EAST JORDAN, MICHIGN, SATURDAY, AUGUST 25, 1906.

No 34

The City of White.

Is Once More With Us On The West Side.

The Annual Seventh Day Adventist Camp Meeting of the Northern Michigan Conference, which is to be held beginning next week Thursday, Aug. 30th, and lasting to Sept. 10th, in East Jordan on the same grounds where it was last year, is already in evidence. A strong force of workers have arrived and began the work of pitching the tents and preparing the Camp. Much care is being exercised in laying out the grounds and arranging the tents with a view to good order and convenience of campers. A much larger attendance is expected this year than last, the delegates coming from all parts of Michigan north of Bay City. There will be four tents located in different parts of the grounds in which meetings will be held in the morning, forenoon, afternoon and evening. The Conference which will be held in connection with the Camp Meeting will hold a session each morning at 9:00 o'clock.

The following ministers from abroad are expected to be in attendance, as well as the ministers of the North Michigan Conference: Elders Allan Moon and D. W. Curtis from Indianapolis; Elder Luther Warren of Chicago; Prof. Kauble of the Berrien Springs College; and Profs. Lamsen and Butler of the Holly and Cedar Lake academies. Elder Curtis it will be remembered, was here last year and gave some excellent lectures.

The headquarters of the Conference are at Petoskey and the officers are as follows: S. E. Wright, President; Edith McClellan, Secretary; N. M. Tract Society, Treasurer.

The public are invited to all their services, beginning next Thursday evening.

WINNEPEG, MAN., AUG. 16, 1906.

FRIEND LARK:—Just to let you know we are all alive though I would write a line or so. We arrived in the golden West in good condition (physically) and so far ahead of our expectations. We had a very pleasant trip, the portion from the Soo to Pt. Arthur being across Lake Superior in steamer Monarch was by far the best. People generally have the idea that this largest body of fresh water in the world is always rough but during our 26 hours on it there was not at any time enough swells to rock a canoe.

Harvest is only commencing here and it promises to be a profitable one for the farmers. The general estimate is 25 bushel of wheat to the acre. It is a common thing to see a farm house worth from 4 to 6 thousand dollars and land worth from 30 to 40 dollars an acre. This is something worth mention when we know that 25 years ago it was a wilderness and the best of it was only worth two or three dollars an acre.

The city of Winnipeg has over 100,000 population and is increasing very fast. Real estate is very high and no wonder with over 600 real estate offices in a city of this size. A flat that would rent in Chicago for \$30 a month would rent for \$60 or \$70 here. Of course everything is accordingly high the common laborer on the streets gets 25c an hour.

The C. P. R. depot is a place of attraction these days where 5000 farm laborers a day are coming in from the east and the farmer who can't offer \$2.50 a day and board will have to do his own work.

In conclusion will say we are going to locate permanently at Brandon a lively town of 12000 just 135 miles west of Winnipeg on the main C. P. R. line and only time will tell what our success will be. It is pleasant to think that should we fail in one undertaking the government waits ready to give us each 100 acres of the best land in the world free of charge. We occasionally see the old emblem, Stars and Stripes and it looks pretty much home like yet. The only mean trick we have had played on us yet was by a customs officer who made us pay \$18.20 on our typewriter.

Hoping everyone in East Jordan is enjoying good health we are as ever Respectfully yours,

CRESCENT ART CO.

Brandon,

P. S.—Just another very important item. Enclosed find \$1.00 for one year's subscription to the Charlevoix County Herald.—J. A. Caigler,

"The Clay Baker"

Above play which appears at Love-day Opera House next Friday evening is a powerful Character Drama. Its scenes are laid in Chambersburg and Mont Alto—this famous Pottery or Clay Baking fields of Southern Pennsylvania. The play deals with the experiments of Peter Denig, an old inventor who has striven to reproduce unbreakable pottery and who in his moment of despair, when his enemies have apparently triumphed over him—after they seek to steal his invention and he has starved himself and family—takes his old Army Musket and is about to commit suicide, when by accident, he discovers the Secret of Unbreakable China. There is a love story or two; the machinations of designing men; some clean, clever Comedy furnished by excellent types of the quaint country folks and mountaineers of Southern Pennsylvania. There are sidelights and shadows which make The Clay Baker one of the greatest of American plays. There is about it the atmosphere of Romance—the natural and the beautiful. The sweet simplicity, the rugged honesty, the quaint comedy, the peaceful quietude with the two old folks at home, place The Clay Baker first in the rank of Plays depicting the lives of quaint and honest rustic folk.

Majestic Steel Ranges excel all others.

Just Between Us Fellers.

Just between us fellers—
Hang it all, talk fair—
Hain't yew tarnation thankful
Things air as they air—
That we got this 'ere sunshine
An' birds an' flowers about?
Ding my hide, I'm s' satisfied
I cud git right up an' shout!
Ever git real peevisish an'
See yer sky git black,
Then, sudden-like, th' clouds break 'way
Like a friend hed pushed 'em back,
An' th' flakes o' gold a-filterin' down
Like comin' through a sieve?
Them times I feel thet cheap, by jocks,
Jest don't feel fit to live!

When yew find a feller thet's
'Lowin' if he'd got
Th' 'job o' buildin' this 'ere world
He'd fixed it up a lot,
Yew take him out an' show him how
Much he's Nature's debtor.
Th' birds an' flowers—durn his hide!
He couldn't done no better.
—John D. Wells.

THE CHUTES.

Chicago's Famous Water Park Furnishes New Sensations.

No more wonderful pleasure resort exists than Chicago's famous water park, "The Chutes."

Its fame is international. This season it offers two sensations which have set the big city agog. One is "Elter," the Beautiful Mystery of the Lake, and the other King Humboldt's Royal Italian Band, led by Maestro Francesco Pozzi. The "Banda Italiana Abruzzi" is an organization of forty skilled musicians, which created a furor in Europe. It is touring the world and will delight the Chutes' patrons this summer.

"Elter," who is a beautiful young woman, emerges from the depths of the lake and disappears beneath its waves like a fabled nymph. Her marvelous feat amazes and mystifies.

"Shooting the Chutes" over the biggest artificial cascades in the world is the favorite pastime of Chicago.

Shouting and laughing throngs descend the glistening cascades with the speed of the wind until their gay gondolas splash in the lake and glide swiftly forward on foam-crested waves to a placid harbor.

While Pozzi's big band fills the park with majestic strains, delighted celebrants are whirled through mid-air at marvelous speed; phantoms flash across the horizon laden with gaily attired children and young women; mists of opalescent spray cool the beautiful park; its blue lake glistens and scintillates under the glorious sun and against the blue sky flutter and gleam countless flags and vari-colored lights.

A more entrancing spectacle cannot be imagined than The Chutes, a citadel of beautiful pavilions, thronged with happy people, animated by a thousand gay activities, illuminated like a fairy-land and ringing with the melodies of its world-famed band.

Among its unique devices are the Velvet Conster, Aerostat Flying Machines, Radium Zoo, moving pictures of the San Francisco Fire, Electric Theatre, troupe of entertainers, Figure 8, Toboggan, Giant Automaton, Katzenjammer Castle, free Children's Playground, Thousand Anamorphoses, Laughing Gallery, Helter Skelter, Mammoth Carousel, Mystic Bill, a Subterranean River, Haunted House, Pendant Swings, and a thousand others.

This matchless resort is Chicago's favorite playground, a Coney Island, circus and world's fair, all in one. No visit to the big city is complete without "seeing the Chutes." Access to all of its bewildering activities may be had for ten cents. Street cars transfer passengers to The Chutes from all parts of Chicago for five cents.
