Laingsburg.

Everything is lovely, weather included. Wm. Furey carries his hand in a sling.

Geo. Dowding and wife of Nevada, are visiting their relatives and friends here.

Quarterly meeting services will be held at the M. E. church on the 26th and 27th inst. The new presiding elder of the district will be present to conduct the meetings.

Mr. C. Cole who lives over in Victor, is passing the cigars on account of a new boy baby.

L. A. Skinner's new barn was badly racked by the wind a few days since.

Dr. Ward has about completed the addition to his office.

The new banking firm of Liddell & Hunt are doing a good business in the old quarters of the Exchange Bank. They are young men of honesty and ability, and we wish them success and bespeak for them the liberal patronage which they merit.

The ladies of the W. C. T. U. held a very profitable and pleasant meeting at the M. E. church Sunday evening. Mrs. McLeod delivered an address explaining the object and aim of the meeting and of the society. There were several essays and recitations. Mrs. Weeks read a poem and the services were concluded by remarks by Rev. F. Osburn. Not the least attraction feature of the meeting, was the singing of the choir, which has been enlarged, and is making rapid progress of late.

Petitions to the County Clerk are being circulated relative to calling an election to determine on county prohibition. I wish there might be more interest manifested in the matter. I shall do all I can for the success of the measure, but can never be satisfied short of constitutional prohibition.
