

"Out of the Old House, Nancy!"

Is what GRAHAME & HASKELL said to each other as they sat in their office, and they clasped each other by a warm, strong hand, and cast a furtive and melancholy glance about the old store—that has sheltered them from the shivering blast of the late hard winter, and spat upon their office carpet and said: **YUM! YUM! GET THERE ELI!**

And in the near future, while the sparkling dew is yet upon the grass, and the rays of aurora shoots athwart the eastern horizon; and the sonorous snore of the neighboring slumberer echoeth yet through the foggy dawn!

And the melodious Blue Jays twitters their effulgent twit on our back shed; amid all these surroundings we shall have the fortitude to pack our stuff into an old barrel and turn our faces to the eastward and journey thither to the elegant **NEW BRICK STORE** on the east side of WASHINGTON STREET, where on and after about the

15th OF JULY

You will find the **LONG, LANK AND LEAN GROCERS** clad in immaculate linen, hair parted on both sides, with a broad and welcome grin on, awaiting the rush of conglomered masses of people to the commercial emporium in search of good, clean groceries which they are certain to find. With these few remarks we will say that you will always find a complete stock of **GOOD GOODS** That we are bound to sell.

IN TEA AND COFFEE

We can suit you as we pay particular attention to the wants of our customers in our selections. We want a good share of the patronage of the people of Shiawassee County, and shall work hard to get it. You can get

LOCAL NEWS

The D. & M. pay car made its monthly visit to Owosso Wednesday.

Owosso vs. Bay City at Pastime Park this p. m. Go and see a good game.

Frieske Bros. have rebuilt the shed recently destroyed by fire at their brick yard.

Geo. W. Loring left on the 2:15 train on Tuesday for the east to purchase a stock of goods for his new store.

The decrease in the freight on the coal that is used in Owosso, will in five years, pay every dollar you are asked to vote next Monday for public improvements.

Van Heten says the supply of strawberries will extend into next, but that the labor of caring for them has been very great this season owing to the rainy weather.

C. J. Stuart, T. D. Dewey and perhaps other of our well-known horsemen will probably attend the meeting of the Chicago Driving Park Association next week.

The Chicago & Grand Trunk railway now run special fast trains twice each 24 hours, each way, between Chicago and Detroit, and with these trains close connection is made at Durand with the Detroit trains leaving Owosso at 9:20 a. m. and 7 p. m. for Chicago; and for Port Huron and the east with the Detroit trains leaving Owosso at 5:10 a. m. and 7 p. m.

H. W. Parker was in Detroit on Tuesday.

Commencing this week the D. & M. railway company will run a refrigerator car from Grand Rapids to Detroit on Monday and Thursday.

A large and enthusiastic railroad meeting was held at Opera Hall on Tuesday evening. His Honor, Mayor McCormick, presided, and speeches setting forth the advantages the Toledo, Ann Arbor & Northern railroad would be to the people of Shiawassee county generally, and specially to the citizens of Owosso, were made by Hon. Wm. M. Kilpatrick, Rev. Seth Reed, Hon. A. L. Williams, the editor of THE TIMES, B. O. Williams, Jr., and James M. Ashley, Jr., of Toledo. After the speeches a vote was taken on the question of the policy of the city subscribing for \$20,000 of the bonds and there was not a dissenting vote. The result was hailed by enthusiastic cheers by the crowd in attendance, and at a late hour the meeting adjourned to meet at the polls on Monday morning for a long pull, a strong pull and a victorious pull for the prosperity of the city, and the triumph of such a policy as will make Owosso second only to Grand Rapids among the inland cities of Michigan as a manufacturing centre.

J. E. Van Heten has shipped 290 bushels of strawberries to Bay City and Saginaw parties so far this year.

Miss Nellie Ferguson, of Lockport, N. Y., will spend her vacation in this city and at Saginaw. While here, she will be the guest of her aunts, Mrs. H. H. Daniels and Mrs. T. R. Bailey.

The following good advice comes from the Flint Evening Journal:

"When anybody gets married, dies, runs away, steals anything, builds a house, makes a big sale, or whips his man—or his wife—breaks his leg or has his senses kicked out by a mule, or does anything remarkable, and you have reason to believe that you know as much about the occurrence as anybody, don't wait for some one to report or trust us to find out by instinct but come and tell of it, or send us the facts on a postal card. Let us know every item of news that has transpired in your neighborhood."

THE TIMES is under obligations to D. L. Hall, Secretary of the Chicago Driving Park Association, for a complimentary ticket to the summer meeting of the Association to open on Saturday the 14th inst., and continue through the following week. The entries are numerous, something over 300 we believe, including many of the best horses in the country, and there is no doubt if the weather is good that those who enjoy attending races will be more than pleased with a visit to the Chicago Driving Park at that time.

Things to be remembered next Monday:—1. That railroad competition is the life of every place. 2. That there is from Owosso no competition between existing roads: everything being pooled. 3. That the Wabash system with which connections will be made by the T., A. A. & N. railway, does not pool earnings with any other system; but paddles its own canoe every time. 4. By securing the construction of the T., A. A. & N. railway the present lines running through Owosso will be compelled to abandon the pooling arrangement, and each be on the lookout for all the business it can get at reasonable rates. 5. This alone will save the business men of Owosso thousands of dollars each year.

The Estey manufacturing company recently received an order from Australia for a copy of their catalogue, and mail orders for goods from New Brunswick, Nova Scotia, California and Utah, regions not yet caravassed by any of their agents.

It is a fact that there are 4,000 people in the city of Owosso to-day; in 1880 there were 2,500. To our manufacturing industries we are indebted for this increase in our population, 1,500 in three years. With the proposed increased railway facilities our increase will be, at least, double this in the next three years. Vote for the loan.

We regret to note the death of Mrs. James Robertson, wife of a son of Mr. A. Robertson, of Caledonia, who died at her residence in Ionia, on Saturday last.

Messrs. Hartwell & Greenman sold their clip of wool, with the exception of six buck fleeces for 31 cts. a lb. We think it the highest price that has been paid for any clip in the county during the present season.

A sleeper for Cincinnati, Ohio, now goes south on the evening train at 6:52. Tickets can be secured by application to Station Agent Swagye, at the M. C. depot.

At the railroad meeting on Tuesday evening, Hon. B. O. Williams and Mr. P. Steever were added to the committee to secure the right of way through this county for the T., A. A. & N. railway.

THE TIMES notes with congratulations the marriage of Geo. K. Mix, of the Press, and Miss Ruth A. Lee, both of this city. Long life, lots of little Mixes, and unalloyed happiness is the wish extended them by THE TIMES.

Attention is asked to the advertisement of Our Continent, Judge Tourgee's great pictorial weekly published at Philadelphia. It is not too much to say that as an illustrated weekly The Continent has no superior and few equals among American publications.

Glen Greenfield, from Hastings, a school chum of E. O. and H. B. Dewey, is spending a few days at the home of the editor of THE TIMES, and "the boys" are having a merry time.
