TRUE Temperance

Is not signing a pledge or taking a solemn oath that cannot be kept, because of the non-removal of the cause—liquor. The way to make a man temperate is to kill the desire for those dreadful artificial stimulants that carry so many bright intellects to premature graves, and desolation, strife and unhappiness into so many families.

It is a fact! Brown's Iron Bitters, a true non-alcoholic tonic, made in Baltimore, Md., by the Brown Chemical Company, who are old druggists and in every particular reliable, will, by removing the craving appetite of the drunkard, and by curing the nervousness, weakness, and general ill health resulting from intemperance, do more to promote temperance, in the strictest sense than any other means now known.

It is a well authenticated fact that many medicines, especially 'bitters,' are nothing but cheap whiskey vilely concocted for use in local option countries. Such is not the case with Brown's Iron Bitters. It is a medicine, a cure for weakness and decay in the nervous, muscular, and digestive organs of the body, producing good, rich blood, health and strength. Try one bottle. Price \$1.00.

A Common-sense Remedy. Salicylic Acid.

No more Rheumatism, Gout or Neuralgia. Immediate Relief Warranted. Permanent Cure Guaranteed.

Five years established and never known to fail in a simple case, acute or chronic. Refer to all prominent physicians and druggists for the standard of Salicylic Acid.

SECRET!

THE ONLY DISSOLVER OF THE POISONOUS URIC ACID WHICH EXISTS IN THE BLOOD OF RHEUMATIC AND GOUTY PATIENTS.

SALICYLIC ACID is known as a common-sense remedy, because it strikes directly at the cause of Rheumatism, Gout and Neuralgia, while so many so-called specifics and supposed panaceas only treat locally the effects.

It has been employed by eminent scientists that outward applications, such as rubbing with oils, ointments, liniments, and soothing lotions will not eradicate these diseases which are the result of the poisoning of the blood with Uric Acid.

SALICYLIC ACID works with marvellous effect on this acid and so removes the disorder. It is now exclusively used by all celebrated physicians of America and Europe. High-School Medical Academy of Paris reports 95 per cent cures in three days.

REMEMBER that SALICYLIC ACID is a certain cure for Rheumatism, Gout and Neuralgia. The best solvent for the uric acid.

ASK YOUR DRUGGIST FOR IT. But do not be deluded into taking imitations or substitutes, or something recommended as "just as good." Insist on the genuine with the name of Washburne & Co. on each box.

Washburne & Co., Proprietors, 87 Broadway, cor. Reade St., NEW YORK. For Sale by W. E. DEMENT & Co., and J. E. THOMAS.

Sacramento Salmon.

Reports of the salmon catch on the Sacramento river, as interpreted by the mercantile houses which handle the product of that section, are not encouraging. Not only has the catch been unusually light, but such as it is no important transactions in it have taken place for upward of five weeks.

In a recent conversation with a prominent broker, he stated to an Oregonian correspondent that it is customary for the canners and those representing their interests to place the average catch at small figures, with a view of influencing the tone of the market. In his opinion a review of the situation up to the present time will show a falling off in the catch of the Sacramento river at fully one-third from that of the corresponding period last year.

Buyers and sellers are apart at present figures and little is done, either for export or local consumption. This refers almost exclusively to Sacramento brands. It is learned from other sources that the small run of fish there has been brought to the attention of the state board of fish commissioners, in its official capacity. It is stated that some of the members are prominently identified with the canning interests, with the result that considerable opposition has been created in the board. One of the members, who resides in San Francisco, is mainly interested in the cultivation and distribution of trout and other species of fish sought for by anglers and sportsmen, while a majority of the board, who are residents of the interior, devote their attention almost exclusively to the propagation of salmon.

A stir was created in certain circles by the announcement that the whole amount of the appropriation by the state would be expended in the furtherance of salmon interests only. The action taken by the commission in reference to the matter is that orders have been given for the hatching of some 2,000,000 salmon, which will be placed in the waters of the Sacramento river.

An exceedingly bad attack of rheumatism afflicting Mr. J. Levett, 67 Market st., Lynn, Mass., was cured by St. Jacobs Oil. He had the disease in his right arm and shoulder, which became perfectly helpless after being affected a few hours. His pain was so great that he could not rest in comfort or attend to business with any degree of satisfaction. After enduring this sort of thing for some time, he purchased a bottle of the Great German Remedy and began to apply it. He did not mince matters at all, but just used the Oil for all it was worth. After pursuing this mode of treatment for three days the pain was banished and his father was in a perfectly healthy condition. He has never since felt any rheumatic pain and trusts he never will.

Deservedly Popular. Unless it had great merit Parker's Ginger Tonic could not be so popular. Its sale has spread remarkably everywhere, because invalids find it gives them new life and vigor when other medicines fail entirely.—Ohio Farmer.

Whence Comes the Name OF SOZODONT? It is derived from two Greek words signifying "to preserve the teeth"; and it deserves its title, for there is no preparation which will do this more rapidly, surely, and pleasantly. The consumption of SOZODONT is immense.
