BEATTY'S PIANOS AND ORGANS.

Hon. Daniel F. Beatty, the great Organ and Piano man of Washington, N. J., is busier than ever. In 1879 Mr. Beatty left home a penniless plow boy, and by his indomitable will he has worked his way up so as to sell so far nearly 100,000 of Beatty's Pianos and Organs since 1870. Nothing seems to dishearten him; obstacles laid in his way, that would have wrecked any ordinary man forever, he turns to an advertisement and comes out of it brighter than ever. His instruments are in use everywhere. We are informed that during the next ten years he intends to sell 200,000 more of his make; that means a business of \$20,000,000 if we average them at \$100 each. It is already the largest business of its kind in existence. Read his advertisement.
