Common council this evening.
 Page & Allen put in another large lot of feed stuff yesterday.
 Mrs. Jos. Charters arrived by the steamer State of California.
 The steamer Astoria, Capt. A. D. Wass, will make a trip to Tillamook rock to-day.
 Messrs. Robert and Wm. Watson returned to Astoria by the steamer State of California on Sunday.
 The Oregon arrived down from Portland on Sunday at ten o'clock a. m., and sailed outward at three o'clock p. m.
 The West Coast Packing company claim to have the smartest labeller. She can label six thousand cans a day.
 Workmen have commenced the construction of a neat residence for Mr. W. E. Deument, on the hill at the west end of Squemoqua street.
 If the Columbia should come a booming perhaps a few more salmon might be turned this way. Let her boom, is the word of the fishermen.
 Butlers Astoria and Upper Astoria passenger wagons are patronized liberally, as they should be, on fair days, as well as days that are wet and cold.
 Capt. J. E. Denny reached Yaquina bay safely from this port on the steamer Gen. Wright, but he had a very rough trip, and lost his chronometer.
 The man who was in the boat with Thomas Cockeroff was undoubtedly drowned also. We have not been able to learn what his name was.
 Three items of Oregon's last years commerce do not appear this year in the receipts of produce at San Francisco: pork in barrels, hay in bales, and flax in sacks.
 It is not known whether Mr. Cockeroff leaves any relatives here or not. He has fished several seasons on the river, for Watson Bros., Hawthorn and others.
 Trout fishermen should regard it as a duty to kill every watersnake seen along the streams, for they are said to destroy more trout than all the rest of their enemies combined.
 Among the passengers leaving by steamer Oregon, is Mrs. Edward W. Serrel, of New York, returning from a winters sojourn with her daughter, Mrs. Lieut. Wainwright, at Wallawalla.
 Venor has resigned as a weather prognosticator and started a mining exchange at Montreal. Can it be that the pay streak of his weather predictions has pinched out, or have his labors been in vain?
 A man by the name of Thomas Cockeroff, fishing in Cooks No. 37, was drowned on Sunday. The remains came ashore in the boat, near J. L. Stouts place, beyond Ilwaco, and were brought to Astoria, where the funeral will take place to-day, from the undertakers, Mr. B. B. Franklins, at 2 o'clock p. m.

The Astoria Juvenile Dramatic Association gave a charming entertainment last evening at the popular Pioneer hotel, kept by Mrs. Arrigoni. The youngsters acquitted themselves very creditably, and Binders hand rendered sweet music generously. At the conclusion of the entertainment Mrs. Arrigoni prepared a splendid dinner for the little folk, which was royally enjoyed.
 The steamer State of California steamed up to her berth in this city on Sunday, forty-seven hours and fifty minutes from San Francisco. An entire new shaft has replaced the old one, broken on her unfortunate trip down. In order to get her ready in the shortest time, work progressed night and day after she went on the drydock. The cost of the new shaft is somewhere in the neighborhood of \$8,000, the News tells us, although we are told that \$40,000 will not more than cover all expenses.

J. O. Bonorth has been appointed notary public at Astoria.
 We miss the Californian from our table, and regret its demise as the sudden taking off of a friend.
 Mr. Robert Miller, of South Bend mills, and Mr. L. A. Loomis, of Ilwaco, are at the Occident.

 F. Sherman & Co. begs leave to notify the public of Astoria that they have sold out their entire meat and vegetable market to S. Glaser & Co., and will receive orders for all their customers in Astoria. F. Sherman & Co. will pay all debts and collect all accounts to date.

 When you have an old horse that has passed the market period apply a bottle of Kendall's Spavin Cure and the result will be marvelous. See advertisement.
 Despondency is sometimes called "the blues," because the latter term describes at once the color and effects of impaired blood. Change it to "rose-colored health" by using King of the Blood. See advertisement.
 The woman who is truly womanly is never happy until she feels young, rosy, wan, bloated, or otherwise blighted complexion. Give her the costliest garment—that is well; store her mind with all the graces of elegant culture—that is better; let her put on Religious sweet array—which is best of all. Still you cannot make a true woman truly happy without a true and clear complexion. The Oregon Blood Purifier, by its great blood-cleansing properties, removes all blotches, pimples, etc., from the skin, imparting to it that pure, marble-like tint and brilliancy so much admired by the fair sex.
 Whenever you want to buy an article, purchase it from a store-keeper in town. You know them, they are identified with you in the interest of keeping up the city, which is an organization for mutual protection, and if you are cheated you know where to apply for redress. When you buy of a itinerant pedlar, whom you may never see again, if you are cheated you must pocket your own losses.
 The time has long since passed when mechanical trades provided out some with a living. Labor-saving machinery, patent tools and steam have robbed the trade of the future it offered to our boys in the days of the industrial apprentice system. The idlers and do-nothings of our metropolitan cities are composed largely of tradesmen and professional men, and merchandising is a failure, if the number of bankrupt merchants who had to succumb to the pressure of the times can be taken as a criterion. What the country needs is producers, and the waste fields of uncultivated land offers an opportunity to make the rising generation in the way of making "homes" for themselves and better times for posterity.

Letter From Mr. Davidson.
 Astoria, May 26, 1931.
 Editor ASTORIAN:
 It will be recalled that I call the attention of your readers to the fact that I have established a branch photograph gallery in Astoria, opposite the Court-house, and invite every citizen of your town and vicinity to visit it and examine the display of pictures, firmly believing that the verdict of each one will be that my work is not only of the best but that the prices are reasonable. All the finishing will be done at my home gallery in Portland and mailed direct, so that the operator in charge is an accomplished artist and has an abundance of patience with children and nervous nopes. I am prepared to do all kinds of viewing, coloring, copying, and enlarging to any size. In all departments, I will see that my customers go away satisfied, and respectfully solicit their patronage. Very truly,
 J. G. DAVIDSON, Photographer.
