The way to build up Dallas is to patronize Dallas people.

FAVOR SHORT SESSION.

The Polk county members of the Oregon Legislature favor no new legislation at this time. Senator B. F. Mulkey says: "I think the occasion for calling us together being to correct an error in former legislation, the members would be very glad to adjourn as quickly as the error disappears. There is no occasion for new legislation. Besides business requirements at home are doubtless such that members would not care to spend more than the time necessary, which need perhaps be but two or three days at most."

Representative George L. Hawkins, who, by the way, is one of the seven members who voted against the passage of the new tax law, favors a session just long enough to re-enact the old measure. "I am unqualifiedly opposed to any general legislation at this time," said Mr. Hawkins yesterday. "I would oppose any effort to take up measures other than those designed to relieve the state from the unfortunate position in which it finds itself as to the levying and collection of taxes. This work should not require more than two or three days at the outside." Mr. Hawkins is not inclined to ask the Governor to call a special session, as he was in no way responsible for the passage of the law that has caused all the trouble. He worked and voted against any change in the old law, and believes that those who were responsible for the mistake of placing the defective measure on the statute books should take the lead in securing its repeal.

Joint-Representative B. F. Jones, of Polk and Lincoln counties, has signed a petition asking the Governor to call a special session, but is not in favor of any general legislation.

The people of Oregon can better afford to do without a special session of the Legislature than to have that body meet and indulge in general legislation at this time. No county is clamoring for any general legislation excepting Multnomah county, and the interests of the state should not be sacrificed to help Portland out of the dilemma in which she was placed by her own delegation. The country counties can get along without a special session, and we hope that the members living outside of Multnomah county will not longer allow themselves to be bulldozed by the Portland delegation. There has been entirely too much of this work in the past, and it is time for it to stop. The people of Oregon desire no legislation at this time farther than the repeal of the new tax law and the re-enactment of the old. If the legislators cannot see their way clear to carry out this wish and then promptly adjourn, they would better be kept at home.

Mrs. M. E. Weaver is now ready to receive orders for Oil Paintings, Portraits and Pyrographic work. Christmas orders should be left with her at an early date, to insure being filled. The grade of work being done at the Art Studio could not be purchased for twice the price in a larger city.

All Stuffed Up

That's the condition of many sufferers from catarrh, especially in the morning. Great difficulty is experienced in clearing the head and throat.

No wonder catarrh causes headache, impairs the taste, smell and hearing, pollutes the breath, deranges the stomach and affects the appetite.

To cure catarrh, treatment must be constitutional—alterative and tonic. "I was afflicted with catarrh. I took medicines of different kinds, giving each a fair trial; but gradually grew worse until I could hardly hear, taste or smell. I then concluded to try Hood's Sarsaparilla, and after taking five bottles I was cured and have had no return of the disease since." EDWARD FORBES, Lebanon, Kan.

Hood's Sarsaparilla
Cures catarrh—of stomach and strengthens the mucous membrane and builds up the whole system.

ARE RUSHING THE WORK

Rainy Weather Does Not Delay Construction of Dallas Water-works.

Work on the Dallas waterworks goes on steadily, despite the inclement weather. Rapid progress has been made in the construction of the system during the last two weeks, and it begins to look as if the plant will be ready for operation several weeks earlier in the Spring than was at first anticipated. Practically all of the material is now on hand, and Contractor H. V. Gates is personally supervising the work of rushing the plant to completion.

The 12-inch main between the reservoir and the edge of town, a distance of three-fourths of a mile, has been laid, and ditching in the streets of the city was begun Monday morning. The ground is in good condition for ditching, and dirt is being moved at a lively rate. The heavy rains have made the work of laying pipe very disagreeable, but several hundred feet of the 34-inch mains were put down this week. Much of the pipe in the mountains west of town is already under ground.

A gang of men was sent out to the hills this week to finish the ditch between the reservoir and the Hallock mill. Work on the conduit was suspended two weeks ago, in order to give the dipping crew a chance to get ahead with their work. All of the pipe is coated with hot asphalt both inside and out, before it is hauled out and distributed along the ditch, and as each section of pipe has to be kept in the boiling asphalt about thirty minutes before it is ready for laying, this part of the work is necessarily slow.

While the ditching and pipe-laying is in progress in the city, it will be necessary to close certain portions of the streets to travel, but the restrictions will be only temporary, and will cause no particular inconvenience to the traveling public or to any property owner.

Married.

VIGGERS-LYNCH—At the home of the bride's parents, Mr. and Mrs. I. V. Lynch, in Dallas, Oregon, Sunday, November 9, at 2 o'clock, Mr. Joshua Viggers and Miss Inez V. Lynch, Rev. A. A. Winter, pastor of the United Evangelical Church, officiating.

Only near relatives and intimate friends were present to witness the interesting ceremony that made these popular young people husband and wife. The bride was prettily gowned in cream laces, trimmed with lace, and carried a shower bouquet of white carnations. After the ceremony, the happy couple received the hearty congratulations of the guests, and refreshments were served. Mr. and Mrs. Viggers then drove to Salem, and on Monday morning went to Portland, where they will make their home for the present.

The invited guests were Mr. and Mrs. P. A. Stiles, Mr. and Mrs. D. A. Madison, Mr. and Mrs. Hinshaw, Mr. and Mrs. A. N. Holman, Mr. and Mrs. Alvis Lynch, Miss Sadie Siefarth, Miss Viola Shultz, Bert Stiles and Louis Muscott.

Frank Gibson, manager of the Rieckreath Flouring Mills, was in Dallas yesterday.

A game of basket ball will be played in the college gymnasium at 4:30 o'clock this afternoon by the Dallas College team and a team made up of teachers attending the County Institute. The members of the College team are Poling, Wilson, Ford, Teats and Launer. The teachers team is composed of former star players of Monmouth, Eugene and other school towns, and includes in its membership Allen, Ziegler, Byers, Seymour and Grover. A fast and exciting game is promised. No admission will be charged.

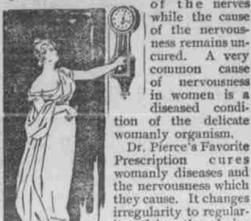

Ed Biddle, the Dallas foundryman and machinist, has again demonstrated his ability to do the most difficult repairing on short notice. Last week the collector ring on the incandescent dynamo gave out, and the new ring ordered from the East not having arrived, it was feared that the plant would have to be shut down. Wishing to avoid, if possible, this expense to the company and inconvenience to its patrons, Mr. Biddle was called to look at the machine in the hope that he might be able to make the needed repair. After making a thorough study of the worn-out portion of the machine, he returned to his shop and in a few hours manufactured a new ring to take the place of the old one. The dynamo is again working satisfactorily, and Manager Ellis is congratulating himself that he is doing business in a town that has a first-class machine shop and a competent man in charge of it.

Only Makes a Bad Matter Worse.
Perhaps you have never thought of it but the fact must be apparent to every one that constipation is caused by a lack of water in the system, and the use of drastic cathartics like the old fashioned pills only makes a bad matter worse. Chamberlain's Stomach and Liver Tablets are much more mild and gentle in their effect, and when the proper dose is taken their action is so natural that one can hardly realize it is the effect of a medicine. Try a 25 cent bottle of them. For sale by Wilson Drug Co.

ACKER'S DYSPEPSIA TABLETS are sold on a positive guarantee. Cures heartburn, retching of the food, distress after eating or any form of dyspepsia. One little tablet gives immediate relief. 25 cents and 50 cents. Belt & Cherrington, Dallas, Oregon.

A Nervous Woman

Will often feel compelled to stop the clock whose ticking seems unbearable to her. In such a nervous condition the woman needs a blinding up of the entire system. It is useless to attempt the cure of the nerves while the cause of the nervousness remains unremoved. A very common cause of nervousness in women is a diseased condition of the delicate womanly organism.

Dr. Pierce's Favorite Prescription cures womanly diseases and the nervousness which they cause. It changes irregularity to regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. It is a perfect tonic and nerve, tranquilizing the nerves, promoting the appetite and inducing refreshing sleep.

"When I first wrote you I had been to three different doctors and two of them said I would never get better without going to the hospital for an operation," writes Mrs. Selma Erickson, of 424 Rice Street, St. Paul, Minn. "Was unable to do anything. If I would get up and walk to the kitchen and back I would have to lie in bed for a day or sometimes two days. Now I have used six bottles of Dr. Pierce's Favorite Prescription and six of the Golden Medical Discovery, and the result is just wonderful. I was so nervous I had to have someone come to the time even in day time, and I could hardly eat anything. I took treatment from a doctor twice a week and every time I would go to the toilet I felt sick, but since I quit all the doctors and began taking your medicines I gained right along. I weighed 125 pounds, when I began taking your medicines (in August) and now I am up to my usual weight 165. I am as well and feel as good as ever."

Free, Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expenses of mailing only. Send at one-cent stamps for the book in paper covers, or 21 stamps for cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

FROM SOUTH AFRICA

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy they had the baby was cured in two months. This remedy is for sale by Wilson Drug Company."

Notice for Publication.

TIMBER LAND, ACT JUNE 2, 1878.
United States Land Office,
Oregon City, Oregon,
November 10, 1908.

Notice is hereby given that in compliance with the provisions of the act of Congress of June 2, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extended to all the Public Land States by act of August 4, 1892, Keri Klota, of Portland, county of Multnomah, state of Oregon, has this day filed in this office his sworn statement No. 633, for the purchase of the S. W. 1/4 of Section No. 26, in Township No. 7 S., Range No. 7 West, and will offer proof to show that the land sought is more valuable for timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at Oregon City, Oregon, on Friday, the 20th day of January, 1909.

He names as witnesses: Fred Haldeman, of Portland, Oregon; O. F. Leiser, of Portland, Oregon; Charles Ehlensberger, of Portland, Oregon; Charles Moll, of Portland, Oregon. Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 20th day of January, 1909.

R. R. Turner, of Corvallis, was a Dallas visitor over Sunday. Mr. Turner is engaged in the retail grocery business in the Agricultural College town.

Dallas was visited by a heavy windstorm Tuesday night. Houses were shaken, several telephone poles were blown down, and some damage was caused to shade trees. At Monmouth the fire-bell tower was upset, and a chimney at the State Normal School was blown over, crushing a hole in the roof. A cold rain accompanied the windstorm.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional condition, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.
