LOCAL ITEMS.

Jack Cleaver has been on the sick list the past week. Only a bad cold.

Contractor Omstead is pushing work on the Oasis building north of the postoffice.

The rains are most welcome and the "backbone" of the water famine is broken. Let's pray.

Dr. C. Howard Davis of Guaymas has for the past week been a guest at the Montezuma hotel.

U. S. Line Rider George Sayer is now stationed here, where he has a wide circle of friends.

William Speed of Willcox is a guest in the city. He is one of the best known cattlemen in Arizona.

Sam King and his family will shortly leave for the state of Chihuahua, Mexico, where Mr. King has mining interests.

Monday Dr. H. W. Purdy and Bo. J. Whiteside drove to Patagonia, where the doctor was called on professional business.

Supt. T. H. Kruttschnitt of the Southern Pacific, with headquarters in Tucson, paid the line city a visit Thursday and yesterday.

H. M. Hart, cattle inspector, has for several days past been here on official business. He makes his headquarters in Douglas.

James Reagan of Patagonia, spent yesterday at the county seat. He reports his little burg quiet at present but hopes for better times soon.

Mrs. E. Wood and the children are here from Courtland enjoying a visit at the pleasant suburban home of Mrs. John Gleason, Mrs. Wood's sister.

Captain Frank Glasson, son of Mr. and Mrs. John Glasson, is now stationed at Nogales, Sonora, with his company of Mexican insurrecto soldiers.

Thursday night Bracey Curtis, president of The First National Bank of Nogales, returned home from a combined business and pleasure trip on the Pacific coast.

Hon. Harry K. Chenoweth is up from his Providencia mines in the Magdalena district, Sonora, and reports his gold mines looking fine. Eastern parties have made him an offer for the property.

Chas. H. Peck, of the Alamo Cattle Co., came down from Tucson Thursday. He continued on south to Magdalena, Sonora, where he makes his headquarters when not at the ranch thirty miles from there.

County Surveyor H. Gordon Glone who has returned from an inspection tour of the county says the road between Nogales and Patagonia is now first class and with little expense can be kept in good condition.

This morning Cenobio Salido, accompanied by his brother-in-law Arthur Peck, departed for San Francisco on a week's pleasure trip, expecting to be absent from Nogales about ten days. Salido pays the freight.

The Nogales Water Company have leased the Tom Bayze well, and as soon as proper connections can be made the company's water supply will be greatly increased. Mr. Bayze is to receive \$100 per month for the use of his well, for five months.

Charley Levin, brother of Henry Levin, the commission agent, is now cashier in the Sonora railway office. Mr. Levin and his family, four children, recently arrived here from Cananea, where Mr. Levin was station agent for the railroad company.

Alonso Billy has disposed of his interest in the Manion group of mining claims situated in the Patagonia mining district, to F. O. Stow, the Washington camp mining man. Consideration has not been made public. Noon & Barry, attorneys of this city, represent Billy.

J. J. Raphael, Jr., who for a long time has made good with Roy & Titcomb, Inc., of this city, has been sent to Guaymas, where he will fill an important position in the firm's branch office. John went south Monday night. His family will later join him in the bay city.

George Weiland spent several days in town with his family this week. Recently he signed a contract with The Santa Cruz & Sonora Reduction Company whereby he agreed to deliver ore to the company from the silver-lead mines in the Jefferson district owned by himself and Hon. Theo. Gebler of this city. The contract calls for 300 tons per day. George says the new company is all right and everybody, especially those having pay-ore, are banking a lot on Messrs. Rinehart and Hobson.

C. Rinehart of The Santa Cruz & Sonora Reduction Company, accompanied by J. S. Darden, spent a couple of days here this week from Patagonia. Work on the wagon road between their Alta camp and Tubac is being pushed as rapidly as possible. The distance is only twelve miles.

Manager Dodge of El Cabrillo Mining Company, after spending a month at San Diego with his interesting little family, returned to the mines in Sonora Wednesday night. Another carload of high-grade silver ore will at once be hauled to Noria for shipment to the customs smelter at El Paso, Texas.

Tuesday of this week while being drawn west toward Tucson at the rate of thirty or forty miles an hour, Superintendent J. D. Dyer's private car "Tucson" caught fire and was destroyed. Loss, including its furnishings and the personal property of the superintendent, about \$5,000. Origin of the fire unknown.

W. E. Rogers, president of Minas Las Palomas, S. A., accompanied by his brother Oscar J., and Dr. Kelty, came up from the mines Wednesday and Thursday morning. W. E. continued north en route to his home at Pacific Grove, Cal. This morning Oscar will start on the return trip to the mines, a distance of 150 miles by automobile.

Last Sunday evening Dr. W. A. Laughlin, Ph. D., pastor of the Congregational church in this city, delivered his farewell sermon to a large audience. From here Dr. Laughlin, who is a clever newspaper and story writer, will go east where he will devote all his time to newspaper work. The name of his successor has not been learned.

Teodoro Morineau and E. Morineau, merchants of Caborca, Sonora, have gone to Tucson on private business. Just when the gentlemen will return to Caborca, they are unable to state. At this time it is said they do not stand "ace high" with the powers that be in that section of the country, where for many years they have been at the top of the heap.

Mrs. Isabel de Vazquez, aged 80 years, passed away early Thursday morning at the home of her daughter, Mrs. Dr. H. W. Purdy, in this city. The funeral was held late Thursday afternoon from the Purdy residence, interment being in the Nogales cemetery. The aged lady had resided in Nogales many years and was well known and highly respected.

President and General Manager A. M. Conard of the Sonora Copper Co., spent a couple of days here this week with his family, from the company's property at Cobre Grande where the smelter is ready to blow-in just as soon as the tramway from the mine to the smelter, now being erected under the supervision of George Watt of this city, is completed.

Last Saturday afternoon at the chambers of Probate Judge M. Marsteller, Mr. Peter Roberts of St. Louis, Mo., and Miss Ethel Search of this city were married. The ceremony was a very quiet affair, only a few intimate friends of the contracting parties, being present. THE BORDER VIDETTE wishes the newly wedded couple much happiness and prosperity.

Thursday Superintendent John Burton commenced work on Alex. Carpena's two-story brick store building on Morley avenue, which when completed will be one of the most attractive structures in the line city. The new building will have an elegant French plate glass front and will be first-class and modern in every respect. Until his new home is completed Mr. Carpena will continue to do business in the J. E. Wise building which will later be torn down and a new one erected on the site of the old.

Yesterday Superintendent H. J. Temple of the Sonora railroad, was a visitor in the city, having arrived the night before from a tour of inspection over the Nogales-Cananea branch in his handsome traveling home "Sonora." During the past six months Mr. Temple has been almost constantly out on the line, much of the time roughing it on motor cars, hand cars, etc. However, the strenuous life appears to agree with him, for he looks the picture of health and says he never felt better. From Nogales the superintendent will go to Empalme, his headquarters.

E. B. Sharpe, secretary of La Cobreza Mining Company, after spending several days here on business connected with his company, has returned to the mines west from Noria a dozen miles. Mr. Sharpe in the absence of President Fred. C. Emery in the east, is looking after the mine end of the company, being ably assisted by Mine Superintendent Tonkin, one of the best practical mine superintendents in the country. The smelter at La Cobreza is ready to blow-in.

Lieutenant Richard Fleischer, who for some time past has been in Mexico, has again entered the services of Las Dos Naciones Cigar Company, of this city, as a traveling salesman. Dick Fleischer is one of the best salesmen on the road today. He is well and favorably known all over Arizona where cigars are sold and friends throughout the territory will be glad to learn that he will shortly pay them a visit in the interest of the big local factory of which William Schuckmann is president and general manager. The cigars manufactured by Las Dos (Two Nations) Naciones Cigar Company, are recognized by lovers of a good smoke, as the best in America.

C. E. Sexton, lieutenant in the Mexican rebel army, who with four other American soldiers of fortune, is accused of tying Captain Oscar Kuhme to a tree on the Mexican side of the line last week, and escaping to the American side of the line with their "war stuff," was arrested last Tuesday by Mounted Inspector Harry Smith of the customs service on the charge of smuggling the horse he rode into the United States. After giving bond in the sum of \$250 to answer to the charge, he was immediately arrested by Sheriff Saxon on a charge of carrying concealed weapons. He gave bond on this charge, also, and left for Calabasas his home. Sexton stated that he was weary of soldiering in Mexico, and will not return to that country.

WE WILL CELEBRATE.

Fire Boys Whooping Things Up for Fourth of July.

Nevertheless and notwithstanding, Nogales is going to have a good sane Fourth of July celebration. Bert Bristol and other live members of the Nogales Fire Department, including Chief Bracey Curtis, are whooping things up to the end that the 135th anniversary of American Independence will be pleasantly remembered by citizens and visitors of the Line City, July Fourth, next.

Although the time is short, the boys are working overtime to have everything ready in order that our natal day may be appropriately observed, and those of us who can't go to Tucson or elsewhere to help celebrate, will have an opportunity to show our patriotism here at home where the weather is delightfully cool and the best of everything can be had that goes toward making the Fourth of July a success.

Let's all get busy and help make the eagle scream in good, old-fashioned American style.

THE PROGRAM.

8:00 a. m. Grand parade of the Fire Department, squadron of the Sixth Cavalry, county and city officials, decorated automobiles, carriages, etc.

8:45 a. m. Sports at park on Morley avenue.

G. MICHELL, Pastor.

H. A. SMITH BUSY.

Plans to Establish Irrigation Project Near Noria.

Having taken the first steps toward the establishment of a big power and irrigation project near Noria, Sonora, which will furnish power to four mines and smelters, and the town of Llano, and will furnish water for irrigation between 12,000 and 15,000 acres of land, H. A. Smith has returned to Tucson, says the Tucson Citizen.

Near Noria Mr. Smith located a reservoir site in a box canyon formed by an earthquake or some other power which caused a long and narrow split in the mountains.

At the damsite the canyon is between 12 and 15 feet wide at the bottom, and widens to a width of about 100 feet at the top. It is about 150 feet high, and the canyon extends back from the proposed dam about three miles before it opens out to any considerable extent.

The "fall" which the water will have through the canyon will be between 70 and 90 feet, Mr. Smith states, and the dam which he and his 20 or more associates propose building will be 100 feet in height. It will impound the water of the canyon, which forms a branch of the Magdalena river.

With the heavy fall which the impounded water will have, it is the intention of Mr. Smith and his associates to build a power plant which will develop from 300 to 1000 horsepower. Power and electricity for lighting will be furnished to the town of Llano. Power will be supplied the mines and smelters of the Llano Copper company. Also, Mr. Smith states, a flour mill will probably be built at Llano, the machinery of which will be operated by power from the dam.

After the water has been used for the generation of power by the turbines, it will be taken out in canals to irrigate between 12,000 and 15,000 acres of land lying along the Sonora line of the Randolph system. It is expected that the water will be delivered to the land at a cost of between \$5 and \$7 per acre.

Engineers have been sent out from Noria to survey the project and give figures on it, including not only the exact dimensions of the damsite and reservoir, but also the amount of material which will be necessary to build the dam, power plant, spillway, etc., and the cost. Mr. Smith stated that until the engineers have finished their work and submitted a report, which will be in about 30 days, he will be unable to name even an approximate figure on the cost of the entire project.

It is the intention of the company, however, to make all necessary arrangements to start the construction of the dam at the earliest possible date.
