## HIGH WAGES ON AMERICAN ROADS

Railroad Payroll Records Made Public by the Carriers.

### NATIONAL INQUIRY URGED

Managers Offer to Leave Question of \$100,000,000 Wage Demands to an Impartial Federal Tribunal to Prevent Disaster of a Nation-wide Strike.

New York—What is probably the most elaborate study of wages ever made in any industry has just been completed by the National Conference Committee of the railways.

For six months railway accountants throughout the country have been engaged in collecting the payroll records to show the actual wage payments to every individual employe among the 300,000 engineers, conductors, firemen and brakemen now voting on a national strike for a new wage scale.

That these employes are one of the highest paid groups of workers in any industry is disclosed by the summary made public today by the railroad managers.

The average yearly wage payments to all Eastern train employes (including those who worked only part of the year), as shown by the 1915 payrolls, were:

	Passenger.	Freight.	Yard.
Engineers	\$1,796	\$1,546	\$1,394
Conductors	1,724	1,494	1,238
Firemen	1,033	902	844
Brakemen	1,013	858	960

#### Wages as High as \$3,224.

Three-quarters of these men (including all those who put in a full year's service), earned these wages:

Engineers (road), \$1,585 to \$3,224; (yard), \$1,303 to \$2,178.
Conductors (road), \$1,552 to \$3,004; (yard), \$1,145 to \$1,991.
Firemen (road), \$933 to \$1,762; (yard), \$752 to \$1,633.
Brakemen (road), \$862 to \$1,707; (yard), \$834 to \$1,635.

For the whole country the average wages of three-quarters of the employes were:

	Passenger.	Freight.	Yard.
Engineers	\$2,067	\$1,852	\$1,636
Conductors	1,850	1,719	1,210
Firemen	1,203	1,117	924
Brakemen	1,095	1,013	1,076

The railroads have considered every man whose name appears on the January and December payrolls as an employe for a year, no matter how little service he performed in the other ten months. It is pointed out by the managers that these averages are, in consequence, an understatement of the earning power of these employes.

#### An Appeal to the Public.

The National Conference Committee, in making these wage figures public, says:

"Do you believe in arbitration or industrial warfare?"

"The train employes on all the railroads are voting whether they will give their leaders authority to tie up the commerce of the country to enforce their demands for a \$100,000,000 wage increase.

"The railroads are in the public service—your service. This army of employes is in the public service—your service.

"You pay for rail transportation \$3,000,000,000 a year, and 44 cents out of every dollar from you goes to the employes.

"A \$100,000,000 wage increase for men in freight and yard service (less than one-fifth of all employes) is equal to a 5 per cent advance in all freight rates.

"The managers of the railroads, as trustees for the public, have no right to place this burden on the cost of transportation to you without a clear mandate from a public tribunal speaking for you.

"The railroads have proposed the settlement of this controversy either under the existing national arbitration law, or by reference to the Interstate Commerce Commission. This offer has been refused by the employes' representatives.

"Shall a nation wide strike or an investigation under the government determine this issue?"

### TRAINMEN'S HIGH WAGES.

When I note from the reports made to the Interstate Commerce Commission that these men receive average yearly wages 50 per cent higher than those of all other railway employes, and practically double those of the average American wage-worker, it occurs to me that they at least have less cause for complaint than most others. When I consider that the average locomotive engineer has an income of over \$2,000 a year, and that most of the engineers who have been long in service make from \$2,000 to \$3,000 a year, and when I compare their hours, labor and responsibilities with those of the average small merchant, farmer or doctor, whose income is far less, it seems that in all fairness they are well paid.—John V. Farwell, Chicago Merchant.

This is the reverse side of the tidy red tin

THE Prince Albert tidy red tin, and in fact, every Prince Albert package, has a real message to you on its reverse side. You'll read—"Process Patented July 30th, 1907." That means that the United States Government has granted a patent on the process by which Prince Albert is made. And by which tongue bite and throat parch are cut out! Everywhere tobacco is sold you'll find Prince Albert awaiting you in tippy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors and in that clever crystal-glass humidior, with sponge-moistener top, that keeps the tobacco in such fine condition—always!

Some people are willing to be good if paid for it, and others are good for nothing.

#### HE COULD HARDLY WALK

Deranged kidneys cause rheumatism, aches, pains, soreness, stiffness. Ambrose Gary, Sulphur, Okla., writes: "I was bothered with kidney trouble ten years and at times could hardly walk. I began taking Foley Kidney Pills. I got relief from the first but continued till I had taken three bottles. I feel like a new man."—Hites Drug Store.

Polish is not necessary to enable a man to shine in society—if he has the coin.

#### A GOOD THING FOR CHILDREN

Foley's Honey and Tar is particularly good cold, cough and croup medicine for children because it contains no opiates or habit-forming drugs. The "little colds" of summer, as well as the long standing, deep seated coughs, that hang on for months, are banished by its use. The first dose brings relief and comfort.—Hites Drug Store.

Mary Miles Minter is an "industrious blonde." Nature put on her complexion in a rare delicacy of coloring that just suits the truth telling camera. While other actresses worry about a blazing California sun, Miss Minter luxuriates in "light baths" on the beaches. "Soap, water and exercise, also a lot of sleep," is Miss Minter's complexion prescription. Miss Minter's first American-Mutual picture, just completed, is called "Youth's Endearing Charm," which is very like Mary.

#### SCOFFERS PAY THE PENALTY

Those who ignore warning signals of disordered kidneys and scoff at dangers of serious consequences often pay the penalty with dread diabetes or Bright's disease. If you have lame back, pains in sides, sore muscles, stiff joints, rheumatic aches—take Foley Kidney Pills and stop the trouble before it is too late.—Hites Drug Store.
