LOCAL ITEMS.

One thousand more United States soldiers daily expected here.

George Sayer, one of Uncle Sam's best line riders, came in yesterday.

Mr. and Mrs. Walter Bailey are guests at the Montezuma hotel, from Arivaca.

Dr. and Mrs. Fred. Howland, after spending several days here from the mines in Sonora, near Poza, have returned south.

This week N. Leeker, of La Barata, had a handsome new sign placed in front of his place of business. The new sign is one of the most attractive in the city.

J. Sabatier, the merchant, is back from a two weeks business visit to New York. He reports having had a pleasant, very successful visit in gay old New York.

Everybody in Santa Cruz county will be pleased to learn that our old friend Dick Reynolds is recovering from his recent accident, the result of a serious illness.

Attention is called to the statement of The First National Bank of Nogales at the close business March 7th, 1911, which appears in this issue of THE BORDER VIDEITE.

M. J. Doyle has gone to one of the famous California hot springs, expecting to remain there a month, after which he will visit his sister at National City, Cal.

Mr. Bender, the mining man, who is also interested in valuable Sonora lands, is back from the south, where he had been on business connected with his land and mine interests.

Tomorrow Hon. Bo. J. Whiteside will go to Naco on pleasure bent. Bo. has a number of friends over that way with whom he will enjoy a couple of days. He anticipates having a great time.

Mrs. Frank Fitch entertained about forty ladies, last Tuesday afternoon, at her pleasant home, in honor of her sister, Miss Hill of Pittsburg, Pa., who will shortly return home. There were cards and luncheon.

John F. Campbell, a wide-awake, mining man from Winkelman, where he has large valuable mineral holdings, is a guest at the Montezuma hotel. The nature of Mr. Campbell's visit here has not been learned.

Everybody in Santa Cruz county will be pleased to learn that County Treasurer A. E. Reddoch, who has been quite ill at the Sisters' Hospital, is much improved, and will soon be able to attend to the duties of his office.

Dave Loeb, proprietor of La Popular, the elegant new haberdasher headquarters on Morley avenue, has received handsome fixtures which he installed Tuesday. La Popular is a credit to Nogales and Mr. Loeb deserves success.

L. Lulley, of Lulley's Buffet, this week received a new cash register from the east. It is a beauty and never makes mistakes, especially when manipulated by "Lucky Mark," who carefully looks after his brother's business when he is absent.

The grand ball given at the Santa Cruz Club last night in honor of the officers of the United States army now stationed here, was a most delightful affair long to be pleasantly remembered by hundreds of our best citizens and the guests of honor.

James Johnson, manager of the Ivanhoe mine near Patagonia, accompanied by Mrs. Johnson and the children, came down from Patagonia Thursday to enjoy a few days city life. The Ivanhoe is a most excellent property and under the able management of Mr. Johnson will soon be placed in the dividend-paying class.

W. E. Smith, for a long time engaged in the jewelry business here, who removed his family to Texas a couple of months ago, is here again transacting private business. Mr. Smith says after everything is said, Nogales is the best town he has seen during his travels and he may at no distant date return here to make his home with us.

Wednesday in Judge J. J. Chatham's court, the soldier accused of criminally assaulting a young girl, was discharged, the girl being unable to identify the man as the person who assaulted her. The unfortunate affair is deeply regretted by citizens and soldiers alike, and every effort is being made to apprehend and punish the guilty party.

Colonel Kosterlitsky, the well known Mexican army officer, who has been reported dead and buried several times recently, spent Thursday in the city from Magdalena, Sonora, where he makes his headquarters. The colonel looks the picture of health, and does not appear any the worse for having passed through a number of terrible experiences, including death at the hands of revolutionists.

George D. Gross, of the National Camp north of the city, on the west side of the Patagonia mountains, reports favorable progress at the mine, from which he has taken several carloads of pay ore. George is every inch a miner and those who back him with their money, never have reason to complain. He has done a large lot of profitable work and those who are associated with him have had a "run for their money," then some.

Frank N. Cox, who many years has operated mines in this section, having been manager of a number of big mining properties in this county and the state of Sonora, Mexico, has been here several days on business connected with his Buena Vista mines north of the city a dozen miles, from which he and his partner, John Hurst, are mining good pay-ore which will be shipped to Douglas, for treatment. Both Mr. Cox and his partner are practical mining men. They understand all the tricks of the mining game which they play to win. The Buena Vista ore is high-grade copper carrying good gold values.

George B. Marsh, Inc., now occupy large, handsome new quarters on Morley avenue on the first floor of the Ramon Vasquez building, recently completed. The company of which Mr. George B. Marsh is the principal stockholder, has an unexcelled line of everything carried in up-to-date hardware and furniture houses in the east. In their new quarters they should do an increased business both local and foreign. For many years Mr. Marsh has done an enormous business in Sonora and southern Arizona, where he is known as a successful business man, who believes in a "square deal," first, last and all the time.

Fred. C. Emery, president and manager of La Cobreza Mining Company, accompanied by Mrs. Emery and the little girl arrived in the city Thursday from camp via Altar. The trip was made in Mr. Emery's Winton Six car without accident in fine time. Mr. Emery reports conditions at the mine perfect. The smelter has been completed and all that is needed to "blow-in" is the arrival of coke, twenty carloads of which have been ordered and paid for since January 1st. Under the able direction of Superintendent Tonkin, the mine has been opened up in a most systematic manner, large bodies of reserve ore being developed ready for mining just as soon as the smelter starts. All ore bins are full of ore and Mr. Emery says his troubles, real and imaginary, are ended, or will be, as soon as actual production of copper commences. After transacting some business with the Mexican customs officials, Mr. Emery will return to La Cobreza next Monday.

THE SONORA COPPER CO.

Smelter Almost Completed and Work on Tramway Commenced.

The Sonora Copper Co. (Sonora Copper Smelting Co.) of which A. M. Conard of this city is president and general manager, is making one of the best records of any mining company now operating in the state of Sonora, Mexico.

Notwithstanding the panic in the United States, and the Yaqui troubles and revolution in Mexico, the company has without interruption continuously developed its great mines at Cobre Grande and is now completing the installation of its 100-ton daily capacity smelter, about three miles and half from Noria, a station on the Sonora railway, from where a branch will later be run to handle the business of the company.

The aerial tramway, 3460 feet in length, purchased from A. Leschen & Sons Rope Co. of St. Louis, Mo., has arrived and is being assembled at the smelter and mine, for immediate installation, the work being in progress under the supervision of experienced men, who have instructions from Manager Conard to complete the work at the earliest possible date.

As soon as the tramway is

completed the big ore bins having a capacity of 600 tons—six days' supply for the smelter—will be filled and the plant placed in commission.

The company has a twenty-year concession from the Mexican government, whereby all its products are exempt from state and municipal taxes and military service. The concession will annually save the company about \$20,000. It covers the entire Magdalena district.

Manager Conard has everything at Cobre Grande in first-class condition, the camp being one of the most healthy and best organized in Mexico.

It is only a matter of a very short time when stockholders of Sonora Copper Company may expect splendid results on the their investment, for they have the ore, the plant and a manager, who ably assisted by competent lieutenants, works night and day for the ultimate success of his company.

READY FOR ACTIVE WORK.

Last Carload of Supplies for Company on the Ground.

The last carload of machinery for the West Coast Mexican Oil Company, H. E. Stevens superintendent, has arrived and is now on the ground out at Mascarenas station on the line of the Nogales-Cananea branch of the Southern Pacific of Mexico, where the first of a number of wells will at once be sunk for oil.

The work of erecting the well-boring outfit will be under the personal supervision of C. E. Brinton, of Los Angeles, one of the best known most practical oil men in the United States. Mr. Brinton has worked in all the great oil fields in the country, and has had more than thirty years practical experience. With him are a number of first-class men, every one of whom understands all details of the business.

The work of constructing and erecting rig No. 1, is now in progress at a point a short distance from Mascarenas station, and just as soon as possible actual work of boring for oil will commence, with every indication pointing toward early success.

Mr. Clauser, the California oil expert and a number of other well known experts with international reputations, recently thoroughly examined and reported favorably on the Mascarenas oil fields, which are owned by the West Coast Mexican Oil Company, financed by English capitalists through the efforts of H. E. Stevens and Charles McCully of London and Paris.

A. C. Bernard, Alberto Mascarenas and Judge Charles Blenman are also largely interested in the oil company, which is strong financially and owns large valuable oil lands in Sonora including the field near Nogales where the first work will at once be done.

None but competent, high-priced experienced men will be employed by the company, to the end that success is assured if there is oil in this section of the country.

The success of the company is of vast importance to Nogales and all of Santa Cruz county; if there is oil in the Mascarenas fields, there is also oil in the ground on the American side of the line located by Nogales people. This being the supply point for the oil fields, every interest here will be benefited, directly or indirectly.

We wish the company every possible success.

U. S. READY FOR WAR.

President Taft Orders 20,000 Troops to Mexican Border.

Washington, D. C., March 7.—As an answer to the charges that the United States army is not prepared for actual warfare, President Taft last night ordered the assemblage of 20,000 troops, one-fourth of the entire army, within the department of Texas with general headquarters at San Antonio, the various brigades to be stationed at strategic points, including all seaports and Mexican border towns.

Simultaneously a formidable fleet, including the flagship Tennessee and the powerful armored cruisers Montana, North Carolina and Washington, now in New York harbor, supplemented by auxiliary vessels needed in actual war, were ordered to take a place off the Texas shore line.

The mobilization of the army will be a magnificent test of the whole machinery controlling the army on a scale greater than ever before attempted during time of peace in any country, reproducing as nearly as possible war conditions, involving hostilities in advance of a formal declaration of war.

COLIN CAMERON DEAD.

Last Monday forenoon, Hon. Colin Cameron, of Lochiel, this county, who for some time past has been residing in Tucson, was stricken with apoplexy and died almost instantly at his beautiful Tucson residence, Lochaber.

Mr. Cameron was born in Danville, Pa., December 10, 1849. He was the son of Simon Cameron and Elizabeth Leinbach Cameron cousin of former United States Senator J. D. Cameron of Pennsylvania. He came to Arizona in 1882 and was interested in large land and cattle holdings, breeding and introducing the first Hereford cattle into Arizona. He was at one time director and president of the American Hereford Breeders' association and was a prominent member of the National Live Stock association. He is survived by his wife, Mrs. Cameron, his son, Colin Cameron, and three daughters, Mrs. Walter Wakefield, Misses Jean and Alice Cameron; also by his mother, Mrs. Elizabeth Cameron, and his sister, Miss Minnie Cameron.

The funeral was held Tuesday afternoon from the family residence, under the auspices of the Masons, of which Mr. Cameron was a thirty-second degree member, interment being in the Masonic cemetery.

Friends of the Camerons throughout Santa Cruz county will regret to learn of the sudden passing of Colin Cameron, one of the pioneers of southern Arizona, and all will join in extending sympathy to the family in their hour of sorrow.

Notice of Sale of Real Estate at Private Sale.

In the Probate Court of the County of Santa Cruz, Territory of Arizona. In the Matter of the Estate of Tomasa de Leon, deceased.

NOTICE IS HEREBY GIVEN, That in pursuance of an order of the Probate Court in and for the County of Santa Cruz, Territory of Arizona, made on sixth day of March, A. D. 1911, in the matter of the estate of Tomasa de Leon, deceased, the undersigned, the Administratrix of said estate will sell at private sale to the highest bidder, subject to confirmation by said Probate Court, on Monday, the 27th day of March, A. D. 1911, at ten o'clock a. m., at the office of Frank J. Duffy in the City of Nogales, in the said County of Santa Cruz, Territory of Arizona, the following described real property, to-wit: Situated in the town of Nogales in said County and Territory and beginning at a point in the center of the eastern line of Lot number eighteen (18) in Block number eighteen (18) and running thence westerly along the said center line of said Lot number eighteen (18), eighty-two feet and five inches to a point; thence southerly, twenty-nine (29) feet more or less, to the northwest corner of a piece of land conveyed to the said Tomasa de Leon from Manuel Granillo and Ramona de Martinez, his wife, by deed dated June 23rd, 1903; thence easterly along the northern line of said last mentioned piece of land eighty-two feet and six inches to a point on the eastern boundary line of said Lot number eighteen (18); and thence northerly along said last mentioned line twenty-eight feet and six inches, more or less, to the piece of beginning, and being a part of Lot number eighteen (18), in Block number eighteen (18), as the same is delineated on the official map of said town of Nogales, made by William Bradford and approved by the Mayor and Common Council of said town of Nogales on the 12th day of December, A. D. 1899.

Scaled bids will be received at the office of Frank J. Duffy in the town of Nogales, Arizona, up to the hour of ten o'clock a. m., on Monday, March 27th, 1911.

Terms of sale: Cash, upon confirmation by the Probate Court of Santa Cruz county, Arizona.

EULALIA L. DE MONTIEL, Administratrix of the Estate of Tomasa de Leon, deceased. 3-11-34. Dated Nogales, March 7th, 1911.
