

TUESDAY, JULY 5, 1922.

Call and get card with directions for making A. I. Coffee of

GAAF & KLINE

Ripans Tabules cure indigestion.

Two fires occurred in Albuquerque yesterday.

Band practice tonight, and don't you forget it.

Train from the east is reported on time tonight.

Our colored citizens were strictly in it last night.

Kansas City meats always on hand at T. W. Hayward's.

There were fireworks in every section of the city last night.

The Daughters of Rebekah meet tonight to install their officers.

A party of ladies and gentlemen leave tomorrow for Rio Pueblo.

A large party of "Sorosis" picnics spent yesterday at Bonita canon.

The Odd Fellows meeting has been postponed until next Monday.

There were ten special policemen appointed yesterday on the West Side.

The New Mexico medical society will meet at Albuquerque on the 15th of September.

Some of our young men are complaining of the big head, through drinking ice water!

Some treacherous sidewalks on Clark and Forsythe's corner need repairing. A lady fell down there yesterday. Happily, she sustained no serious injury, but others may not be so fortunate.

It is rumored around town that Mrs. R. S. Fetters was burned out yesterday at Albuquerque. We shall be sorry to learn the truth, if such a calamity has befallen her.

A young Mexican gentleman who did not know a sky rocket from a cannon cracker held the latter in his hand while he lighted it and it went off—so did two or three fingers. He will not repeat the experiment.

Apples and Watermelons
Apples and Watermelons
HOFMEISTER & DEMMER'S.

The regular meeting of the board of education, which was to have taken place last night, was postponed till tonight. It is expected that the question of the election of teachers will be acted on at this session. Nearly everybody seems perfectly satisfied with the present ones.

Times are not so bad after all, people. You may depend upon it that to dream of hard times is a delusion and a snare. One firm in Las Vegas has made over \$100 per day for the last two months, and has made as high as \$300. Yesterday, in half a day this firm took in over \$300.

RAILROAD POINTERS.

Roadmaster Raymond went north this morning.

Robert Gresham, foreman of the Raton yards, is on the sick list.

Mrs. L. M. Jones, Fireman Jones' wife, left for Kansas City last night.

C. M. Taylor and the wrecking outfit have returned from Sands, and today are on a vacation.

Lou Webb and Mr. McGuire, with their families, returned from their picnicing trip last night.

Chas. E. Stemmel and Ed Rowe, clerks in the general offices, Topeka, left for that place last night.

Mrs. S. Boardman has been very sick for the past two weeks, but was able to be around this morning, we are happy to say.

A boisterous gust of wind pitched over a truck laden with boxes onto the railroad track this morning just as a passenger train was coming in, and made some excitement for a time.

Roadmaster Dan Elliot had one of his fingers taken off while working between Sands and San Miguel yesterday. It was crushed between the cylinder head and pony truck wheel of the engine which was wrecked there a day or two ago.

It is surprising to see the carelessness displayed by passengers and visitors at the depot from time to time. What with shaking hands and kissing and going through the evolutions and demonstrations of joy at a friend's departure while the train is in motion, and leaving children lying promiscuously around in their carriages, it is a wonder that some of them have not been seriously injured ere this.

Keeping Everlastingly at it Brings Success

We are now open for business in our new quarters in the Milligan block, corner of Sixth street and Douglas avenue.

Entire new stock. Everything to be found in a first class grocery store and all fresh and clean.

J. H. STEARNS,
THE PEOPLE'S GROCER.

The colored people of the town celebrated the Fourth with a ball in the hall in the Wyman block and had a good time, as they always do on such occasions.

The glorious Fourth started in yesterday with a temperature of 58 degrees, and it was as fine a day as could be asked, the cool temperature continuing all day.

It is a street rumor that Juan Jose Herrera would like to run for sheriff here this fall. If he does get the nomination he will no doubt poll a large vote—for the opposition candidate.

The probate court met this morning and adjourned till the next regular meeting, two months from now. There were quite a number of "kicks" over the matter from parties having business to transact.

The lecture tonight by Gov. Prince, on "The Pueblo Indians," at the normal, will be well worth attending. The subject is one the governor knows thoroughly, and as he is a fine speaker it will be a treat to hear it.

Workmen started to build a temporary bridge over the Pecos yesterday to avoid the transfer at that point and allow freight business to be resumed. It is expected that the temporary structure will be completed in a couple of days. The abutment of the Pecos iron bridge partly caved in, warping the irons, and they will have to be sent east to be straightened or new ones procured from the manufacturers. The new bridge will have to be used till this is done.

GALLEGOS REPORTED CAPTURED.

There was a rumor in circulation this afternoon that Jose D. Gallegos had been captured, but it could be traced to no authentic source. Gov. Prince has today issued a proclamation of a reward of \$200 for his arrest, and sent it to Secretary Thomas for publication.

Since writing the above, a Mexican who came in from the north reports that Gallegos was captured in Turkey mountains by Serapio Romero and Agapita Abeyta last night. It is almost certain if such was the case that word would have been received definitely before this.

THIS MORNING.

J. J. Porter passed through from El Paso.

J. W. Bartlett and family left for Denver.

Judge Waldo and his son left for Springer.

Messrs. Quinly and Jilson returned from Albuquerque.

J. F. Maier, a gentleman of leisure, left for Santa Fe.

W. L. Townner, clerk of the Springer hotel, left for Springer.

Trinidad Romero, United States marshal, arrived from Santa Fe.

Miss Julia Gallagher went to the Springs to take a position at the Montezuma hotel.

Miss Mamie Dyer, Miss Edna Pierce and Chas. Swaggert returned from Albuquerque.

W. H. Ellsworth, who has been visiting at the Springs for a few weeks, left for Milwaukee, Wis.

The Aztec club arrived from Albuquerque, where they were royally entertained, and for which they express their thanks.

The Aztec base ball nine have returned from Albuquerque highly elated with their reception and entertainment while there. Although not securing the laurels that they expected to, there is no ill feeling, only the Albuquerque umpire is put down as a crank, and when one team asks for a change of umpires they expect to get their just demand acceded to. However, the boys did splendidly. Jules Daniels struck out 18 men, and John Holland played magnificently. In the fifth inning the game stood two to nothing in favor of Las Vegas, and the captain, Arthur Cavanaugh, is proud of his men. The score was four for the Maroons and two for the Aztecs.

BEATTY'S PIANOS AND ORGANS.

Hon. Daniel F. Beatty, the great Organ and Piano man of Washington, N. J., is busier than ever. In 1870 Mr. Beatty left home a penniless plow boy, and by his indomitable will he has worked his way up so as to sell so far nearly 100,000 of Beatty's Pianos and Organs since 1870. Nothing seems to dishearten him; obstacles laid in his way, that would have wrecked any ordinary man forever, he turns to an advertisement and comes out of it brighter than ever. His instruments are in use everywhere. We are informed that during the next ten years he intends to sell 200,000 more of his make; that means a business of \$20,000,000 if we average them at \$100 each. It is already the largest business of its kind in existence. Read his advertisement.

STUDEBAKER WAGONS,

FOR SALE BY

Hartman & Weil,

Bridge Street, Las Vegas, N. M.

About 100 couples met at the Plaza hotel dining rooms about 10 o'clock last night to see who could get the most enjoyment out of the E. Romero Hose Co.'s ball. Every ten-foot whirl meant a collision, every collision caused a smile, but in spite of such inevitable accidents the waltz and polka were danced to the merry time of Professor Miller's talented orchestra. To speak of the fashion and beauty represented there would require a volume, and fairyland and wonderland would have to be ransacked to supply fitting illustrations. No sooner would one color fade away than another would appear, and one's brains grew dizzy while looking upon the rapid kaleidoscopic changes. Faster and faster flowed the merry music, and swifter and swifter flew the merry dancers until supper was announced, which was a marvel of the chef's art by Mr. Hearsey, proprietor of the hotel.
