for presidential nominee and a strong following of Hearst supporters will work in behalf of the journalist.

Mine Profits Surest.

Statistics in the United States show the following which those who decry mining can digest to advantage.

The records of mining show that over 50 per cent are successful, while the records of general business, including manufacturing and merchandise, show that less than 5 per cent are successful. In stock, wheat, corn and other speculations only 2 per cent are successful.

It is undeniably true that a greater number of large fortunes have been built up in mining than in any other industry, and that also in a shorter space of time. Reports show the mines of Mexico last year produced over \$10,000,000.

The mineral resources of Mexico show a greater ratio of increase than any other industry.

The annual dividends of the mines are greater than those paid by all the other interests of that country.—Ex.

Fine Stock for Corrales.

M. S. Durrill, manager, and one of the owners of the Hacienda de Corrales, below Jimenez, was in the city this week Mr. Durrill is shipping in this week to the ranch seven car loads of fine stock, which is perhaps the finest shipment ever brought into Mexico for any one ranch.

This shipment consists of two car loads of Hereford and Durham bulls, purchased mostly at Midland, Texas; two car loads of American brood mares; one car load of Mammoth Black Jacks, Jenneys, bought in Tennessee; one car load of trotting and saddle stallions; and one car of Poland China hogs and Shropshire rams. The jacks and stallions are all coal black in color.—Chihuahua Enterprise.

ARIZONA NEWS.

Items of Interest from All Over the Territory.

A cyanide plant of a capacity of 125 tons of tailings a day is being erected at the Commonwealth mine at Pearce.

The Morenci-Clifton Standard reports that the Chase Creek Copper Co., tunnel is now in 540 feet, with a depth of 550 feet.

A rich body of ore has been cut in the southeast drift on the lower level of the Altata mine, Chloride.—Kingman Mineral Wealth.

The Clifton Copper Era says the Detroit Copper Company has commenced development work on its coal property near Morenci.

The Clifton Copper Era says: "The Monte Cristo Company has made a contract with the Shaanon company for the treatment of all its ore running above 10 per cent."

Dell M. Potter, manager of the Sierra de Oro Mining Company, has left for El Paso to purchase an air plant. The tunnel is now in more than 600 feet.—Clifton Copper Era.

The Clifton Copper Era says: "Owing to needed repairs the Shannon company last week closed down the furnace which had been in active use for some time, and blew in their other furnaces."

The Clifton Copper Era states that the Arizona Copper Company has added a new converter to its plant, making three in all, enabling it to increase its output of Bessemer copper.

Geo. A. Howe has discovered and located six copper claims at Granite mountains, twenty miles east of Florence and about three miles from the Phoenix & Eastern railroad.—Florence Blade.

Ben Crawford this week received a lot of samples from claims at Gold Hill in which he is interested, which assayed nearly 8100 per ton in gold, and also carried considerable lead.—Clifton Copper Era.

Word comes from McCabe that splendid ore has been struck in the upper levels of the McCabe mine. The ore is said to be richer than anything heretofore encountered in the mine.—Prescott Journal Miner.

Ex Governor Louis Wolfley and M. E. Spaulding have returned from a visit to the properties of the Climax Gold Mining Company at Quartz mountain, and report good progress being made in the tunnel.—Prescott Journal Miner.

There is a rumor of a power plant to be established on the Blue River, to furnish electric power to Clifton. Current report has it that Superintendent Veitch has intimated that the Arizona Copper Company is interested in the project. Examination is said to have been made of water supply and fall available with satisfactory results.—Morenci Clifton Standard.

The best way to build up the Territory is to patronize home industries. Las Dos Naciones Cigar Company of Nogales, is giving employment to nearly one hundred persons. They are turning out the finest Mexican cigars made. If you are a loyal Arizonian ask your dealer for an Imperial, Favorite or a Perfecto cigar made by an Arizona factory.—Tucson Star.

The Hermosa Mining Company of Guthrie, Oklahoma, is operating several properties in the Harshaw district, not far from the World's Fair mines. The Harshaw district is reached by stage from the Patagonia station on the Southern Pacific railway about twenty miles north of Nogales. The mills owned and operated by this company are credited with a silver production exceeding \$1,800,000. Considerable work is now under way. From the breast of a 700 foot tunnel a 200 foot upraise is in progress to reach the old workings and ore is being extracted. The old mill has been dismantled and in its place will be erected a fifty-ton up-to-date plant, to be in operation about July 1st. Mr. Charles B. Adams is the company general manager. The president and secretary respectively are E. L. Conklin and Henry F. Burke of Oklahoma. Mr. I. Burgoon of Nogales is largely interested. The mine work is in charge of Mr. N. A. MacDonald.—Mining Reporter.
