In curing consumption there's nothing like taking Time by the forelock. Doctors say consumption can't be cured; they have arguments to prove it. But when they see it cured right under their face and eyes by Dr. Pierce's Golden Medical Discovery, they admit that there's something wrong about their arguments and something wonderful about the "Discovery." It isn't miraculous. It won't cure every case; but it cures a surprisingly large percentage of cases, even when the patient is pretty far gone with a bad cough, and bleeding from the lungs, and reduced almost to a shadow. Consumption is a blood disease. The lungs want a fresh supply of pure rich blood and plenty of it; that is what the "Golden Medical Discovery" gives them. It is a blood-maker. It gives the blood-making functions power to produce a large quantity of the nourishing red corpuscles which make healthy life-giving blood. This stops the wasting; drives out the impurities; heals the ulceration and begins a rapid building-up process, of solid, substantial flesh and vital energy.

It isn't only consumptives who need the "Discovery." It cures every form of chronic blood-disease and all scrofulous and eruptive affections.
MR. ISAAC E. DOWNS, of Spring Valley, Rockland County, N. Y., writes: "For three years I had suffered from that terrible disease, consumption, and heart-disease. Before taking Doctor Pierce's Golden Medical Discovery I had wasted away to a skeleton; could not sleep nor rest, and many times wished to die to get rid of my misery. Step by step, the signs and realities of returning health slowly but surely developed themselves while taking the 'Discovery.' Today I tip the scales at one hundred and eighty-seven, and am well and strong. The 'Golden Medical Discovery' has also cured my daughter of a very bad ulcer located on the thigh. After trying almost everything without success we purchased three bottles of your 'Discovery' which healed it perfectly."
Yours truly,
Isaac E. Downs

The Red Cross

In the old days used to be on the shields of the Knights. Now you will find it on the face of Johnson's Belladonna Plaster, which cures all the pains, aches and distresses that can be got at from the outside of the body. Even the leaping agony of neuralgia dies away under its touch. Yes, and muscular rheumatism, too. Better than ointments or liniments. Its friends are all who have used it.

MICHIGAN PICKINGS.

WHAT IS GOING ON IN OUR OWN STATE.

Items Which Will Be of Interest to Our Readers Gathered from Here and There—Crimes, Casualties and Other Occurrences of the Week Reported by Wire.

DETROIT, July 27.—Reports show that Sunday night's electrical storm extended all over southern Michigan. At Northville the Hoagie river overflowed, doing \$10,000 damage and driving several families from their homes. Many houses and barns at Hoagie and vicinity were blown down. Doc Markham, a farmer near Marshall, was fatally injured by having his barn blown down on top of him. The loss of fruit blown from the trees in the western Michigan fruit belt is immense, and many frame buildings in that part of the state were destroyed. Heavy damages from lightning are reported from several towns, but no loss of life.

STEVENSON IS STILL CHAIRMAN.

Action of the Michigan State Democratic Committee.

DETROIT, July 29.—The Democratic state central committee yesterday afternoon declined to accept the resignation of its chairman, Elliott G. Stevenson, and called the state nominating convention to be held at Bay City Aug. 25. Although Chairman Stevenson, who is the law partner of Don M. Dickinson, has been a radical advocate of the gold standard policy and still emphatically deprecates what he terms the outrage of unsentimentalizing some of the Michigan gold standard delegates to the Chicago convention, he accepts the platform and candidates decreed by the national convention and declares that, being a Democrat, he will do his whole duty in waging a vigorous campaign in Michigan for the success of the party's nominees and its declared policies. It is arranged that the Populist and the new Silver party conventions will be held in Bay City on the same day as the Democratic convention, and it is expected that a fusion of the three parties on one ticket will be accomplished. This is considered to be a necessity by the silver men, as a state law enacted by the last (Republican) legislature provides that the name of any candidate cannot appear on more than one ticket.

The opposition to retaining Chairman Stevenson was not especially strenuous in the meeting, although some prominent free silver men on the outside declared that silver men who voted for Stevenson were misrepresenting their constituents, and went home greatly chagrined at the result. Stevenson had previously expressed his willingness to resign in favor of W. B. Burt, of Saginaw, or Fred A. Baker, of Detroit. Both the latter are prominent silver leaders and Baker was willing to accept.

Convict Labor Case.

LANSING, Mich., July 28.—A case was argued in the circuit court here Monday which is brought for the purpose of testing the authority of boards of control of penal institutions to contract with outside parties for the labor of convicts. It is claimed that the act of 1891 consolidating the prison boards repealed the section of law giving this authority, and when in 1893 the old law was practically re-enacted this section was omitted. This suit was brought by the National Metal Polishers' union against Warden Chamberlain of the Jackson prison, restraining a contract with the Derby Cycle company of Chicago.

Dynamite Outrage at a Wedding.

SAGINAW, Mich., July 23.—At a country wedding Wednesday night on a farm in Thomas township, six miles west of this place, a gang of drunken Germans threw a bomb, which exploded, shattering a whole side of the house, but fortunately no one was injured. Mr. Russell, at whose house the wedding was held, alleges that the assassin is the outgrowth of a long standing feud with neighbors over a line fence. He came to Sheriff Keam's office Thursday morning and swore out warrants for two Germans who have threatened his life on previous occasions.

Cyclonic Wind in Michigan.

HOMER, July 27.—A terrible wind storm struck this village last evening. Roofs were lifted, houses partly blown away, barns toppled over, and over half of the fine maple trees about the town were blown over. The plate glass windows in Linn & Co.'s store were blown in. The worst part of the cyclone seemed to have passed a little to the northwest of the town, and many of the finest farm houses in this vicinity lay in its path.

Michigan Crop Report.

Michigan—Conditions droughty in upper peninsula and northern counties of lower peninsula. Oats harvests delayed in southern half of state by frequent rains, but growing crops have boomed. Corn grows fast, looks fine, and is earing. Potatoes are doing well and pastures are improved. The ground is in good shape for fall plowing, which is in progress.

Lumberman in Trouble.

DETROIT, July 24.—James T. Hurst, of Wyandotte, a wealthy lumberman and land owner, has filed a trust deed upon all his real estate in this county to a total of \$514,000. Most of the creditors for whose benefit the deed is given are Michigan lumber dealers, with the exception of Nelson Holland, of Buffalo, who is secured for \$118,000.

To Test the Law.

HOLLAND, Mich., July 24.—In order to test the constitutionality of the new law the agent at Fennville for C. L. King & Co., basket manufacturers here, was sued for selling peach baskets contrary to its provisions. The suit went against the agent, and it has been appealed to the circuit court of Allegan county.

Drowned in Spread Eagle Lake.

IRON MOUNTAIN, Mich., July 24.—William Hosking, aged 23, and John Pascoe, aged 17, residents of Iron Mountain, were drowned in Spread Eagle lake by the capsizing of their boat. Pascoe's body has been recovered. Matt Karrelle of Kaukauna was drowned while bathing at Quinnes Falls.

Fell Heir to a Fortune.

ST. JOSEPH, Mich., July 24.—Mrs. A. Adams, an invalid who for years has been obliged to walk on crutches and has made a living as best she could, has fallen heir to \$50,000, and has received a check on the First National bank of Chicago for the amount.

Negroes Declare a Boycott.

DETROIT, Mich., July 28.—Because two of the sons of Martin Stogeman, a merchant of Allegan, in a public debate favored the colonization of negroes, the colored residents have declared a boycott on his place of business.

Rescuee Held To Be Valid.

DETROIT, July 28.—The franchise of the Detroit railway Tuesday held to be valid by a decision of the supreme court denying the right of the Detroit Citizens' Street Railway company to the exclusive use of the streets of this city, as claimed under an old ordinance.

UNTOLD MISERY FROM RHEUMATISM.

O. H. King, Water Valley, Miss., cured by Ayer's Sarsaparilla.

"For five years, I suffered untold misery from muscular rheumatism. I tried every known remedy, consulted the best physicians, visited Hot Springs, Ark., three times, spending \$1000 there, besides doctors' bills; but could obtain only temporary relief. My flesh was wasted away so that I weighed only ninety-three pounds; my left arm and leg were drawn out of shape, the muscles being twisted up in knots. I was unable to dress myself, except with assistance, and could only hobble about by using a cane. I had no appetite, and was assured, by the doctors, that I could not live. The pains, at times, were so awful, that I could procure relief only by means of hypodermic injections of morphia, and my limbs were languid in clay, in sulphur, in politics; but these gave only temporary relief. After trying everything, and suffering the most awful tortures, I began to take Ayer's Sarsaparilla. Inside of two months, I was able to walk without crutches, and in the course of a year, I was cured. My weight has increased to 165 pounds, and I am now able to do my full day's work as a railroad blacksmith."
