San Francisco has been regarded as an unusually healthy city...

With a few principal thoroughfares excepted, the streets of this city would be a disgrace...

Many of them were paved years ago with planking, miles of which have run to decay...

leaving ugly and dangerous gaps at every hundred yards. The malaria emitted from these rotten pavements breeds disease...

and at night it is as dangerous to drive over them as it would be to ascend Mount Diablo or the Geiger grade...

and the peril is increased by the total darkness which a mean economy has caused by shutting off the lights...

Any city naturally less salubrious than this had a system of sewers as worthless as ours a plague would certainly ensue...

And even here, with the regular miasms to assist in purifying the corrupted atmosphere...

the weekly death report shows that the death rate of San Francisco from these causes is higher than that of any city of the first or second class in the United States...

The average weekly death rate, according to the Chronicle, has been 100 to 124 in a population of 240,000. "This shows," says that journal...

"that San Francisco is not a healthy place to live in, or even to visit."

The fact is not generally known that the first presidential ticket for 1884 has already been placed in the field...

It has been nominated by the National Christian Association, and bears the names of the Rev. Jonathan W. Blanchard and Mr. John C. Conant...

This is a good time for people to be made acquainted with the fact that these gentlemen are in the field, for the chances are they won't be aware of it next year.

A mighty hard-working set of men are Uncle Sam's letter carriers who are liable to contract rheumatism because of the constant exposure to which they are subjected...

Calling at the post-office the reporter had a pleasant conversation with Mr. J. H. Matern, one of the most popular and clever letter-carriers in Indianapolis...

Mr. Matern said that while in the army during the civil war, he sprained one of his ankles, which was always worse in the spring during the period of the rapid changes in the weather...

He did not find much relief from the several remedies he applied. But two years ago he hit upon St. Jacobs Oil, and experienced wonderful relief from its use...

Several applications of the Great German Remedy relieved him entirely. The reporter talked with others among the letter-carriers and found that the Great German Remedy was popular in the post-office. They use it for sore feet, rheumatism, etc., and praise it highly...

Indianapolis (Ind.) News.

NO MORE SICK HEADACHE.—For persons of delicate health and nervousness; hear what an eminent lady lecturer says: "Having suffered from nervous headache for some time, and not finding any relief from the treatment of our best physicians, I tried Pfunder's Oregon Blood Purifier. One dose of this remarkable remedy gave immediate relief, and a few bottles of the same cured me so far. I can recommend it, specially to ladies suffering similarly."

Beautiful skin, and fair complexion robust health, and powers of endurance follow the use of Brown's Iron Bitters.

That hacking cough can be so quickly cured by Shiloh's Cure. We guarantee it. Sold by W. E. Dement.
