

Coffee

A roasted coffee bean is as porous as a sponge; it can't keep-in its flavor nor keep-out odors, if exposed to air. Leaving it whole, to be ground as used, doesn't keep it fresh.

The modern way, as used with Schilling's Best, is to grind it evenly, and pack it into airtight tins within an hour of roasting.

This means you get all the flavor of fine coffee with the bitterish chaff removed. Moneyback.

Sugar Factory Heads Coming—

Alex Nibley, secretary of the Oregon-Utah Beet Sugar company, passed through the city this morning on No. 13, en route to Medford, where he will join Frank S. Bramwell, field manager for the same company. The two gentlemen will come to Grants Pass either tonight or Tuesday morning, when the work of the campaign for the signing of acreage will be outlined and commenced. An active committee from the Commercial club will meet Messrs. Nibley and Bramwell on their arrival and will have direct charge of the local work.
