LAS VEGAS FREE PRESS

SATURDAY, April 2, 1892.

The Raton Reporter recently made an attack on Capt. Collier of the Range, claiming that he was opposed to working men and was disliked by them where ever known. We have always heard him spoken of in the highest terms by those who are well acquainted with him, including workingmen, and know that he is a very hard working man himself. He is too well known to have such an attack do him injury.

If you drop 15 cents per week in the FREE PRESS slot we will do the rest.

East Las Vegas, N. M. March 8th, 1892.

ORDINANCE No. 42.

Whereas, it is apparent and evident to the Board of Trustees of the town of East Las Vegas, New Mexico, that the funds and means provided by Ordinance No. 38 and No. 39 of the said town of East Las Vegas, being ordinances of said town providing for the issuing and sale of bonds of said town to the amount of seven thousand dollars par value bearing interest at the rate of six per cent per annum for the purpose of raising money and means with which to purchase a suitable site upon which to erect needful buildings for the use of said town, and to erect and build on such site, such building or buildings as are needful and suitable for the use of said town for Town Hall, calaboose, and the Fire Department as well as other town purposes, will be insufficient, for such purposes.

And whereas, from the sale of said bonds the moneys received therefrom has been used in the purchase of a suitable site for such town building and the erection and construction of such buildings for town purposes has been contracted for and been commenced, but that the moneys received from the sale of said bonds will be insufficient to complete and furnish said buildings according to the plans and specifications adopted by the Board of Trustees of said town for the erection and construction of said town buildings and for the purpose of providing and obtaining means for the completion of said buildings according to the plans and specifications accepted and adopted by said Board of Trustees of said town for the erection and construction of said town buildings, it is deemed best and advisable to issue further bonds of the said town to the amount of ten thousand dollars par value, bearing interest at the rate of six per cent per annum, interest payable semi-annually on the first day of January and the first day of July of each and every year commencing the first day of January, A. D. 1893. Said bonds to mature and become payable in thirty years from the date of the issue of same, but redeemable and payable at the option and will of said town at any time after the expiration of ten years from the date of their issue, and when said bonds be issued that the same be sold by the board of Trustees of said town to the highest bidder for cash but at a price of not less than ninety-five cents of the par value thereof as provided and in the manner set out in the following ordinance, and the money derived from the sale of said bonds be used exclusively in the completion and furnishing of the town buildings now under contract and in course of erection in said town and for no other purpose, therefore:

Be it ordained by the Board of Trustees of the town of East Las Vegas, New Mexico:

That there be issued bonds of the said town of East Las Vegas to the amount of ten thousand dollars, (par value), bearing interest at the rate of six per cent per annum, interest payable semi-annually on the first day of January and the first day of July, of each and every year, commencing the first day of January A. D. 1893, until the full payment of the principal of said bonds be made as provided for in this ordinance and said bonds to be designated and known as the town hall completion bonds.

Said bonds to be issued and sold for the purpose of raising money and means with which to pay for the completion of the town hall now under construction and the furnishing of same when completed for the use of said town.

Said bonds to be issued under this ordinance to run, mature, and to become absolutely payable in thirty years from the date of the issue of same, but redeemable and payable at the option and will of said town at any time after the expiration of ten years from the date of their issue upon the tender or payment of the face value of same or any of said bonds and the accrued interest to the date of such tender of payment. Such payment to be made in the legal tender of the United States, and public notice in any newspaper published and circulated in said town at any time after the expiration of said ten years, for the period of thirty days, calling for the redemption of all or any of said bonds, or in some newspaper at the place where said bonds are made payable, shall be construed to be full notice to the holder or holders of said bonds of the desire and wish of said town to redeem the same, and the same shall not draw interest after such notice and call for redemption by said town.

Said bonds to be issued of such denominations and for such amounts as the purchaser or purchasers thereof may require or prefer, but only in multiples of one hundred dollars, and no bond to be issued for the face or par value of less than one hundred dollars.

Said bonds to be sold by the Town Trustees of said town to the highest bidder or bidder for the entire issue of said bonds or for any portion thereof, after due advertisement in some newspaper published and circulated in said town of the intended sale of same, and on sealed bids to the Board of Trustees of said town for the same or any portion, but no bid to be received or considered, nor shall any of said bonds be sold for, a price less than ninety-five cents of their par value.

The issuing of said bonds and the creating of said indebtedness by said town by reason thereof to be subject to the ratification or rejection by the duly qualified electors and tax payers of said town entitled to vote thereon at the time of the annual election for town officers, which election will be held on the 5th day of April, A. D. 1892, at which election those qualified to vote for or against the issuing of said bonds for the purposes herein mentioned, will be given an opportunity to vote whether or not the said bonds shall be issued and said debt created by said town; and upon a majority of such votes cast at said election upon the question of whether or not said bonds shall be issued being in the affirmative and in favor of the issuing of said bonds herein provided for, then this ordinance shall take effect and be in full force, and said bonds be accordingly issued and sold for the purposes herein mentioned; but if the votes cast at said election be a majority against the issuing of said bonds, then this ordinance shall be of no effect and said bonds shall not be issued or said debt created.

Enacted this 8th day of March, A. D. 1892.

Notice is hereby given that at the annual election for town officers of the town of East Las Vegas, N. M., to be held on the first Tuesday in April, A. LAS VEGAS
Hot Springs,
NEW MEXICO.

A COSY NOOK IN WINTER.

In the states we occasionally have an autumnal day when there is just a tinge of frostiness in the air and a vast sea of sunlight through which the earth exultingly plunges; not a cloud in the sky, scarcely a breath of wind stirring the dust heaps, when effort of mind and muscle has no limit.

In New Mexico—the land of all lands where "it is always afternoon," such days are the rule, not the exception; and no other nook in New Mexico has so delightful a climate at all seasons of the year as Las Vegas Hot Springs. From November to April scarcely a day passes during which the sun does not shine brilliantly and continuously. During the summer months, when lower countries are sweltering in the heat, there is the same genial warmth and glow without the enervating effects of excessive humidity. The average mid day winter temperature is from 50 to 60 degrees Fahrenheit. In summer the highest flight of the thermometer rarely exceeds 80 degrees at noon, and the average for that hour is only 75. The altitude (7,000 feet above the sea), the picturesque valley, the high, pine covered mountains, the even temperature, and warm, dry air, combine to make this a favorite resort for tourists and an ideal place for invalids.

Las Vegas Hot Springs is located on the southeastern slope of the Santa Fe range of the Rocky mountains, six miles from the thrifty city of Las Vegas. There are upward of forty hot and cold springs, the water from the best of them being conducted in pipes to a large and handsome bath house of modern construction. Almost all forms of chronic disease yield to the curative effects of these wonderful waters. It is not claimed nor expected that everybody will be made well. It is confidently asserted that where there is anything left to build upon good results almost always follow a thorough course of treatment at the Hot Springs, and some remarkable cures have occurred. Persons who have failed to receive relief elsewhere for rheumatism, catarrh, lung trouble and diseases of the blood are invited to try the great New Mexico sanitarium. Skilled physicians are always in attendance.

A branch line of the Atchison, Topeka & Santa Fe railroad connects the city with the springs. Five daily passenger trains each way render it easy of access from Las Vegas. Telegraph and telephone lines give additional communication with the outside world.

But the chief feature of the place, aside from its pre-eminence as a resort for invalids, is the MONTEZUMA HOTEL, a commodious and massive structure of stone, crowning a slight eminence near the station. It may be doubted by those who know nothing of western push and enterprise, but here, in the very heart of old-Spain-in-new-America, is the finest watering place hotel west of the Alleghenies. Perhaps there are a few others that are larger—they are not many. Certainly none are more satisfying to the eye or more restful to the tired, dusty, worn-out traveler. Large, handsome rooms, a fine cuisine, a commanding location and a careful catering to the wants of all guests make the Montezuma hotel peculiarly suitable as a stopping place for transcontinental tourists via the Santa Fe route and for all classes of rest, pleasure and health seekers the country over.
