Change of time on the Pere Marquette gives East Jordan a miserably poor mail service. The south mail, which formerly arrived at Bellaire at 2:28 p. m. does not now arrive until 8:05 in the evening and we do not receive same until the next day. The traveling accommodations are, however, up to their usual standard.

Later a message was received from Ed Pearson, saying the settlement is being arranged by the young man's relatives at Boyne Falls, and he was released to take the evening train to that place.—Albion Sentinel.

Black Blood

Feed pale girls on Scott's Emulsion.

We do not need to give all the reasons why Scott's Emulsion restores the strength and flesh and color of good health to those who suffer from sick blood.

The fact that it is the best preparation of Cod Liver Oil, rich in nutrition, full of healthy stimulation is a suggestion as to why it does what it does.

Scott's Emulsion presents Cod Liver Oil at its best, richest in strength, least in taste.

Young women in their "teens" are permanently cured of the peculiar disease of the blood which shows itself in paleness, weakness and nervousness, by regular treatment with Scott's Emulsion.

It is a true blood food and is naturally adapted to the cure of the blood sickness from which so many young women suffer.

We will be glad to send a sample to any sufferer.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.
